I received your message that you are inquiring about your claim against the government. At this time your claim is being held in abeyance. I have attached a letter that I sent to (b)(6) of Progressive on May 7, 2015. We have to hold your claim open until all claims for this incident have been received and can be reviewed by the Office of General Counsel (OGC) together as one incident. In your incident there were two vehicles involved, we must keep the claim open until we receive all claims related to this incident or until the statute of limitations has expired, whichever comes first.

I have cc'd (b)(6) on this email as he is my contact from Progressive. If I may be of further assistance please don't hesitate to let me know. Please reference claim number 2015030041-001 when inquiring about your claim.

Thank you

Amount: \$1,656.98  
Loss Date: 01/31/2015

Dear (b)(6)

The Albuquerque Service Center is in receipt of your subrogated claim for damages that allegedly resulted from a motor vehicle accident involving your insured, (b)(6) another vehicle and a Forest Service (FS) vehicle, at 905 West Alameda Street in Santa Fe, New Mexico (NM). Your claim included your insured's \$100.00 deductible expense. (b)(6)

We have been advised by our Office of the General Counsel (OGC) that insurance companies may only claim expenses they have actually incurred. Therefore, your insured must submit a separate claim for any out of pocket expenses and/or deductible expenses they incurred.

Before OGC can consider reimbursing your insured or any other party their out of pocket and/or deductible expenses they have incurred as a result of the aforementioned accident, they must complete and return the enclosed SF-95, *Claim for Damage, Injury, or Death*, to the letterhead address shown above. Your claim, along with your insured's claim, will be processed under the Federal Tort Claims Act (FTCA).

Additionally, Departmental policy requires that all claims arising from a single occurrence be held in abeyance until the full extent of the claims is known before adjudicating. The Forest Service anticipates receipt of more claims prior to the expiration of the two year statute of limitations under FTCA. Therefore, your claim may be held in abeyance until such time that the full extent of the claims arising from this incident becomes known.

Should you have questions about the claims process, do not hesitate to contact Claims Specialist Julia Scoville at [juliaascoville@fs.fed.us](mailto:juliaascoville@fs.fed.us) or 505-563-7315.

Sincerely,

A. LISA LUX  
Branch Chief, Claims/Claims Officer

Good Moring,

I am the claims examiner working on the claim against the government. I will require more information before I am able to process this claim for (b)(6) and (b)(6) (b)(6) (b)(6)

1. I had attached 2 SF-91's, one for each vehicle that was hit. On page 3 of each SF-91, I need to know from the driver/supervisor was (b)(6) within the scope of duty when the accident happened?

2. The attached witness statement doesn't say who the witness was, please elaborate.

(b)(6)  
(b)(6)

3. On the SF-91 it states that (b)(6) witnessed the accident, we will need a statement from him.

We need more information on whether (b)(6) was within the scope of his duty since he was in a parking lot of a shopping center.

## SECTION IX - FEDERAL DRIVER CERTIFICATION

In compliance with the Privacy Act of 1974, solicitation of the information requested on this form is authorized by Title 40 U.S.C. Section 491. Disclosure of the information by a Federal employee is mandatory as the first step in the Government's investigation of a motor vehicle accident. The principal purposes for using this information is to provide necessary data for legal counsel in legal actions resulting from the accident and to provide accident information/statistics in analyzing accident causes and developing methods of reducing accidents. Routine use of information may be by Federal, State or local governments, or agencies, when relevant to civil, criminal, or regulatory investigations or prosecutions. An employee of a Federal agency who fails to report accurately a motor vehicle accident involving a Federal vehicle or who refuses to cooperate in the investigation of an accident may be subject to administrative sanctions. I certify that the information on this form (Sections I thru VIII) is correct to the best of my knowledge and belief.

The insurer has partially paid on the claim, in the approximate amount of \$60,000. The remainder of the claim is being processed.

19. Do you carry public liability and property damage insurance? ☒ Yes If yes, give name and address of insurance carrier (Number, Street, City, State, and Zip Code). ☐ No

See above.

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

- (a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.
- (b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.
- (c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.
- (d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

STANDARD FORM 95 REV. (2/2007) BACK

## **Attachment One to Federal Tort Claim**

On June 26, 2011, a visibly diseased and dying aspen tree about 60 feet in height fell from private land onto high power electrical lines located in a right of way through the Santa Fe National Forest. The energized lines broke under the force of the falling tree and fell to the ground, igniting the surface vegetation and causing the Las Conchas Fire. This high severity fire burned approximately 156,000 acres of public and private land and took five weeks to extinguish.

The right of way through the forest was granted in 1995 by the U.S. Department of Agriculture, United States Forest Service (USDA/USFS) to the Jemez Mountains Electric Cooperative, Inc. (JMEC). Then, and at the time of the fire, the trees in the forest adjacent to the right of way were sixty or more feet high. Contact between falling trees and limbs and energized overhead wires was then and is now a well known cause of fire. According to sworn discovery responses by JMEC in a state action about the Las Conchas Fire, the USDA/USFS nonetheless determined and limited the right of way to an inadequate total width of 20 feet, leaving only ten feet separating power poles in the very center of the right of way from the much taller trees adjacent to and near the right of way. Further, the USDA/USFS' permit specified vegetation management standards which were too limited and inappropriate for the circumstances.

By doing these acts and omissions the USDA/USFS committed the torts of negligence, negligence per se, trespass, and nuisance. These acts and omissions of the USDA/USFS also violated 7 C.F.R. section 1728.20(a), applicable Rural Utilities Service (REA) specifications and drawings, and paragraph D18 of the subject permit and its underlying authority, which require the clearing width to be "that necessary for safe transmission."

**Claims Management**

Together with the acts and omissions of JMEC and others, these acts and omissions by the USDA/USFS were one cause, but not all causes, of the harm suffered by claimant. The harm suffered by claimant includes but is not limited to destruction and damage to real and personal property, tree and timber loss, erosion and flooding damage, habitat and environmental loss, business loss, and other related loss.

After the Las Conchas Fire was extinguished or burned out, the USDA/USFS engaged in the activities of seeding, mulching, and other activities to prevent flooding and erosion of some national forest land. However, the USDA/USFS unreasonably failed to engage in such activities and/or unreasonably engaged in inadequate and untimely efforts in national forest watersheds above the claimant's land, with the direct, natural, probable, likely and foreseeable result of periodic severe flooding and erosion of claimant's land, causing permanent damage to its land.

By doing these acts and omissions the USDA/USFS committed the torts of negligence, negligence per se, trespass and nuisance. Alternatively, these acts and omissions constituted a taking of claimant's land in violation of the Fifth Amendment to the Constitution of the United States.

Together with the acts and omissions of JMEC and others, the acts and omissions by the USDA/USFS were one cause, but not all causes, of the harm suffered by claimant. The harm suffered by claimant includes but is not limited to destruction and damage to real and personal property, tree and timber loss, erosion and flooding damage, habitat and environmental loss, business loss, and other related loss.

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

## PRIVACY ACT NOTICE

This Notice is provided in accordance with the Privacy Act, 5 U.S.C. 552a(e)(3), and concerns the information requested in the letter to which this Notice is attached.

A. **Authority:** The requested information is solicited pursuant to one or more of the following: 5 U.S.C. 301, 28 U.S.C. 501 et seq., 28 U.S.C. 2671 et seq., 28 C.F.R. Part 14.

B. **Principal Purpose:** The information requested is to be used in evaluating claims.  
C. **Routine Use:** See the Notices of Systems of Records for the agency to whom you are submitting this form for this information.  
D. **Effect of Failure to Respond:** Disclosure is voluntary. However, failure to supply the requested information or to execute the form may render your claim "invalid."

Re: *Withdrawal of Tort Claims*

Dear Ms. Connolly:

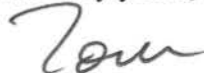

Please be advised the following claimants withdraw the tort claims filed in June 2013 with the USDA regarding damages caused by the Las Conchas Fire: Pueblo De Cochiti, Cochiti Community Development Corporation, BJD Realty Company, [REDACTED] individually and as trustee of the designated trust, [REDACTED] and [REDACTED] individually and as trustee of the designated trust.

(b)(6)

(b)(6)

The reason for the withdrawal of the claims is simple. Since the filing of the tort claims, the above persons and entities have pursued a case for damages caused by the Las Conchas Fire in New Mexico state court against Jemez Mountains Electric Cooperative, Inc., and Tri-State Generation and Transmission Association, Inc. Extensive pre-trial discovery has revealed these defendants, and not the USDA, are liable in tort for the fire. Accordingly, the claims are withdrawn.

Sincerely yours,

Thomas Tosdal

*Re: Withdrawal of Tort Claim By Jemez Pueblo*

Dear Ms. Connolly:

Please be advised the Jemez Pueblo withdraws the tort claim filed in June 2013 with the USDA regarding damages caused by the Las Conchas Fire.

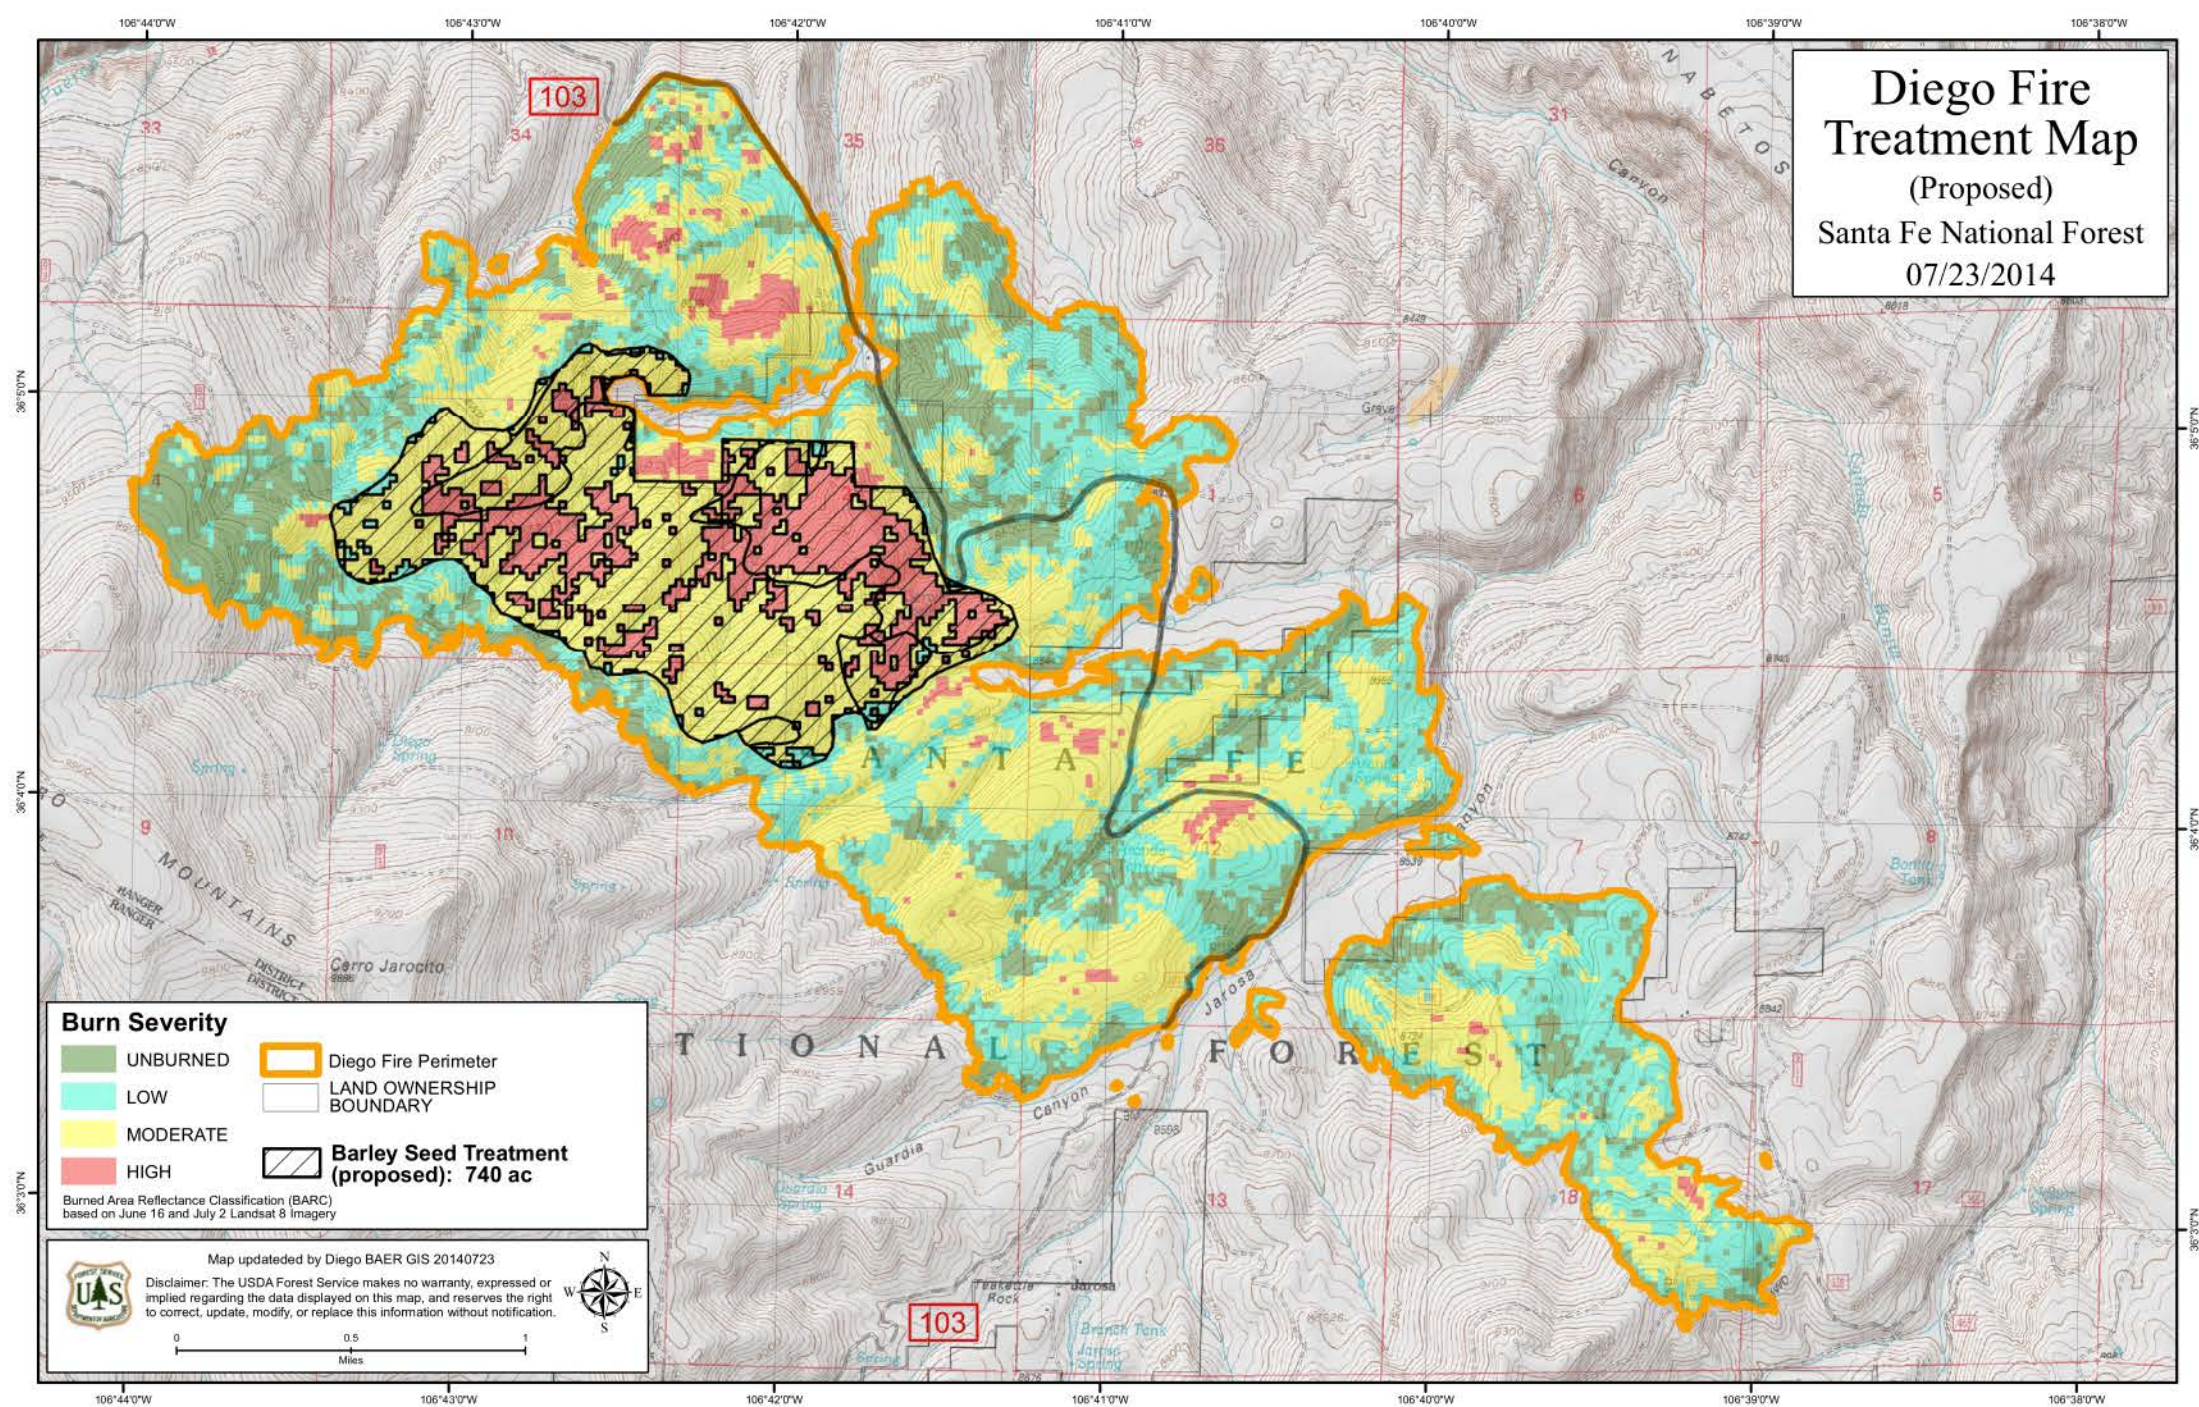

The reason for the withdrawal of the claim is simple. Since the filing of the tort claim, the Jemez Pueblo and other persons and entities have pursued a case for damages caused by the Las Conchas Fire in New Mexico state court against Jemez Mountains Electric Cooperative, Inc., and Tri-State Generation and Transmission Association, Inc. Extensive pre-trial discovery has revealed these defendants, and not the USDA, are liable in tort for the fire. Accordingly, the claim is withdrawn.

Sincerely yours,

Thomas Tosdal

Dear

This letter acknowledges receipt of your claim for property damage relating to the 2014 Diego Fire that occurred on the Santa Fe National Forest.

Claims asserting negligence on the part of the government fall under the Federal Tort Claims Act (FTCA), a law authorizing the government to compensate private citizens for personal injuries and property damage. The Act authorizes federal agencies to pay private citizens for these types of damages, if, the damages were caused by the negligence of federal employees while carrying out their government duties.

As an agency, the Forest Service (FS) does not have the authority to settle tort claims and is required to refer them to the U.S. Department of Agriculture, Office of the General Counsel (OGC) for determination. However, before we can do so in this case, evidence to support the claim, including documentation that you owned the property is required. The documentary evidence submitted must be in accordance with the provisions of 28 C.F.R. Part 14. Please send this documentation to the address indicated on the letterhead, ATTN: Loredia Brooks

Departmental policy requires that all claims arising from a single occurrence be held in abeyance until the full extent of the claims is known before adjudicating. The FS anticipates receipt of more claims prior to the expiration of the two-year statute of limitation under FTCA.

Once we have received and reviewed all the claims associated with the Diego Fire; gathered agency regulations, policy, and procedure applicable to the incident; and documented the agency's actions in the matter; we will submit the claims to OGC for determination.

When the OGC attorney assigned to the claims ultimately determines what, if any liability the FS has in the claims, he or she will issue either denial letters or offers of settlement. If the recommended settlements exceed \$100,000.00, the Department of Justice must approve the settlements before payment is made.

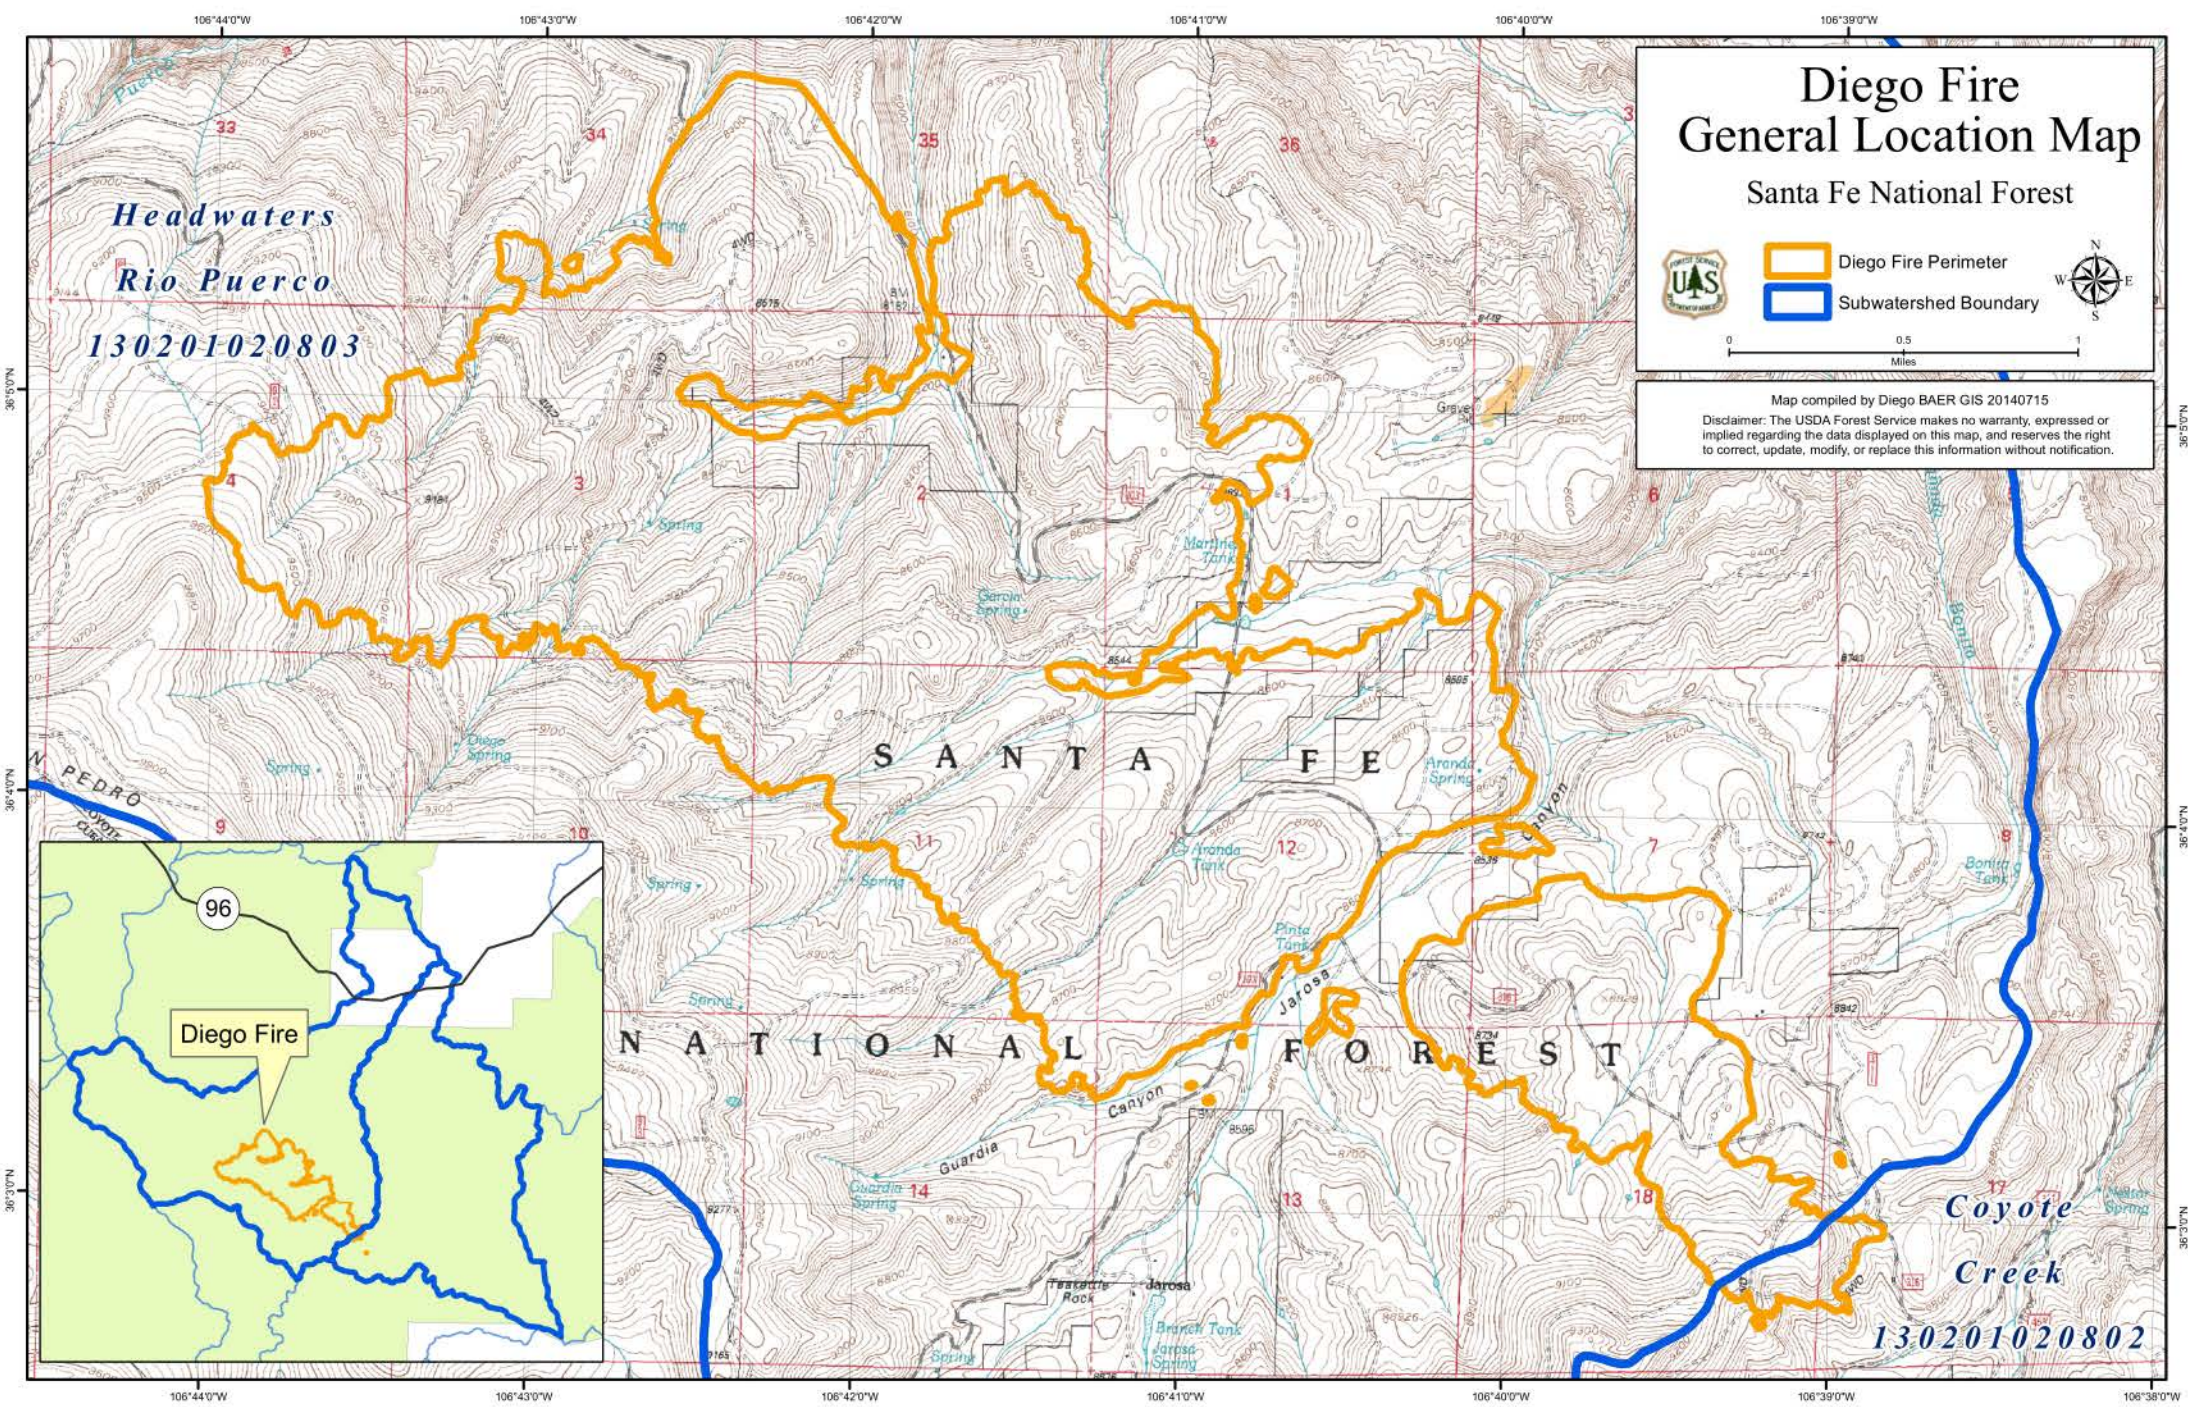

We hope this information is helpful to you. Should you have further questions regarding this claim, contact Loredia Brooks at (505) 563-7192 or via email at [lbrooks01@fs.fed.us](mailto:lbrooks01@fs.fed.us).

Sincerely,

A. LISA LUX

### INSURANCE COVERAGE

In order that subrogation claims may be adjudicated, it is essential that the claimant provide the following information regarding the insurance coverage of the vehicle or property.

15. Do you carry accident insurance? ☐ Yes If yes, give name and address of insurance company (Number, Street, City, State, and Zip Code) and policy number. ☐ No

16. Have you filed a claim with your insurance carrier in this instance, and if so, is it full coverage or deductible? ☐ Yes ☒ No 17. If deductible, state amount.

18. If a claim has been filed with your carrier, what action has your insurer taken or proposed to take with reference to your claim? (It is necessary that you ascertain these facts).

19. Do you carry public liability and property damage insurance? ☐ Yes If yes, give name and address of insurance carrier (Number, Street, City, State, and Zip Code). ☒ No

### INSTRUCTIONS

**Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.**

**Complete all items - Insert the word NONE where applicable.**

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

**Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.**

The amount claimed should be substantiated by competent evidence as follows:

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) **Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.**

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

## PRIVACY ACT NOTICE

This Notice is provided in accordance with the Privacy Act, 5 U.S.C. 552a(e)(3), and concerns the information requested in the letter to which this Notice is attached.

A good estimate for those logs, using Scribner's Decimal C, would be approximately 350 Board Feet each. We generally pay 35 cents per board foot for logs delivered to our yard. The total for those two trees would be around \$245.

I hope this helps,

[redacted] I attended this public meeting re: Las Conchas Fire. The focus of the meeting was to get clients (property owners) that were affected by the fire to sign up for representation on an individual basis. The law firm's main objective is to hold the power company, utility arborist and vegetation management contractors liable for damages. Question came up from attendees that they felt the FS was liable for some of the damages too why not go after them they have "deeper pockets". The lawyers response was if during their investigation that they find that the FS is liable they will hold them accountable too but the focus is on the power company. A ranchers question was about livestock. He lost cattle during a backfire operation. The advise was to put in a claim to the FS individually for the livestock. The rest of the meeting was a presentation on the roles and responsibilities of utility companies and power lines.

Hi [redacted]

I have a favor to ask; is it possible to have one of your officers attend a meeting being sponsored by the Branch Law Firm for the Las Conchas Fire Victims? The meeting is scheduled to be held on Saturday, November 19, 2011 from 10:00a to 1:00pm the Los Alamos Holiday Inn Express; 60 Entrada Drive (Main Hill Road), Los Alamos, NM (see attached advertisement that was in today's paper).

This particular law firm has filed a FOIA request and I anticipate the agency may be hit with tort claims related to this fire. Any assistance your officers can provide is appreciated.

Hello,

The financial plan is for the entire agreement, not day to day specific work. Kileen should have a copy of that as well and maybe ask her about an operating plan because I do not have one.

When this incident occurred I was simply in charge of lining up work and inspecting that it was completed correctly.

I do not know if the operating plan would go into detail for who is liable.

This may be a question for our grants and agreements person, Kileen Mitchell.

I remember you saying the claim is for \$200. If we want to make this simple, I could seek approval to give a job code to pay the claim.

I hope this helps somewhat.

Thanks

Dennis,

Thank you for the agreements.

I have a couple questions, in the original agreement on page 4 it talks about financial and operating plan? Are these plans written up for every time you use the inmates? Do these plans go into details on who is responsible for the damages caused by the inmates? If so I will need a copy of the one for this incident if possible.

The agreements I have don't explain liability for damages the inmates cause or damages to the inmates.

I realize you are on a fire assignment, so whenever you can get around to providing this is fine.

Thank you for your assistance.

If you have questions please call or email any time.

Dennis,

I was given your name from James Lerke. I am trying to get information on a claim that was filed with my office. [REDACTED] is claiming that 2 large live trees were cut down, without her permission. If you are able to either direct me to whom I need to contact or provide any of the information, that would be greatly appreciated.

I need information on who cut the trees and why, was it beautify the forest? Was the forest cutting the trees in an attempt to thin the National Forest to prevent future forest fires?

The incident happened on August 12, 2014 on the property line of [REDACTED] at [REDACTED]

The forest service employee who cut the trees, were they working in their job description and under a supervisors orders?

Copy - I am not familiar with any trees cut at that address.  
Utilizing Google Earth it appears as a completely different zip code and District (Jemez vs. Espanola) from the incident I am aware of, and additionally it was my understanding that resolution was already reached on the Jemez RD case last year.

I suspect this is a completely different situation based on the provided information...

Hi Julia,

The Jemez RD provided a complete package previously for a similar incident that occurred on the Jemez RD, however I believe at a different address. Is that her mailing address or physical where the trespass occurred?

I left the SNF in 2015, and the project record on site should have the information if this is the same incident.

Let me know, and I can try to find a point of contact back there-

To move forward in processing this claim, I am requesting your assistance in obtaining the following:

- Police report, ROI, IR, or any other investigative report and/or hazardous tree inspection report
- Witness statements as applicable
- FMMI WBS Element (shorthand code aka job code/override)
- Any and all information pertaining to this incident, including color photos

Hi Julia,

I apologize but have been on fire assignments since Aug 5<sup>th</sup>.

I have some internal emails from the field coordinator to forward and a few photos as attached.

Would you like me to forward the emails directly?

Thanks,

Todd

(b)(6)

Good morning,

I have been assigned the above-named claim for property damage in the amount of \$200.00, sustained from trees being cut near the Cerros Los Pinos area. The private party who lives at [REDACTED] claims that trees were cut down on August 12, 2014.

(b)(6)

To move forward in processing this claim, I am requesting your assistance in obtaining the following:

- Police report, ROI, IR, or any other investigative report and/or hazardous tree inspection report
- Witness statements as applicable
- FMMI WBS Element (shorthand code aka job code/override)
- Any and all information pertaining to this incident, including color photos

If you have any questions regarding this request, please don't hesitate to contact me.

Thank you.

*Re: Withdrawal of Tort Claim By Jemez Pueblo*

Dear Ms. Connolly:

Please be advised the Jemez Pueblo withdraws the tort claim filed in June 2013 with the USDA regarding damages caused by the Las Conchas Fire.

The reason for the withdrawal of the claim is simple. Since the filing of the tort claim, the Jemez Pueblo and other persons and entities have pursued a case for damages caused by the Las Conchas Fire in New Mexico state court against Jemez Mountains Electric Cooperative, Inc., and Tri-State Generation and Transmission Association, Inc. Extensive pre-trial discovery has revealed these defendants, and not the USDA, are liable in tort for the fire. Accordingly, the claim is withdrawn.

Sincerely yours,

Thomas Tosdal

Hi Roger,

As promised, here is an advance copy of the allegations of negligence purported by the claimants in the Las Conchas matter. (According to the attached, the tree that fell on the power lines was located on private property; however, the ROI indicates this tree was on NFS lands...)

Will keep you in the loop when I began working on the agency's response to the allegations. As mentioned during our telecon, I generally send an email to the FS for assistance in identifying the experts on his staff that can assist with the case. This way the FS is in the loop.

Thanks again for contacting me on this. Let me know if you have further questions

Honorable Jamie L. Whitten  
Chairman, Committee on Appropriations  
House of Representatives  
Washington, D.C. 20515

Dear Mr. Chairman:

In connection with the hearings on the 1983 appropriation bill, you requested REA to prepare a history of the accomplishments of the Rural Electrification Administration similar to the one the Committee requires the Farmers Home Administration to prepare each year.

Pursuant to your request, we are pleased to submit a "Brief History of the Rural Electrification and Telephone Programs" for the use of the Committee.

Sincerely,

HAROLD V. HUNTER

## HISTORY

The Rural Electrification Administration (REA) is a credit agency of the U.S. Department of Agriculture which assists rural electric and telephone organizations in obtaining the financing required to provide electric and telephone service in rural areas. These essential services **help** improve the quality of life for people who live, work, or do business throughout rural America. Financial assistance may include (a) loans from REA, (b) guarantees of loans made by others, and (c) REA approval of security arrangements which permit the borrower to obtain financing from other **lenders** without a guarantee.

REA was first established by Executive Order 7037 on May 11, 1935, as part of a general program of unemployment relief. **It** soon became clear, however, that the task of extending central station electric service to rural areas required very specialized skills (engineering, management, etc.) that would be difficult to attract **if** REA operated under the constraints of the unemployment relief authorization. REA was given its own statutory authorization by the Rural Electrification Act of May 20, 1936. **It** became part of the U.S. Department of Agriculture on July 1, 1939.

Federal support was needed to electrify rural America because most of the established utilities served high density areas and did not extend lines to farmers and other rural residents because such investments were not considered to be feasible.

When Congress established REA, its purpose was to assure that funds would be available for rural electrification. Loans were made at interest rates that fluctuated with the cost of money to the Government. **It** was not until 1944 that Congress established a fixed interest rate of two percent, which, at that time, was the approximate cost of money to the Government. **As** time went by and interest rates rose, the subsidy associated with REA loans grew. The difficult tasks involved with the initial organizing and **constructing** of rural electric systems was made possible by the availability of capital from REA, innovative construction techniques and the establishment of cooperatives, not by subsidized interest rates.

The purpose of REA was expanded in 1949 when REA was authorized to loan funds for telephone service in rural areas. **As** in the case of electricity, **it** became clear that rural residents would not have access to adequate and dependable telephone service unless Federal support was provided. Both the rural telephone and rural electric programs of REA have been very successful in achieving their goals.

During the late 1960s and early **1970s**, rural electric and telephone leaders came to realize that (a) their capital needs were growing at a very rapid rate and would very likely continue to grow, (b) **it** was no longer reasonable to expect the Government to meet all of their growing capital needs and (c) they had developed sufficient financial strength to obtain a portion of their capital needs from private sources. For these reasons, supplemental sources of financing were developed for both rural electric and telephone utilities.

The National Rural Utilities Cooperative Finance Corporation (CFC) was formed in 1969 by the rural electric cooperatives. It obtains funds from the private credit markets for its loans to electric systems. As of December 31, 1981, CFC had provided more than \$1.9 billion in long-term loans to its membership, which includes 862 systems. In addition to CFC, rural electric systems obtain loan funds from the Banks for Cooperatives and other private sources.

The Rural Telephone Bank (RTB) was established in 1971 by Public Law 92-12 which amended the Rural Electrification Act. It is the primary supplemental source of financing for the growing capital needs of rural telephone systems.

The Rural Telephone Bank is managed by a 13-member board of directors. The Administrator of REA serves as Governor of the Bank until conversion to private ownership, control, and operation. This will take place when 51 percent of the Class A stock issued to the United States and outstanding at any time after September 30, 1995, has been fully redeemed and retired. The Bank board holds at least four regularly scheduled meetings a year. Activities of the Bank are carried out by REA employees and the Office of the General Counsel of the U.S. Department of Agriculture.

In 1973, a major amendment to the Rural Electrification Act established the "Rural Electrification and Telephone Revolving Fund" (RETRF) for the purpose of making loans to REA electric and telephone borrowers. The amended Act established that loans to be made from the RETRF would be at a standard rate of five percent instead of the two percent rate at which REA loans had previously been made. The two percent rate was retained as a special rate for borrowers that met criteria specified in the Act. It was also available, at the Administrator's discretion, for hardship cases.

In addition to establishing the RETRF, and increasing the interest rate on REA loans, the 1973 amendment authorized REA to guarantee loans made by other lenders. Today these loan guarantees account for most of the loan funds obtained by electrification borrowers.

The 1973 Amendment to the Act states it is the policy of the Congress that "rural electric and telephone systems should be encouraged and assisted to develop their resources and ability to achieve the financial strength needed to enable them to satisfy their credit needs from their own financial organizations and other sources."

In 1981, Congress further amended the RE Act by eliminating the special two percent interest rate on loans to rural electric and telephone systems. Such utilities now receive loans at five percent from the RETRF, as do other borrowers. Exceptions to the five percent rate may still be made at the discretion of the REA Administrator where there is a finding of hardship.

## CHRONOLOGY OF LEGISLATIVE CHANGES

### RURAL ELECTRIFICATION ACT OF 1936 7 U.S.C. 901-950b

- 1935. The Rural Electrification Administration was created by Executive Order 7037 of May 11 under authority of the Emergency Relief Appropriation Act of 1935, approved April 8, 1935, (49 Stat. 115).
- 1936. Statutory provision for the agency was made in the Rural Electrification Act (RE Act) of 1936, approved May 20 (49 Stat. 1363; 7 U.S. Code, Chapter 31).
- 1938. Title IV of the Work Relief and Public Works Appropriation Act of 1938, approved June 21 ("RE Act of 1938," 52 Stat. 818) authorized further borrowing from the Reconstruction Finance Corporation and added a requirement that borrowers from REA agree to use materials and supplies produced in the United States.
- 1939. REA became a part of the Department of Agriculture under Reorganization Plan II, effective July 1.
- 1944. Title V of the Department of Agriculture Organic Act of 1944, approved September 21 (58 Stat. 739) liberalized the terms of REA loans and removed the time limitation from its lending program.
- 1944. On December 23, the Rural Electrification Act was further amended to authorize REA to refinance certain rural electrification obligations owed to the Tennessee Valley Authority (58 Stat. 925).
- 1947. The Department of Agriculture Appropriation Act, 1948, approved July 30, (61 Stat. 546) further amended the Rural Electrification Act by transferring from the Reconstruction Finance Corporation to the Secretary of the Treasury the authority to make loans to REA.
- 1948. On June 29, the Rural Electrification Act was again amended to authorize REA to refinance certain additional rural electrification obligations owed to the Tennessee Valley Authority (62 Stat. 1070).
- 1949. On October 28, the Rural Electrification Act was further amended to authorize REA to make loans for the purpose of furnishing and improving rural telephone service (63 Stat. 948).
- 1955. On June 15, the Rural Electrification Act was amended by revising the formula governing the allotment of electrification loan funds (69 Stat. 131).
- 1962. On October 23, the Rural Electrification Act was amended by broadening the definition of telephone service (76 Stat. 1140).

1971. On May 7, the Rural Electrification Act was amended to establish a Rural Telephone Account and the Rural Telephone Bank (85 Stat. 29; 7 U.S.C. 931-9506).
1972. On June 30, the Rural Electrification Act was amended to authorize the Secretary of the Treasury to purchase Telephone Bank debentures (86 Stat. 390; 7 U.S.C. 921b.)
1973. On May 11, the Rural Electrification Act was amended to establish a revolving fund for insured and guaranteed loans under Title III (87 Stat. 65; 7 U.S.C. 931-940.)
1975. On November 4, the Rural Electrification Act was amended to expressly authorize the assignment of REA guarantees to the extent provided in contract of guarantee, to clarify the incontestability of the Government guarantee, and to specifically require justification of budget estimates. (89 Stat. 677; 7 U.S.C. 936; 938; and 906.)
1976. On April 21, the "Fiscal Year Adjustment Act," amended the Rural Electrification Act to reflect necessary changes in laws because of the October-September fiscal year. (90 Stat. 375; 31 U.S.C. 701 note.)
1976. On October 20, the Rural Electrification Act was amended to correct unintended inequities in the interest rate criteria and to transfer the unobligated balance of the 1973 loan authorizations to the Rural Electrification and Telephone Revolving Fund. (90 Stat. 2701; 7 U.S.C. 931; 935.)
1977. On August 4, the "Department of Energy Organization Act," added section 16 to title 1, to require the Administrator when making or guaranteeing generation or transmission loans to consider general criteria published by the Secretary of Energy. (91 Stat. 608; 7 U.S.C. 916.)
1981. On August 13, the "Omnibus Budget Reconciliation Act of 1981," amended the Rural Electrification Act: (1) to establish a five percent interest rate, with certain exceptions, for loans from the revolving fund, and (2) to require the Federal Financing Bank to make a loan under an REA guarantee if requested by a borrower with such a guarantee. (95 Stat. 379; 7 U.S.C. 935, 936.)
1981. On December 22, the "Agriculture and Food Act of 1981," amended the Rural Electrification Act to extend for another ten years the authorization for Federal stock purchase in the Rural Telephone Bank. (95 Stat. 1347; 7 U.S.C. 946.)

“(1) has experienced extreme financial hardship; or

“(2) cannot, in accordance with generally accepted management and accounting principles and without charging rates to its customers or subscribers so high as to create a substantial disparity between such rates and the rates charged for similar service in the same or nearby areas by other suppliers, provide service consistent with the objectives of this Act.”.

(b) Section 306 of the Rural Electrification Act of 1936 (7 U.S.C. 936) is amended by—

(1) inserting immediately after the second sentence the following: “With respect to guarantees issued by the Administrator under this section, on the request of the borrower of any such loan so guaranteed, the loan shall be made by the Federal Financing Bank and at a rate of interest that is not more than the rate of interest applicable to other similar loans then being made or purchased by the Bank.”; and

(2) striking out “a loan insured at the standard rate” in the fourth sentence and inserting in lieu thereof “an insured loan”.

(c) Section 307 of the Rural Electrification Act of 1936 (7 U.S.C. 937) is amended by striking out “a loan insured at the standard rate” and inserting in lieu thereof “an insured loan”.

(d) The amendments made by subsection (a) of this section shall apply to loans the applications for which are received by the Rural Electrification Administration after July 24, 1981. 7 USC 935 note

## RURAL TELEPHONE BANK AMENDMENT

SEC. 1607. Section 406 of the Rural Electrification Act of 1936 (7 U.S.C. 946) is amended by—

(1) inserting in the second sentence of subsection (a) “but not later than fiscal year 1991” after “thereafter”, and striking out “\$300,000,000” and inserting in lieu thereof “\$600,000,000”; and

(2) striking out in the first sentence of subsection (c) “September 30, 1985” and inserting in lieu thereof “September 30, 1995”, and striking out “and after the amount of class A and class B stock issued totals \$400,000,000,”.

## PROGRAM ACCOMPLISHMENTS

### Extending and Improving Service

REA's programs have been very successful in extending electric and telephone service to persons in rural areas. By 1953 more than 90 percent of all farms in the U.S. had electricity; for telephone service, the 90 percent mark was passed in 1976.

In addition to financing the extension of electric and telephone service to rural areas, REA has provided credit to rural telephone utilities for system improvements that have dramatically upgraded the quality of telephone service in rural America.

Before the REA telephone program, rural telephone service was often antique:: and unreliable--even where it was available.

Today modern and reliable telephone service is available for people who live, work or do business in rural areas. The availability of modern communications systems has improved the quality of life of rural people and has strengthened their local economies. Improvement continues as more rural residents receive single party service.

### Meeting the Growing Demand for Service

Rural electric and telephone systems have been able to meet an ever increasing demand for service. Each year the number of households served by REA electric and telephone borrowers has increased. In the early years this growth was mainly due to service being extended to households that had never before had electricity or telephones. More recently the growth is primarily because of the rapid population increases that have occurred in rural America--particularly in "sunbelt" and western States.

Note: The number of consumers and subscribers served is approximately equal to the number of households and business establishments served.

In the case of electricity, the strong rural demand that has historically been experienced and met by rural electric utilities can be explained in part by the fact that alternatives to electricity are not available in many nonmetro-politan areas. for this reason electricity is used for home heating and major appliances to a greater extent in nonmetro than in metro areas. In the case of new housing, electricity is being used to an increasing extent.

Today the rural electric and telephone utilities that receive financing from REA have developed into strong business organizations. Although not large when compared with many urban utilities, they are vital components of their respective industries.

As of December 31, 1981, REA borrowers had received more than \$47.8 billion from REA loans, guarantee commitments and RTB loans. Loan guarantee commitments account for most of this financing, however, a large proportion has been provided by REA loans at the two percent and five percent interest rates.

Until the 1973 amendment to the Rural Electrification Act, virtually all financing to REA electric borrowers was supplied by direct REA loans at an interest rate of two percent. Since 1973 the amount of financing received by rural electric systems has increased greatly and most of this financing has been provided by non-REA sources, primarily the Federal Financing Bank (FFB), with an REA guarantee, at FFB's market rate of interest.

REA electric distribution borrowers receive most of their financing from REA at a five percent interest rate. The remainder is obtained from REA at interest rates as low as two percent (a very small amount since the 1981 amendment to the RE Act) and from non-REA sources such as the National Rural Utilities Cooperative Finance Corporation (CFC) and the Bank for Cooperatives.

REA electric power supply borrowers receive most of the financing approved by REA; almost all of this is provided **by** non-REA sources, mainly the Federal Financing Bank, with an REA loan guarantee. Since the 1973 amendment to the Rural Electrification Act, which gave REA the authority to guarantee loans made by other lenders, REA's program of financing for power supply projects has grown from a modest one to one of very large magnitude.

The number of REA electric borrowers has not changed much since about 1950. The small increases that have occurred during the last several years have been mainly because of the formation of new power supply systems that are wholly owned by REA electric distribution borrowers.

The number of REA telephone borrowers increased rapidly during the first 10-15 years of the program. The number of telephone borrowers continues to increase each year mainly because of initial loans to existing telephone utilities to extend and upgrade telephone service to rural subscribers.

\* Principal payments made ahead of schedule.

Each year since the Rural Electrification and Telephone Revolving Fund (RETRF) was established in 1973, REA has advanced more loan funds to its borrowers than it has received in payments on loans.

The RETRF obtains the additional funds necessary to meet advances and interest expenses from the U.S. Treasury, directly or through the Federal Financing Bank, at rates of interest greatly in excess of the interest rates charged borrowers.

When Congress created the REA loan program it did not provide an interest rate subsidy. Interest rates charged borrowers fluctuated with the cost of money to the Government. It was not until 1944 that Congress established a fixed interest rate of two percent, which at that time was the approximate cost of money to the Government. As time went by and interest rates rose, the subsidy associated with REA loans grew. During recent years there has been a significant widening of the gap between the cost of money to the Government and the interest rate charged borrowers on REA loans.

## BORROWER STATISTICS

Rural electric systems have historically had more rapid rates of increase in electric demand than the total electric utility industry. However, since 1973 growth in electric usage has declined for both REA borrowers and the total industry. Preliminary 1981 statistics show that the amount of electricity used by rural electric consumers grew by the lowest rate in the history of the program. Reduced load growth translates into reduced demand for loan funds to build new generating plants. This means savings for rural electric consumers.

Consumers served by rural electric systems have been charged increasingly higher prices for electricity since the early 1970s. These price increases came after a long period of steadily declining prices.

However, it is interesting to note that when inflation is adjusted for, there has been very little real increase in electricity prices to rural electric consumers--electricity remains a very good buy. Rural electric consumers are paying far less for electricity today in constant dollars than they were in the early days of the rural electric program.

\* Preliminary.

<sup>1/</sup> Current \$ = dollars of the year.

<sup>2/</sup> Constant \$ = dollars adjusted for inflation.  
The Consumer Price Index was used to convert current dollars to constant dollars.

Electric rates charged rural electric consumers have increased mainly because of sharp escalations in the cost of power. In most cases, increases in the costs of distributing power have been more moderate. The cost of power has risen mainly because of: (a) increasing fuel costs and (b) expensive new generating units that are coming on line.

The financial ratios of REA electric borrowers have declined substantially since 1974 when costs began increasing rapidly and were not matched by similar rate increases.

Strong financial ratios are important because they affect the cost at which REA borrowers are able to obtain funds from private sources.

\* Preliminary

Most of the revenue collected by REA electric distribution borrowers is used to pay for wholesale power. This component of cost has increased rapidly, and margins as a percent of total revenue have declined.

Interest expense represents only a small percentage of the revenue of distribution borrowers.

## ELECTRIC PROGRAM

Most of the power distributed by rural electric systems is purchased from investor-owned utilities (IOUs) and publicly owned utilities. However, there has been a long-term trend toward REA borrowers generating more of their consumers' power needs.

Selected operating ratios of borrowers for 1980 and the four prior years are presented below. The ratios of total operating revenues and net operating income or margin to average plant in service show an increase from 23.8 to 27.0 and from 5.2 to 5.9 respectively, in a comparison of 1976 with 1980. The ratios of maintenance and depreciation expenses have also shown increases in this period. The operating ratio in this five-year period has increased slightly from 88.3 in 1976 to 89.1 in 1980.

The major expenses of rural telephone borrowers have been relatively stable as a percent of their total revenue: there have been no dramatic trends among any of the major expense items.

Interest on long-term debt, like other items has been stable--accounting for about ten percent of telephone borrower revenue for the past twenty years.

## 1 Purpose

This bulletin contains guidelines related to electric borrowers' operation and maintenance (O&M) and outlines the Rural Utilities Service's (RUS) standard practices with respect to review and evaluation of O&M practices. 7 CFR 1730 contains the policies and procedures of RUS related to electric borrowers' O&M practices and RUS' review and evaluation thereof.

## 2 Borrower Guidelines

- a Records: Each borrower is responsible for maintaining records of the physical and electrical condition of its electric system. Any or all of these records may be reviewed by RUS during its review and evaluation. Such records include, but are not limited to:
- (1) Service interruption reports and summaries of experience (including power supply outages.)
  - (2) Overhead and underground line inspection and maintenance records, including pole inspection and line patrol records.
  - (3) Substation inspection and maintenance records.
  - (4) Recloser and sectionalizer records.
  - (5) Line Voltage regulator records.
  - (6) Distribution transformer records.
  - (7) Watt-hour and demand meter records.
  - (8) Right-of-way maintenance records.
  - (9) Line Voltage and current records.
  - (10) Up-to-date system maps.
  - (11) System losses.
  - (12) Idle services.

- (13) External system impacts (including EMF questions, stray voltage, radio and television interference, etc.)--records of inquiries and resulting actions.
- b Emergency Restoration Plan: Each borrower should have a written plan detailing how to restore its system in the event of a system wide outage resulting from a major natural disaster or other causes. This plan should include how to contact emergency agencies, borrower management and other key personnel, contractors and equipment suppliers, other utilities, and any others that might need to be reached in an emergency. It should also include recovery from loss of power to the headquarters, key offices, and/or operation center facilities. It should be readily accessible at all times under any and all circumstances. In addition, a borrower that is included in the North American Electric Reliability Corporation (NERC) Compliance Registry and required by its functional registration to develop and maintain a Restoration Plan, must comply with Federal Energy Regulatory Commission (FERC) approved Reliability Standards and all associated requirements associated with its Restoration Plan.
- c System Ratings: RUS Form 300, Review Rating Summary, includes a numerical rating system as follows:
  - 0: Unsatisfactory - no records
  - 1: Unsatisfactory - corrective action needed
  - 2: Acceptable, but could be improved - see attached recommendations
  - 3: Satisfactory - no additional action required at this time
  - N/A: Not applicable

Exhibit A provides a guide for the conditions normally needed to justify a rating of 3 for each of the items on RUS Form 300. The explanatory notes section of RUS Form 300 should include a list of all items rated as unsatisfactory (ratings 0 or 1) along with comments indicating the action or implementation that is proposed. This is in addition to the corrective action plan (CAP) required by 7 CFR 1730. Additional expenditures required for deferred maintenance should be indicated in the O&M Budgets, Part IV of RUS Form 300. These may be distributed over a period of 2 or 3 years as indicated on the form.

### **3 Review and Evaluation of O&M Practices by RUS**

- a RUS will conduct a periodic review and evaluation of each borrower's operation and maintenance programs and practices. The purpose of this review is to assess loan security and to determine borrower compliance with RUS policy as outlined in part 7 CFR 1730.
- b Distribution Borrowers: The General Field Representative (GFR) is responsible, within the GFR's assigned territory, for initiating and conducting a periodic review and evaluation of each distribution borrower's operation and maintenance

programs, practices, and records. This review and evaluation is to be done at least once every 3 years.

- c The GFR may inspect facilities as well as records, and may also observe construction and maintenance work in the field. Key borrower personnel responsible for the facilities being inspected should accompany the GFR during such inspections.
- d If adequate information is available, the GFR will complete the review and evaluation and consult with the borrower regarding its programs and records for operation, maintenance, and system improvements. The GFR's signature on the Form 300 signifies concurrence with the borrower's analysis, ratings, and explanatory notes unless indicated otherwise.
- e If adequate information is not available, the GFR's review and evaluation will be deferred until the borrower has remedied the deficiencies identified by the GFR.
- f Upon completion of the O&M review and evaluation, the GFR will communicate his/her findings to the borrower.
- g Power Supply Borrowers: The Power Supply Division (PSD) is responsible for initiating and conducting a periodic review and evaluation of each power supply borrower's operation and maintenance programs, practices, and records. PSD will consult with the borrower and arrange a scheduled time for the review and evaluation. PSD will determine the frequency of this review and evaluation.
- h The GFR will, upon request by PSD, assist in the review and evaluation, particularly with respect to transmission, subtransmission, and substation facilities.

**EXHIBIT A**  
**RUS FORM 300 RATING GUIDE**  
**CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3**

**PART I - TRANSMISSION and DISTRIBUTION FACILITIES**

**1. Substations (Transmission and Distribution)**

- a. Safety, Clearance, Code Compliance: No violations of RUS, NESC or NERC requirements of FERC approved Reliability Standards including clearance, separations or protection and control maintenance plans for any substation. All substations accessible by authorized personnel only. Operating manual available for each substation.
- b. Physical Condition: Structure, Major Equipment, Appearance: Rare instances of rust, weeds, dangerous insects, and bird nesting. No leaks, no temporary bus being used on an ongoing basis, only minor material associated with maintenance of the substation equipment stored in yard. No debris, no openings under fence greater than 3 inches (76 mm), no broken insulators, parallel power transformers properly fault protected. Circuit, phases & airbreak switch handles are properly identified.
- c. Inspection Records Each Substation: Written monthly inspection reports completed and reviewed by responsible personnel for all substations. Infrared inspection of all connectors at least every five years. Dielectric, dissolved gas, and interfacial tension (IFT) tests of oil filled equipment performed at least every five years or within one year of exposure to a through fault which causes the transformer protective devices to de-energize the transformer. Annual power factor test of all equipment rated 230 kV or above. Relays are functionally tested annually and cleaned, calibrated, and tested every three years.
- d. Oil Spill Prevention: Oil spill prevention and mitigation plans prepared and available for all substations.

**2. Transmission Lines**

- a. Right-of-Way - Clearing, Erosion, Appearance, Intrusions: No uncontrolled erosion. Gates or gaps at all fence crossings. Structures and lines not impacted by untrimmed right of way. Structures generally accessible by service vehicles. Right-of-way is maintained per the applicable NERC requirements of FERC approved Reliability Standards.

## CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3

- b. Physical Condition - Structure, Conductor, Guying: All structures vertical and guys taut. No broken insulators or crossarms, and no unauthorized attachments. Essentially all structures numbered. Structures and attachments conform to NESC requirements.
- c. Inspection Program and Records: Walking, riding, or aerial line patrol of all lines (including those on private right-of-way) performed at least annually. Records maintained for pole inspection and line patrol and deficiencies corrected on a timely basis. Above and below ground pole inspection performed on cycle based upon decay zone using experienced inspectors.

### 3. Distribution Lines - Overhead

- a. Inspection and Maintenance - Program and Records: Above and below ground pole inspection performed on cycle based upon decay zone using experienced inspectors. Records of all poles inspected, treated, rejected and changed out readily available in summary form. All overhead lines (including those on private right-of-way) patrolled annually (walking, riding, or aerial); more frequently if experience dictates. Records maintained for pole inspection and line patrol with deficiencies corrected in a timely manner. Pole and equipment changeout program in place to keep rejected poles and failed equipment to a minimum.
- b. Compliance with Safety Codes - Clearances: All facilities staked prior to construction by personnel familiar with NESC requirements. Line patrols identify changed conditions requiring greater clearances.

Compliance with Safety Codes - Foreign Structures: Utility has policy and practice of immediately remedying foreign structures which conflict with primary lines upon observation.

Compliance with Safety Codes - Attachments: All overhead attachments meet NESC separation and clearance requirements. Up-to-date joint-use and pole rental agreements are in effect. Unauthorized attachments and violations of the NESC promptly remedied.

- c. Observed Physical Condition from Field Checking - Right-of-way: Structures and lines not impacted by untrimmed right-of-way. Right-of-way re-trimming cycles to be dictated by local conditions.

Observed Physical Condition from Field Checking - Other: Rare instances of leaning poles, slack guys, broken grounds, loose hardware and superfluous material on structures. No broken crossarms or insulators, and no pole steps on wood poles. Installation of miscellaneous distribution equipment meets NESC requirements. Neutral properly identified when located on crossarm.

## CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3

### 4. Distribution - Underground Cable

- a. Grounding and Corrosion Control: Ground rods located at each transformer plus at least four per mile (1.6 km), not including grounds at individual services, in accordance with the NESC. Record system kept of visible cable condition when excavated. Periodic testing at selected locations of underground cable and grounding points for evidence of corrosion. Appropriate and timely actions taken to correct any unsatisfactory conditions.
- b. Surface Grading, Appearance: Rare instances of earth settling which could create hazards to the general public and timely action taken to correct any deficiency.
- c. Riser Poles; Hazards, Guying, Condition: Cut-outs mounted per RUS requirements. Riser cable covered with conduit to within 4 feet (1.2m) of the bottom of the potheads. Adequate surge protection installed.

### 5. Distribution Line Equipment: Conditions and Records

- a. Voltage Regulators: Voltage regulators inspected and maintained in accordance with the manufacturer's recommended timetable. Regulators checked for proper operation at least semi-annually. Knowledge of and compliance with EPA requirements with respect to PCB contaminated oil and equipment. Dielectric, dissolved gas, and IFT tests of oil filled equipment performed every five years or within one year of exposure to a through fault which causes the protective devices to de-energize the regulator.
- b. Sectionalizing Equipment: Oil circuit reclosers (OCR's) and breakers inspected and maintained in accordance with the manufacturer's recommended timetable. Records reflect inspection results, maintenance performed, and date.
- c. Distribution Transformers: Complete records kept as to size, location, and date installed. Knowledge of and compliance with EPA requirements with respect to PCB contaminated oil and equipment. Transformer loading analysis performed periodically as needed.
- d. Pad Mounted Equipment - Safety - Locking, Dead Front, Barriers: All padmount enclosures meet RUS dead-front requirements (secondary barriers, recessed penta-head nut, and separate pad-lock.) Grounding in accordance with RUS and NESC requirements. "Danger" signs inside all enclosures and "Warning" signs on the exterior in accordance with ANSI Z535.

## CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3

Pad Mounted Equipment - Appearance - Settlement, Condition: Rare instances of leaning or undermined enclosures. Prompt action taken to correct deficiencies.

- e. Watt-hour and Demand Meter Reading and Testing: All meters tested in accordance with state regulations (where applicable) or ANSI C12.1. PT, CT and demand meters are generally tested on at least a 3 year cycle. Complete records kept as to size, location, and date installed.

## PART II - OPERATION AND MAINTENANCE

### 6. Line Maintenance and Work Order Procedures

- a. Work Planning and Scheduling: All lines staked prior to construction by personnel familiar with NESC requirements. Work order inspections performed in accordance with 7 CFR 1724, Electric Engineering, Architectural Services and Design Policies and Procedures (i.e., within 6 months of completion of construction.) Utility promptly provides inspector with written notice that clean-up work has been completed. Construction Work Plan projects completed in time to meet load level requirements. New service connections completed in reasonable time frames.

Work Backlogs - Right-of-way Maintenance: Adequate resources being provided to address re-clearing on timely basis. Right-of-way re-trimming cycles to be dictated by local conditions. Right-of-way is maintained per the applicable NERC requirements of FERC approved Reliability Standards.

Work Backlogs - Poles: All reject poles replaced within 6 months of inspection. "Danger" and "Hazard" poles replaced as soon as possible.

Work Backlogs - Idle Services - Retirement of: Policy and procedures in place to address retirement of idle services so that ratio of idle services to total is less than 10% unless specific local conditions dictate otherwise.

Work Backlogs - Other: Job orders from line inspection completed in reasonable time frames.

### 7. Service Interruptions

- a. System Average Interruption Duration Index (SAIDI): Service continuity objectives are described in Section 5 of RUS Bulletin 1730A-119. For Form 300, Part II, 7(a), the "All Other SAIDI" classification will be the primary category for evaluation. The

## CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3

current guideline is an "All Other SAIDI" of 200 minutes or less for a "Satisfactory" rating of 3.

- b. Emergency Restoration Plan: Emergency restoration plan readily available and covers multiple scenarios, including loss of power to the headquarters, key offices, and/or operations centers.

### 8. Power Quality

General Freedom from Complaints: Minimal complaints with respect to television and radio interference, voltage flicker, neutral-to-earth voltage, harmonics, and EMF. Complaints generally resolved quickly and effectively. Summary of complaints maintained and analyzed periodically.

### 9. Loading and Load Balance

- a. Distribution Transformer Loading: Loading ratio (kVA to peak kW) may range from 2 to 4, depending upon levels of load management, seasonal customers, as well as other factors.
- b. Load Control Apparatus: Have records of individual controllers showing location, type of load being controlled, and any maintenance. Load control results summarized.
- c. Substation and Feeder Loading: All feeders balanced at each substation to within 20% during peak loads.

### 10. Maps and Plant Records

- a. Operating Maps - Accurate and Up-to-Date: Consumers can be identified by location with a set of maps carried by all service personnel. Maps depict roads, grid lines, waterways, railroads, and other landmarks necessary to locate consumers. Maps are of a functional size and permit location of consumers irrespective of date of service. Detail maps are current and up to date, generally 1 year old or less.
- b. Circuit Diagrams: Current and up-to-date map (generally 2 years old or less) depicting a multiple line layout of distribution facilities of the utility. The location and sizes of substations, line regulators, reclosers, capacitors, and substation boundaries are clearly

## CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3

shown. Primary voltage drops are indicated at the ends of primary feeder lines. All transmission lines are located and identified as to voltage and ownership.

- d. Staking Sheets: Staking sheets are prepared for projects prior to construction. The sketch and construction units are consistent. North arrow and grid reference are present. Spans lengths are correctly listed and all line angles and guy lead lengths are stated. Final staking sheets are consistent with the "as-built" conditions.

### PART III - ENGINEERING

#### 11. System Load Conditions and Losses

- a. Annual System Losses: System losses are appropriate for the conditions encountered. Reasonable efforts made to reduce system losses.
- b. Annual Load Factor: Load factor is appropriate for the conditions encountered, generally at least 45%. Reasonable efforts made to improve load factor, where possible.
- c. Power Factor at Monthly Peak: Each distribution substation maintains a power factor between 0.95 lagging and 0.95 leading at time of power supply coincident peak demand.

#### 12. Voltage Conditions

- a. Voltage Surveys: Sufficient number of recording and/or indicating voltmeters are available and utilized to monitor specific locations where voltage conditions warrant special attention. Annual graphs or statistical analyses are kept for each meter for the most recent 5 year period.
- b. Substation Transformer Output Voltage Spread: All substations include automatic voltage regulators or voltage regulating transformers. Each substation has continuous voltage recording which is monitored monthly by computer analysis. Regulated substation output voltage and line regulators are maintained so that acceptable service voltage is provided to all consumers.

#### 13. Load Studies and Planning

- a. Long Range Engineering Plan: System planning study is current, meets the requirements of 7 CFR 1710, can be used as a guide for preparing the next Construction Work Plan, and is prepared in accordance with RUS Bulletin 1724D-101A and per the applicable NERC requirements of FERC approved Reliability Standards.

## CONDITIONS NORMALLY NEEDED TO JUSTIFY A RATING OF 3

- b. Construction Work Plan: Work Plan is up-to-date, meets the requirements of 7 CFR 1710, and is prepared in accordance with RUS Bulletin 1724D-101B.
- c. Sectionalizing Study: System sectionalizing is reviewed and updated as needed concurrently with each Construction Work Plan and with significant change in fault current conditions.
- d. Load Data for Engineering Studies: A completely integrated data base automatically assigns consumers, and their load (kWh or kW) to specific geographical locations that are associated with specific distribution line sections. Data is sufficiently accurate that the difference between the calculated and measured substation kW is less than 5%. Per the applicable NERC requirements of FERC approved Reliability Standards.
- e. Power Requirements Data: Power requirements study is current and completed in compliance with the requirements stated in 7 CFR 1710.

## PART IV - OPERATION AND MAINTENANCE BUDGETS

### 14. Budgeting

Adequacy of Budgets For Needed Work: Utility prepares an annual budget with specific item quantities and dollars prior to the beginning of each year for each department. The O&M budget is broken down to show each program, the quantities of work to be accomplished and the timing during the year when the proposed work is to be performed.

### **Definition of Prudent Utility Practice**

**"Prudent Utility Practice" means (i) any of the practices, methods, and acts engaged in or approved by a significant portion of the electric utility industry in the country and geographic region where the Project is located during the relevant time period, or (ii) practices, methods and acts that, in the exercise of reasonable judgment on the facts known (or that reasonably should have been known) at the time a decision was made, could have been expected to accomplish the desired result at a reasonable cost consistent with good business practices, reliability, safety and expedition.**

# INSURANCE COVERAGE

In order that subrogation claims may be adjudicated, it is essential that the claimant provide the following information regarding the insurance coverage of the vehicle or property.

15. Do you carry accident Insurance? ☒ Yes If yes, give name and address of insurance company (Number, Street, City, State, and Zip Code) and policy number. ☐ No

A policy was in effect covering structures, fencing, and landscaping but there was no ranch policy.

Mountain States Mutual Casualty Co., 5051 Journal Center Blvd. NE, Albuquerque 87109

Policy number (b)(6)

16. Have you filed a claim with your insurance carrier in this instance, and if so, is it full coverage or deductible? ☐ Yes ☐ No 17. If deductible, state amount.

Deductible unknown at this time

18. If a claim has been filed with your carrier, what action has your insurer taken or proposed to take with reference to your claim? (It is necessary that you ascertain these facts).

A claim was filed for damaged fencing and landscaping around the home, which is still pending. No benefit have been paid as yet.

19. Do you carry public liability and property damage insurance? ☒ Yes If yes, give name and address of insurance carrier (Number, Street, City, State, and Zip Code). ☐ No

See 15 above for property and casualty.

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

## PRIVACY ACT NOTICE

This Notice is provided in accordance with the Privacy Act, 5 U.S.C. 552a(e)(3), and concerns the information requested in the letter to which this Notice is attached.

A. Authority: The requested information is solicited pursuant to one or more of the following: 5 U.S.C. 301, 28 U.S.C. 501 et seq., 28 U.S.C. 2671 et seq., 28 C.F.R. Part 14.

B. Principal Purpose: The information requested is to be used in evaluating claims.

C. Routine Use: See the Notices of Systems of Records for the agency to whom you are submitting this form for this information.

D. Effect of Failure to Respond: Disclosure is voluntary. However, failure to supply the requested information or to execute the form may render your claim "invalid."

## PAPERWORK REDUCTION ACT NOTICE

This notice is solely for the purpose of the Paperwork Reduction Act, 44 U.S.C. 3501. Public reporting burden for this collection of information is estimated to average 6 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Director, Torts Branch, Attention: Paperwork Reduction Staff, Civil Division, U.S. Department of Justice, Washington, DC 20530 or to the Office of Management and Budget. Do not mail completed form(s) to these addresses.

(b)(6) [redacted]  
Subject: Federal Tort Claims dated January 13, 2014

(b)(6) [redacted]  
Dear [redacted]

Your claim in the amount of \$ 15,000.00 has been referred to this office by the Forest Service for determination by a transmittal letter dated April 25, 2014.

Under the Federal Tort Claims Act, 28 U.S.C. §§ 2671-2680, the United States Government may be held liable for compensatory damages caused by the negligent or wrongful act or omission of a Government employee acting in the scope of his or her employment under certain circumstances. Your claim asserts that you have suffered damages from the loss of personal property, and emotional distress, when osha root in the trunk of your car was seized by New Mexico State officers, and then transferred to the Forest Service to be held as evidence in a federal criminal prosecution. Under 28 U.S.C. § 2680(c), the Federal Tort Claims Act does not apply to claims arising from the detention of property by a law enforcement officer, with limited exceptions that do not apply to your case. Therefore, you may not obtain compensation under the Federal Tort Claims Act for your claim that property is being improperly detained by Forest Service officers.

Furthermore, while you claim that the osha root was wrongfully seized from your vehicle, the osha root was not seized by a federal employee. The osha root was seized by State officers. You claim that the State officers improperly seized the osha root based on misrepresentations by a Forest Service officer who was not at the scene, and who did not participate in the seizure. However, the Federal Tort Claims Act also does not allow for payment of claims arising out of misrepresentations by a federal employee. 28 U.S.C. § 2680(h).

Your claim asserts that the osha root was not removed from federal property, but that assertion is disputed, and the dispute must ultimately be resolved by the Court in the criminal case. The osha root was held by the Forest Service as evidence based on probable cause to believe it is federal property that was unlawfully removed from National Forest land, in violation of federal laws and regulations at 16 U.S.C. § 551 and 36 CFR §§ 223.215, 223.216, 261.6(a) & (c), 261.10(k), and 261.9(a)&(b). Accordingly, your claim does not contain sufficient information to substantiate your claims that the osha root was improperly seized or held by a Forest Service employee, that you own or were in lawful possession of the osha root. Finally, your claim does not substantiate the value of any portion of the osha root that you claim to own, or the damages you are claiming for emotional distress.

On May 14, 2014 you pled guilty to charges of unlawfully removing the osha root from National Forest land. This contradicts any assertion that you were the owner of the osha root that was seized and held as evidence, or that the osha root was improperly seized and held.

Your claim is therefore denied. You are advised of your right to file suit in an appropriate Federal

District Court against the United States within six (6) months of the date of mailing of this letter if you are dissatisfied with this determination.

Sincerely,

Kenneth D. Paur  
Deputy Regional Attorney

(b)(6) Subject: Tort – [redacted]; Property Damage; \$5,000.00; Personal Injury \$10,000.00; October 12, 2013; Carson National Forest (NF); New Mexico; Southwestern Region

To: Kenneth D. Paur, Deputy Regional Attorney  
USDA – Office of the General Counsel

Enclosed is tort claim in the amount of \$15,000.00 filed by [redacted] for damages resulting from a search and seizure of stolen government property from his vehicle while travelling in the Carson NF on October 12, 2013. The Albuquerque Service Center received the duly filed claim on February 10, 2014. (b)(6)

(b)(6) **BASIS OF CLAIM:** [redacted] alleges that he suffered property damage as a result of actions by the FS. On October 12, 2013, he illegally harvested osha root (a medicinal plant) from the Carson NF, which was seized and confiscated by two New Mexico (NM) Game and Fish wardens at the direction of FS Law Enforcement Officer [redacted]. (b)(6);(b)(7)(C)

(b)(6) [redacted] also claims that he suffered personal injury in the form of emotional distress due to his family tradition being broken, his feeling unsafe in the forest, his fear of being profiled and (b)(6);(b)(7)(C) alleged false statements made by [redacted]. To clarify, the false statements that (b)(6);(b)(7)(C) [redacted] refers to is a statement made by [redacted] to the wardens, that osha root is illegal to harvest. (b)(6)

(b)(6) [redacted] provided an estimate from an Herb store indicating that the cost per pound for osha root is \$56.00. He also provided a hand-written statement showing that between 80 – 100 pounds of osha root came from his own property, and that the total comparable cost at an herb store would be between \$4,480.00 and \$5,600.00. (This is a contradiction to later claims that he picked some of the confiscated osha root in the forest.)

(b)(6) [redacted] provided a receipt from an integrated medicine provider totaling \$20.00, and two receipts of payment for counseling services; however, the name of the client and amount charged are illegible.

(b)(6) [redacted] also provided a utility bill addressed to a different individual in an attempt to provide proof of ownership of his residence. (b)(6)

**STATEMENT OF FACTS:** On October 12, 2013, at approximately 2:00 p.m., two NM Game and Fish wardens, [redacted] and [redacted] drove by [redacted] in his vehicle on FS Road 161 (Serpent Lake Road) in the Carson NF. [redacted] voluntarily stopped his vehicle. He was accompanied by two other passengers. The wardens began digitally recording the events that followed. [redacted] identified himself, as did his two other passengers; [redacted] and (b)(6) [redacted]. One of the wardens noticed two shovels in the rear of the car, partially (b)(6)

(b)(6) hidden. [redacted] stated that he had been digging osha root in the forest. When the wardens (b)(6) asked if he had a permit to dig, [redacted] responded that it wasn't required. [redacted] was (b)(6) asked to open his trunk, which he did. The trunk contained five feed bags filled with osha root. (b)(6);(b)(7)(C) One of the wardens contacted [redacted] regarding the harvesting of osha root on forest (b)(6);(b)(7)(C) property. [redacted] informed them that it was illegal to dig or be in possession of osha root that had been collected from a national forest. He then directed them to confiscate the bags of osha. Meanwhile, the other warden requested the identities of the three individuals. [redacted] (b)(6) and [redacted] were able to verify their identities; however, the third individual, who identified (b)(6) himself as [redacted], had no form of identity with him. After resolving the identity (b)(6) issue, the wardens released [redacted] and his companions and informed them that they might be facing prosecution by the FS.

(b)(6);(b)(7)(C) [redacted] interviewed [redacted] and [redacted] on February 13, 2014. [redacted] (b)(6) provided us with a recording of the interview. We requested the Memorandum of Interview from law enforcement; however, we have not yet received it.

On February 26, 2014, Claims Examiner, Marilyn McKnight, spoke with [redacted] who (b)(6);(b)(7)(C) provided some history between him and [redacted] which explained the claimant's motivation (b)(6) for filing a claim. They first discussed the fact that [redacted] was sharing details of the legal (b)(6) proceedings with the Claims Branch, despite Ms. McKnight's instructions to refrain from doing so. Ms. McKnight also mentioned that [redacted] referred to past confrontations between him (b)(6);(b)(7)(C) and the FS in his supporting documentation. [redacted] explained that on August 31, 2013, Labor Day Weekend, he and two NM Game and Fish officers confronted [redacted] and two (b)(6) other companions in the Pecos NF. They were approached by FS law enforcement because they were camping in an area closed off to the public. [redacted] and one of his companions were (b)(6) then ticketed for concealed weapons and ordered to appear in court. [redacted] responded by (b)(6);(b)(7)(C) filing a grievance against [redacted] for discrimination and harassment, which the officer was unaware of. Before appearing in court on November 13<sup>th</sup>, the incident involving the osha (b)(6);(b)(7)(C) root in the Carson NF took place, again, involving [redacted]. As mentioned previously, (b)(6);(b)(7)(C) [redacted] was not present during this incident, but was contacted by the wardens. He was (b)(6) not aware that [redacted] was the same individual he had ticketed on Labor Day Weekend. This (b)(6) point is stressed because [redacted] claims that the confiscation of the osha root was an act of (b)(6);(b)(7)(C) retaliation by [redacted] over the grievance.

(b)(6);(b)(7)(C) [redacted] went on to explain that, during an interview with [redacted], one of the (b)(6) individuals involved in the osha root incident, he confessed that he had falsely identified himself (b)(6) as [redacted] to the Game and Fish wardens. He was, in fact, one of [redacted] (b)(6) cousins, as was [redacted]. [redacted] stated that he was instructed to provide false (b)(6) identification by [redacted] because of pre-meditated plans to file a tort against the federal government due to other run-ins. He also claimed that [redacted] had been harvesting osha root (b)(6) for some time, which he would then turn around and sell to an individual in California. He stated that [redacted] had intended to pay him \$100.00 for his assistance on October 12<sup>th</sup>.

(b)(6);(b)(7)(C) [redacted] commented on [redacted] claim that he grows osha root on his property in (b)(6) New Mexico. According to the officer, the altitude and climate in that area could not sustain the growth of that particular plant.

(b)(6);(b)(7)(C) Following Ms. McKnight's conversation with [REDACTED] she received a letter from [REDACTED] (b)(6) [REDACTED] claiming that he never received the contraband osha root back from [REDACTED] (b)(6);(b)(7)(C) [REDACTED] supervisor and, as a result, he was not able to include it in his Christmas baskets to his family. He expressed distress over the fact that Christmas was not the same and that family members were asking for their osha root; that the breaking of the family tradition left him in a state of depression.

**FOREST SERVICE RECOMMENDATION:** We believe this claim is cognizable under the Federal Tort Claims Act (FTCA) (28 U.S.C. 1346, 2401, and 2671-2680), and request your review and determination.

(b)(6) [REDACTED] failed to substantiate his claim. We have made several requests for the required documentation, however, to date, have not received it.

In addition, the facts and circumstances related to this incident indicate no identifiable act of negligence on the part of the Forest Service or any of its employees. As a result, we recommend that this claim be denied.

(b)(6) [REDACTED] Appertaining to this claim, [REDACTED] will be facing federal prosecution for violation of Federal Regulation 36 CFR 261 Timber and Other Forest Products. Under this regulation, an individual is prohibited from cutting and removing any forest product, except as authorized by a special-use permit, contract, federal regulation or law.

We don't anticipate any other claims relative to this incident since [REDACTED] did not file a claim with his insurance company. (b)(6) [REDACTED]

Please call Marilyn McKnight at (505) 563-7582, or email [mamcknight@fs.fed.us](mailto:mamcknight@fs.fed.us), if you have questions relative to this claim.

## INSTRUCTIONS

Claims presented under Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involved more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY.

Failure to completely execute this form to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in Item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory for the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item #12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expensed actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damage, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

## PRIVACY ACT NOTICE

This Notice is provided in accordance with the Privacy Act, 5 U.S.C. 552a(e)(3), and concerns the information requested in the letter to which this Notice is attached.

A. Authority: The requested information is solicited pursuant to one or more of the following: 5 U.S.C. 301, 28 U.S.C. 501 et seq., 28 U.S.C. 2671 et seq., 28 C.F.R. Part 14.

B. Principal Purpose: The information requested is to be used in evaluating claims.

C. Routine Use: See the Notices of Systems of Records for the agency to whom you are submitting this form for this information.

D. Effect of Failure to Respond: Disclosure is voluntary. However, failure to supply the requested information or to execute the form may render your claim "invalid."

BACK

To whom this may concern,

(b)(6) My name is [redacted] and I have been going through a lot of emotional distress since my incident that occurred on October 12, 2013. I have been to the massage therapist at Mountain Spirits in Santa Fe a couple of times to try and relieve my stress. I have also received acupuncture as they said it may help with the eating disorder that I am going through. (I have lost about 20lbs. since my incident) Not only am I going through all this stress I am worried about going into the Forest and being profiled again. It has been a Family Tradition to enjoy Mother Nature and what it has to offer but now I feel stripped of that because I feel threatened to be in the forest.

I had my possessions taken from me because of false statements from the US Forest [redacted]

(b)(6);(b)(7)(C)

(b)(6);(b)(7)(C) I was at my ranch in (b)(6) NM harvesting osha root as it has been a family tradition for many years. I decided to go into the forest (about 20 minutes from my property) to collect a little more osha so I will complete my harvesting for the year and be able to give out Christmas presents to all my Family members. When [redacted] told the NMDGF officers it was illegal to possess any osha the officers confiscated all my harvest which included the one from my property.

I was profiled by the NMDGF officers from a previous incident about a month before that my cousin was involved in. The officers were questioning about what happened to my cousin and that he was lucky. I have the audio recordings from the IPRA report I requested from NMDGF.

(b)(6);(b)(7)(C) I filed a Grievance against [redacted] because of his behavior and harassment during his investigation from the first incident on Aug. 31 2013. This may be why he gave false information to the other officers and that is why they took my possessions.

During the Aug. 31 2013 incident I did inform all officers that we had harvested osha that day. Not at any time did any officer mention anything about the osha being illegal. I have the IPRA recording from this incident and you can hear me telling the officers about the osha that day.

(b)(6);(b)(7)(C)

(b)(6);(b)(7)(C) After the incident I contacted [redacted] Supervisor [redacted] about my osha from my property. I was trying to make my Christmas baskets and all I was missing was the osha. I never got a response from the Supervisor about getting my possessions back.

Christmas this year was not the same because I had no osha for my gift baskets as it has been a tradition for my family. I still have family members asking me for their osha for the year. I have no response for them and just get depressed again.

Thanks,

[redacted]

### STANDARD INCIDENT REPORT FORM

REPORTING OFFICER: (b)(6)

REPORT# 20131012.012.1

(b)(6) NATURE OF INCIDENT: Contact with (b)(6)

DATE: 10/12/13

TIME: 14:00

Location: UTM (b)(6)

#### SYNOPSIS:

(b)(6) I checked a (b)(6) on the (b)(6) road. He had 5 feed sacks of Osha root in the trunk of his car which he told me he had just dug up on the National Forest. I suspected that was illegal and contacted USFS (b)(6) by radio. (b)(6);(b)(7)(C) told me that it was illegal to dig Osha root on the National Forest and instructed me to collect the roots and the information of those involved which I did. This violation was turned over to (b)(6) for prosecution. (b)(6);(b)(7)(C)

#### DETAILS:

(b)(6) On 10/12/13 I was on hunt patrol on Forest Road 89 (Serpent Lake Trailhead) at about 14:00. As I was driving up the road a red car, which was travelling the opposite direction, stopped beside my truck on the narrow dirt road. The car voluntarily stopped and I did not initiate any of my emergency equipment (lights, siren or voice) or otherwise signal the vehicle to stop. I got out and contacted the driver who was later identified as (b)(6). I saw that there were 2 shovels in the rear seat of the car which were partially concealed by a sweatshirt, in what appeared to be an attempt to hide them from view. This was very suspicious to me since people do not regularly carry shovels in their cars and they also do not attempt to hide them from view. I was suspicious that the occupants may have been involved in illegal activity. I asked (b)(6) what they had been up to and he told me that they (b)(6) had been digging Osha root. I asked if he had a permit to do this on the Carson National Forest. He told me he did not. I asked how much he had and was told he had 5 bags. I asked if he would show me the Osha and (b)(6) responded "No problem" and opened his trunk where I saw 5 large bags filled with Osha root. I asked if there was anything else in the bags and was told there was not. I asked (b)(6) to show me the contents of the bags which he did again stating "No problem". (b)(6)

(b)(6) The National Forest normally requires a permit for any products which are harvested or collected from their lands. Since (b)(6) did not have a permit to dig Osha root I suspected the roots were illegally gained and possessed. I contacted Santa Fe (b)(6);(b)(7)(C) dispatch by radio and was able to make contact with (b)(6) of the US Forest Service. (b)(6) told me that it was illegal to dig or possess Osha root which had been collected on the National Forest. I asked (b)(6) what he would like done with the illegal roots. He told me to take the roots from (b)(6) and he would get them from me at a later date. He also asked if I could identify the suspects for him and to take photographs of the roots and of the driver of the vehicle. (b)(6);(b)(7)(C)

(b)(6) I informed (b)(6) that the roots were illegal according to the USFS Law Enforcement Officer. I collected all 5 bags of Osha root, which were contraband, for (b)(6) and all 3 occupants of the vehicle were identified for possible prosecution by the US Forest Service. Since one of the occupants of the car did not have any form of identification and was unable to correctly spell his name, and told me he had 2 dates of birth and 2 birth certificates I did not trust that the information he had given me as to his identity was correct. I also knew from previous experience that people who provide false information as to their identity are often wanted persons and/or are concealing their identity for other criminal reasons. I told (b)(6) that I needed his correct information because concealing his identity would result in his arrest. (b)(6) told me he could not remember his other date of birth. I told all 3 individuals that I needed to positively identify the man claiming to be (b)(6) (rear seat passenger). (b)(6) told me that he could call his wife and get the information from his driver's license if I would follow them down the road to get cell phone service. I agreed to follow (b)(6) and (b)(6) to (b)(6) where (b)(6) was finally able to call his mother for his correct date of birth. As we did this I held onto (b)(6) and (b)(6) identification cards until I was able to resolve the issue of (b)(6) identity. After speaking to the man's mother I was able to satisfactorily identify the man (although he had spelled his name incorrectly to me) and all 3 individuals were released after being told that they may face prosecution by the USFS. The contraband Osha root was turned over to (b)(6) of the US Forest Service on 10/17/13. (b)(6);(b)(7)(C)

(b)(6)

(b)(6)

I understand there was some confusion in regards to the location you were camped, if it was opened or closed by special order on Aug 31, 2013. That there was a lack of signage posted by the Pecos Ranger District. Posting of special order regulations falls within the purview of the District Ranger, in this case [redacted] Because of the confusion [redacted] left the area to obtain the correct info. He returned and informed you it was in fact closed, and used his discretion and did not issue you or your acquaintances violation notices. He instead allowed you to remain for the night and leave the next day.

(b)(6);(b)(7)(C)

You indicated you were harassed by [redacted] however being contacted by a law enforcement officer is not harassment. You were camped in a closed area and as such any law enforcement officer responsible for the enforcement of the closure would contact you [redacted] (b)(6);(b)(7)(C) [redacted] contacted dozens of other forest users on Aug 31, 2013, and you were not singled out. It was your activities which brought you into contact with law enforcement, and resulted in the issuance of violation notices. Again on October 12, 2013 it was your activity which brought you in contact with law enforcement, and would not constitute harassment.

(b)(6);(b)(7)(C)

On October 12, 2013 [redacted] was called by Game and Fish officers when you were contacted collecting Osha root in violation of Federal Law. The Osha root was seized by NM Game and Fish as evidence and turned over to [redacted]. The Osha root remains the property of United States Government as it was illegally harvested. This case remains under investigation, and an Officer with the Forest Service Law Enforcement and Investigations will be in contact with you in the near future.

(b)(6);(b)(7)(C)

As for the allegations that [redacted] gave false information over the radio to the Game and Fish Department about harvesting Osha. There is no where in the US Forest Service site that states it is illegal to harvest Osha in which [redacted] stated to [redacted] from the Game and Fish Department. These were false allegations and I think this was said in retaliation to filing a grievance. Can you please look into these allegations as I have filed a complaint with [redacted] supervisor [redacted] with the US Forest Service Department."

(b)(6);(b)(7)(C)

(b)(6);(b)(7)(C)

I found that [redacted] provided the Game & Fish officer with the correct information regarding the federal regulation (36 cfr 261.6) which addresses the collection of natural product, on US Forest Service lands on Oct 12, 2013. It is my understanding that on Nov 13, 2013 while in court you entered into an agreement with the AUSA that you would pay your violation notice from Aug 31, 2013 within 30 days. By entering into an agreement I am led to believe you did not wish to take your case to trial. If this is your desire I recommend you contact the AUSA office, as they are the prosecuting body for federal violations. Also [redacted] was unaware you had contacted me to file a complaint prior to your illegal activity on October 12<sup>th</sup>, as such he would have been unable retaliate against you.

(b)(6);(b)(7)(C)

I remind you that the removal of all natural product from National Forest System Lands, requires a special use authorization, as found in 36 CFR 261.6.

Sincerely,

(b)(6);(b)(7)(C)

Good Evening,

I had one more Question. What happens about the Osha I harvested from my (b)(6) NM that I had with me that day? I let the officers know that I harvested some of that Osha from my property.

I got the audio cd from the Public Records I requested from the NMDGF and it states when I let the officers know that some Osha came from my property down the road. That is when your officer stated that it was illegal to possess any Osha (not with or without a permit) so they took all my harvest from that day and the previous day. It is close to Christmas and that was supposed to be my present for all my Family members as a gift. This has been a tradition in my family for years and this year it will be ruined if I cannot give my Father's gift as we have been doing for years. I am going through emotional distress right now and hope to get the two gunny sacks that I harvested from my property.

I also have the Audio cd from the Aug. 31 incidents and it also states that we were picking Osha. How come we were not notified the first time about having to obtain a permit for harvesting Osha?

I will forward you both recordings if you would like me to so you can hear the actual footage.

Thank You

Subject: How to file a Grievance/Discrimination

Good Afternoon,

I spoke with you the other day about filing a grievance against an officer in the (b)(6) NM area.

This incident happened on the day of August 31, 2013 at approximately 4:30 in the afternoon. I was out on a hunting trip with my father and my cousin in the Davis Willow area when we were surrounded by US Forest Service and Game and Fish Law Enforcement Officers. As all eight or so officers jump out of there vehicles like we were all criminals, one of the was really being impolite and really rood to us. This officers name is (b)(6);(b)(7)(C) from the US Forest Service department. He had us lined up in front of the vehicles as if we had killed some body or done a vicious crime. They had told us we were in a closed area.

I had done all my homework before we went out spending hundred of dollars to go up to the mountains to have a good time with my father so I checked with the Pecos Ranger station to make sure all the areas were open to hunting and camping. They told me all the areas above Terrero is open for everything and below Terrero and Holy Ghost everything is closed ( I had spoke with two people that day at the same time) and I had also called Game and Fish that same day and they told me to check with the Forest Service as I had already done. Not only did I check with both of these departments I also went into the Santa Fe Forest Service Department on August 30, 2013 to purchase firewood permits in the same area. As before with the other calls I had done, the lady in the front office told me that all the area was open for fuel wood cutting, she gave me a map and never mentioned anything about anywhere being closed as I asked about five times. As confirmed by all three offices everywhere in the Davis Willow area was open.

After about an hour of being harassed and discriminated on, all the officers left our campsite and parked a little bit away. "The reason why I say discriminated is because we are all Hispanic". There were also more the six other campsites that were never approached by any these five vehicles. The officers finally came back about an hour later and told us that he would let us stay there the night but we would have to be out by 9 am. After all the vehicles left there was about five different campers in the area come up to us and ask what had happened. We let them know that the officers had told us the area was closed and we needed to move by the morning. None of the other campsites or campers ever got approached or even got told any of the information that we had just harassed and discriminated on by officer

(b)(6),(b)(7)(C) mostly. We also never saw any of the officers during the rest of the hunting trip and all the rest of the campers stayed where they were except for us (we had to move as told by (b)(6),(b)(7)(C)).

(b)(6),(b)(7)(C)

My Father and I have been hunting for most of my life and it has been a family tradition. After this incident has happened my Father does not even want to put in for hunting anymore especially with all the money we spend. With people like (b)(6),(b)(7)(C) in the field my family tradition has been ruined.

Since I have been back from this tragic incident I had heard from plenty other people telling me they have had bad run ins with this same officer. There is a petition going around in (b)(6) about this guy that I also have heard about and this I heard from your department.

Can you please send me the information on how I start to file a grievance in your department please.

(b)(6) You had also gave me the number to (b)(6) whom I had contacted and he said that this would be done through your department.

Thanks and have a great week.

I was at the Penasco Forest Department on Aug. 16, 2013 purchasing wood permits. I asked the two employees in the front desk about harvesting Osha root, they had no response about having to obtain any permit for it. As I left the office I felt it was just like picking pinion which needs no permit to harvest.

If this is the case I was informed wrong by the Penasco Department about harvesting Osha as it has been a family tradition for years. I have property in (b)(6) NM which contains some Osha but decided to go to the forest this day.

Also when we getting harassed in Pecos on Aug. 31, 2013 we should have been informed on this information as there is Osha in the Elk Mountain area. I had informed all the officers even (b)(6);(b)(7)(C) about having Harvested Osha a little that day also.

I think there needs to be more specific information and lists of any removal because this means you can't pick flowers or sheds from animals, etc..

Thanks,

Thank you Sir.

(b)(6)

I was also in the Carson National Forest this past weekend on Oct. 12, 2013 when [redacted] gave false information over the radio to the Game and Fish Department about harvesting Osha. There is no where in the US Forest Service site that states it is illegal to harvest Osha in which [redacted] stated to officer [redacted] from the Game and Fish Department. These were false allegations and I think this was said in retaliation to filing a grievance. Can you please look into these allegations as I have filed a complaint with [redacted] supervisor [redacted] with the US Forest Service Department.

Dear [redacted]:

We received your Standard Form 95 Claim for Damage, Injury, or Death on January 14, 2014. The Federal Tort Claims Act (FTCA) (28 U.S.C. 2401) provides payment to those who suffer personal injury, death, or property damage as a result of the negligence or other wrongful act of employees of the United States Government.

We have reviewed your claim along with other documents submitted, and have conducted two telephone conversations with you. The Federal Tort Claims Act is a negligence based statute. Therefore, can you please describe, in detail, how you suffered personal injury and property damage as a result of negligence by employees of the Forest Service?

Once you have provided us with this information, you must substantiate your claim by submitting the following:

For personal injury:

- Written report from attending physician or dentist stating nature and extent of injury, treatment, degree of temporary or permanent disability, period of hospitalization, and any diminished earning capacity.
- Itemized bills for medical, dental, and hospital expenses, or itemized receipts of payment.
- Statement of expected expenses if future treatment is necessary.
- Written statement from employer showing actual time lost, whether claimant is full or part time, and wages or salary actually lost.
- If self-employed, documented evidence of earnings actually lost.

For property damage:

- Proof of ownership.
- Detailed statement of amount claimed for each item of property.
- Statement of purchase price or salvage value.
- Itemized receipt of payment.

Upon completion of the above request, please send the information to Marilyn McKnight, Claims Specialist, at the letterhead address.

Should you have questions about the claims process, please do not hesitate to contact Marilyn McKnight at 505-563-7582 or by email to [mamcknight@fs.fed.us](mailto:mamcknight@fs.fed.us).

We received your Standard Form 95 Claim for Damage, Injury, or Death on January 14, 2014. As an agency, the Forest Service does not have authority to settle tort claims and is required to refer them to the USDA Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we request that you submit the following documentation and/or information:

1. Claims must be substantiated by evidence of the amount claimed. In support of your claim for property damage, please provide a detailed description of the property damaged and being claimed. Also, please provide receipts evidencing payment to remedy damages to the property. In support of your claim for personal injury, please provide medical documentation detailing the injuries. Also, please provide receipts evidencing payment for medical care and treatment.
2. Please provide a copy of any witness statements you may have.
3. Submit any additional evidence or information which may have a bearing on the responsibility of the Forest Service for the damages claimed

Upon completion of the above request, please send the information to Claims Specialist, Marilyn McKnight, at the letterhead address by **March 24, 2014**. Upon receipt, the claim will be processed and transmitted to OGC for review and determination. Please be advised that the OGC cannot approve payment for claimed damages that are insufficiently documented.

Should you have questions about the claims process, please do not hesitate to contact Marilyn McKnight at 505-563-7582 or by email to [mamcknight@fs.fed.us](mailto:mamcknight@fs.fed.us).

| <p>(b)(6);(b)(7)(C) FS [redacted] telephoned me on 2/26/14. We discussed my email informing (b)(6);(b)(7)(C) [redacted] that [redacted] was sharing details of the legal proceedings with Claims. I (b)(6) also told him that [redacted] keeps referring to other confrontations from the FS in his supporting documentation.</p> <p>(b)(6);(b)(7)(C) According to [redacted] on 8/31/13, Labor Day Weekend, he and two NM Game (b)(6) and Fish officers confronted [redacted] and his two companions on the Pecos NF. [redacted] (b)(6) and one of the others were ticketed and ordered to appear in court for concealed weapons. Before appearing in court on 10/15 or 11/15 [redacted] and two others were (b)(6) stopped in Carson NF by two Nm GF wardens. One individual was [redacted] girlfriend and (b)(6) the other verbally identified himself as [redacted] cousin. Possession of osha root was discovered. The wardens communicated with dispatch, which in turn communicated with (b)(6) [redacted] [redacted] did not know that [redacted] was one of the individuals he (b)(6) ticketed on 8/31. [redacted] instructed the wardens to confiscate the osha root.</p> <p>(b)(6);(b)(7)(C) [redacted] and other officer interviewed [redacted] and his girlfriend. [redacted] told him that (b)(6);(b)(7)(C) he was acquiring information related to the tort in order to obtain his cooperation. He (b)(6) believed [redacted] would have refused the interview otherwise. [redacted] believes this is (b)(6);(b)(7)(C) the reason [redacted] keeps trying to discuss the legal proceedings with us.</p> |                        |                             |                 |

(b)(6),(b)(7)(C) Also, [redacted] attempted to interview the other individual initially identified as [redacted] (b)(6)  
(b)(6),(b)(7)(C) cousin. When [redacted] visited him, he denied having been in the car on that day and  
that his other cousin falsely used his identity. (They were both cousins of [redacted] (b)(6)  
(b)(6),(b)(7)(C) When [redacted] checked, he found that the other cousin was on probation. He tracked  
down the other cousin and interviewed him. He admitted to having been at the scene  
(b)(6) with [redacted] when the osha root was confiscated and that he falsely identified himself  
(b)(6) as his cousin. He said that [redacted] instructed him to use his cousins identify because he  
(b)(6) [redacted] was planning to file a tort against the FS for other run-ins with them. The  
(b)(6) cousin also stated that [redacted] had been harvesting osha root for some time and selling  
it to someone in California. He also said that [redacted] intended to pay him \$100 for his (b)(6)  
(b)(6),(b)(7)(C) help that day. I asked [redacted] to forward me something with this information so that  
(b)(6) we can show that [redacted] had plans to file a tort before the osha root incident. [redacted] (b)(6),(b)(7)(C)  
(b)(6) agreed to forward me his interview with [redacted] cousin. He requested that I forward  
him the voice recording of his interview with [redacted] I replied that I will forward him (b)(6)  
all of the emails, including the voice recording.

(b)(6),(b)(7)(C) I told officer [redacted] that [redacted] mentions that the root was also harvested on his  
property in Las Aguitas.

(b)(6),(b)(7)(C) [redacted] placed a second call to me on same day (11:58 a.m.):

We had both researched the location. According to [redacted] (b)(6) [redacted] does not (b)(6),(b)(7)(C)  
have the altitude or growing conditions for growing osha root, which causes [redacted] to (b)(6),(b)(7)(C)  
believe that all of the osha confiscated was harvested from the forest.

(b)(6);(b)(7)(D)

(b)(6)

(b)(6)

[redacted] said that it would helpful to him if I was able to obtain an actual address, from [redacted] of his property in [redacted] so that law enforcement can confront him about the lack of growing conditions for the root. I replied that I would speak with the Sr. Claims Specialist about adding that request for information to a letter I was about to send to [redacted]

| SUMMARY:<br>Received call from claimant. He said that he had received the "letter" (2 <sup>nd</sup> RFI). He asked if I wanted him to email it or put it in the mail. I instructed him to mail it. He mentioned something about what he was mailing. I instructed him to substantiate his claim; for example, receipts for medical care and or records substantiating the treatment and receipts or other documentation substantiating the property that was damaged. He gave an example of his going to an herb store and buying an ounce of osha root and providing me with the receipt. I said that was fine. He also mentioned that he thought he could obtain information from the internet. I then told him that the information he had emailed me regarding the questioning from law enforcement was not necessary and that we only process the claim, that we are not involved in the legal proceedings. He replied that he understood. |                                |                                     |                                                                                                           |

| <b>SUMMARY:</b><br><p>Received call from claimant. He said nothing at first so I asked if he received our RFI letter. At first he said that he hadn't. I told him when it was mailed out and that it went by certified mail. He said that he had received it but that it was at work. I instructed him to submit what was requested in the letter. He then mentioned that (b)(6);(b)(7)(C) [Redacted] and another officer came to his house yesterday to interview him. He asked, "Do you know about that?" I told him that we are not involved in that process...that it was a separate issue and that we only process his claim. He said that he will follow up on the letter. I told him to be certain to follow the instructions and to submit what is requested so that we can process his claim.</p> |                        |                   |                 |

Hello Marilyn,

(b)(6);(b)(7)(C) violated 18 USC 641, Theft of Gov't Property (>\$1,000.00) which is a felony. However, the USAO wants to prosecute it as a misdemeanor under our CFRs. 36 CFR 261.9(b), removing any natural feature of the US.

47 lbs X \$87.00 / lb = \$4,089.00

I do not think we are going to seek restitution.

Court is scheduled for 5/14/14 at 0900 hours.

Attached is the incident report.

Hope this helps.

Take care,

Hello (b)(6);(b)(7)(C)

I guess the questions never stop.....sorry. I forgot to ask, if the FS is seeking restitution, can we receive a copy of that demand? Thanks.

Hello

(b)(6) I want to make you aware that (b)(6) does not seem have a clear understanding of the boundaries between legal proceedings brought against him by the FS and filing a tort against the FS. During one telephone conversation with Mr. (b)(6);(b)(7)(C) he mentioned that he and another individual was interviewed by two agents (you and (b)(6);(b)(7)(C)). He then asked if I knew anything about it. I advised him that we (Claims Branch) have no involvement in legal proceedings; that we just process his tort claim. He followed by emailing me (b)(6);(b)(7)(C) letter to him, the voice recording of the interview conducted by you and (b)(6);(b)(7)(C) and some other miscellaneous documents. During a second telephone conversation with (b)(6) I, again, had to impress upon him that the Claims Branch does not become involved with those legal processes.

(b)(6) Our Sr. Claims Specialist requested that I make you aware that (b)(6) is sharing this information with us. Please let me know if I can provide you with anything further. Thanks.

Greetings Marilyn,

Yes, on or about 10/12/13, I was contacted by a NMG&F Sergeant via Service radio regarding some violators he came in contact with on the Carson NF. The NMG&F Sergeant inquired if it was legal to harvest Osha Root w/o a permit on NFS Lands. I informed him that it was not legal w/o a permit and to please confiscate the illegally harvested forest product and obtain the violators information for possible LE action. I have not had any contact with (b)(6) regarding the Osha Root violation. As of the date of this email, no charges and/or tickets have been filed/issued for this violation. However, it is my intention to file felony charges for theft of government property in excess of \$1,000.00.

Let me know if I can be of further assistance.

Thank you,

(b)(6);(b)(7)(C)

Hello

(b)(6) I have been assigned the above claim involving [redacted] On 10/12/13 he, and three others, had been digging osha root illegally on the Carson NF. You were contacted at the time and prosecution was being considered. Were charges ever filed or do you anticipate charges being filed? Thank you.

Good Morning,  
Here was information I had gathered from what I had. Some of it was from the NMDGF because I never received an IPRA report from US forest Service. There are false statements included in their reports. Also the audio recording from when US forest [redacted] lies about Osha being illegal to possess so that was why the officers took my Osha from my property in (b)(6) NM.  
If you need anything else please just let me know.

(b)(6);(b)(7)(C) [redacted] Audio Recorded an interview with [redacted] and myself (b)(6)  
on 2-13-2014. I think this information can also be used if we can obtain it.

Thank You ,

I really wanted to thank you for getting my process started. It is very hard trying to figure out where to go when people are sending you to different departments.

I also have the Supervisors emails when I was trying to file a grievance and he turned my request down.

I have the audio CD in which I would like to send a copy of because this states when FS (b)(6);(b)(7)(C) lies about the possession of Osha Root. It also states when they profile me.

## PARTIAL OPENING OF SITES AFFECTED BY FIRES ON SANTA FE NATIONAL FOREST

**SANTA FE, NM—August 7, 2013**—Some areas of the Santa Fe National Forest affected by the Jaroso and Tres Lagunas fires are now open to the public. The area of Forest Service land within the Pecos Wilderness that was affected by the Jaroso Fire is now open with the exception of some seasonal trail closures and one seasonal site closure due to the potential for flooding. In wilderness, natural processes—even hazardous ones—are generally allowed to work without human intervention. Accordingly, even though the burn area is now open, areas that experienced extreme fire conditions present the public with numerous post fire hazards. These hazards include the higher potential for falling trees, unstable hillsides with rolling boulders and debris, collapsing soils where roots have burned out, numerous fallen trees on the trail, and the difficulty of navigation where the trail path may no longer be visible. Because of these hazards, it is recommended that the public avoid travel within these areas.

### List of trails within the Jaroso burn - **Not Recommended for Travel**:

- **Skyline Trail 251** from Horsethief Meadow to Pecos Baldy Lake
- **Rito Pero Trail 256** from the Jacks Creek Trail 257 to the Skyline Trail 251
- **Jacks Creek Trail 257** from the junction of the Dockweiler Trail 259 to Pecos Baldy Lake
- **Dockweiler Trail 259** from the junction of the Rito Pero Trail 256 to Sebadillosos Trail 245
- **Horsethief Meadow Trail 253** to the Capulin Trail 158
- **Sierra Mosca Trail 156** from the Capulin Trail 158 to junction of the Agua Sarca Trail 228
- **Capulin Trail 158** from Panchuela West to the Rio Medio – closed by debris since 2006

The following trails and site will be closed through the monsoon season (through September 30) due to risk of flooding from the Jaroso fire burn scar:

- **Cave Creek Trail 288** from Panchuela campground to the junction of Skyline Trail 251 south of Horsethief Meadows.
- **Rio Medio Trail 155** from Borrego Mesa to the junction of the 351 Trail to Trail Riders Wall.
- **Frijoles Trail 154** in its entirety, from the Forest Service boundary to the junction of Capulin Trail 158.
- **Capulin Trail 158** in its entirety, from the junction of the Frijoles Trail 154 to its junction with the Rio Medio Trail 155.
- **Forest Service Road 305** in its entirety, from Cowles Road 121 to its ending at Panchuela Campground.
- **Panchuela campground and trailhead**

As of Noon on Wednesday, August 7<sup>th</sup> New Mexico State Police lifted the closure on State Highway 63 north of Pecos, NM. Access is now available to most recreation sites on the Pecos Ranger District of the Santa Fe National Forest. Forest Service sites that are open and accessible in the Pecos Canyon include:

- Jacks Creek campground and equestrian area
- Iron Gate campground
- Cowles campground
- Cowles Pond fishing site
- Winsor trailhead
- Links Tract (Davis Willow) dispersed camping
- Forest Road 646 (Davis Willow road)
- Cowles Leased Cabins
- Winsor Summer Homes
- Grass Mountain Summer Homes

- More -

- Page 2 -

Despite the opening of Highway 63, the following areas in the Pecos Canyon will remain closed through September 30, 2013, due to potential flood impacts from the Tres Lagunas fire:

- Holy Ghost Canyon, including Holy Ghost campground and trailhead, and Holy Ghost recreation residences
- Lower and Upper Dalton day-use areas
- Field Tract campground
- Windy Bridge picnic site
- Forest Service lands within 100 feet of the water's edge of the Pecos River below the Tres Lagunas fire area

Although Highway 63 is now open, the public should use extreme caution while driving due to debris that has been flowing over the road from the Tres Lagunas fire scar. Debris flow from future rainfall is likely to cause intermittent closures of the road while NM Department of Transportation (DOT) crews work to clear the road. To report flooding over Highway 63 call the NMDOT at 505-617-5700.

For questions about the availability of NM Game and Fish properties in Pecos Canyon, please call the NM Game and Fish at 888-248-6866.

## STANDARD INCIDENT REPORT FORM

REPORTING OFFICER: \_\_\_\_\_

REPORT# 20131012.036.1

NATURE OF INCIDENT: Hunt Patrol on Forest Service Road 161, Mora County, NM  
DATE: 10/12/2013 TIME: 2:30 PM

### SYNOPSIS:

On Saturday, October, 12, 2013, I was conducting hunt patrol with New Mexico Department of Game and Fish Sergeant (b)(6),(b)(7)(C) on Forest Service Road 161 in Mora County, New Mexico. We contacted (b)(6),(b)(7)(C). The three individuals had been digging Osha roots on the Carson National Forest without a permit. The Osha roots were seized and turned over to Forest Service Law Enforcement (b)(6) for prosecution.

### DETAILS:

On Saturday, October, 12, 2013, at approximately 2:30 PM, New Mexico Department of Game and Fish (NMDGF) (b)(6) and I were conducting hunt patrol in the Carson National Forest on Forest Service Road (FS) 161 in Mora County, New Mexico. We contacted a red four door passenger car with three adults, later identified as (b)(6). (b)(6) occupying the vehicle. Digital audio recording was started. NMDGF (b)(6),(b)(7)(C) asked the occupants of the vehicle if they had been elk hunting. (b)(6) stated that they were not elk hunting, but had been digging Osha roots on the Carson National Forest. NMDGF (b)(6) then asked (b)(6) if he had a permit to dig Osha roots. (b)(6) stated that he did not have a permit to dig Osha roots, but had talked to the forest service and was told a permit was not needed for digging Osha roots. (b)(6) stated the Osha roots were in the trunk. (b)(6) voluntarily opened the vehicle's trunk and showed NMDGF (b)(6) five feed bags full of Osha roots. NMDGF (b)(6),(b)(7)(C) contacted Forest Service Law Enforcement Officer (b)(6),(b)(7)(C) to get the details on digging Osha roots on National Forest property. (b)(6) informed NMDGF (b)(6) that a permit is need for digging Osha roots on National Forest property. NMDGF (b)(6),(b)(7)(C) informed (b)(6) that a permit was needed to dig Osha roots on National Forest property and that we were going to seize the five bags of Osha roots per (b)(6),(b)(7)(C) request. NMDGF (b)(6) told (b)(6) he would be turning the Osha roots over to the Forest Service Law Enforcement and they may be filing charges. NMDGF (b)(6),(b)(7)(C) obtained driver's licenses from (b)(6) but (b)(6) did not have valid identification. NMDGF (b)(6),(b)(7)(C) obtained (b)(6) full name and date of birth. Using NMDGF Santa Fe Radio Dispatch, NMDGF (b)(6) verified (b)(6) and (b)(6) identification. Using (b)(6) name and date of birth, NMDGF Santa Fe Radio Dispatch was unable to find his information. NMDGF (b)(6),(b)(7)(C) asked (b)(6) for his date of birth again. (b)(6) stated that he was unable to remember his actual date of birth. (b)(6) needed to make a call to his wife or mother to get his birthdate. There was no cell service on FS Road 116. All parties traveled approximately 2 miles south on FS Road 116 to New Mexico Highway 518 to acquire cell service. (b)(6) made a call and obtained his birthdate. NMDGF (b)(6),(b)(7)(C) determined (b)(6) identity.

At approximately 3:00 PM, we left the scene. Digital audio was stopped.

Good Morning,

Here was information I had gathered from what I had. Some of it was from the NMDGF because I never received an IPRA report from US forest Service. There are false statements included in their reports. Also the audio recording from when US forest [redacted] lies about Osha being (b)(6);(b)(7)(C) illegal to possess so that was why the officers took my Osha from my property in (b)(6);(b)(7)(C) NM. If you need anything else please just let me know.

(b)(6);(b)(7)(C) [redacted] Audio Recorded an interview with [redacted] (b)(6) and myself on 2-13-2014. I think this information can also be used if we can obtain it.

Good Morning,  
I was just wanting to see if you received the information that I sent via email and USPS.  
Thanks,

Good Morning,  
Here is the electric bill from our property in (b)(6);(b)(7)(C) NM. Also Attached are a few receipts from my councilor and therapist. I can send them in the mail if you would like me to.  
Thanks and have a great day!

Hello

I guess the questions never stop....sorry. I forgot to ask, if the FS is seeking restitution, can we receive a copy of that demand? Thanks.

Kristen, attached are some photos of the location of the culvert on SR110/NFSR 559. The 3<sup>rd</sup> photo shows where the fill starts dropping off toward the outlet of the culvert. This is not considered the edge of the road travel way. It is considered the edge of the road fill and do not coincide with each other. In researching our FS manual and handbook as well as the MUTCD (Manual on Uniform Traffic Control Devices), there is no requirement to place object markers at locations of culverts on Low Volume Roads. The ac

As you can see in the photos, in order for the trailer wheels to go down into the culvert outlet and damage the undercarriage, it would be well beyond the edge of the road fill which means well beyond the road travelway. There is driver responsibility to understand the minimum turning radius and tracking of wheels needed for their particular vehicle and trailer set up. For the wheels of the trailer to go off the edge of the road fill and damage the undercarriage

(b)(6)

Subject: Claim for Property Damage \$1,000.00; July 18, 2013; Southwestern Region,  
Carson National Forest, El Rito Ranger District

(b)(6)

Dear

I have reviewed your claim in the amount of \$1,000.00 for property damage sustained to a trailer you were towing into the El Rito Campground. You claim your trailer fell into a culvert that was not marked and was concealed by weeds.

Unfortunately, I must deny your claim. There is no evidence that indicates the negligence of a Forest Service employee caused damage to your trailer. The El Rito Campground is a developed campground that offers only basic amenities. It is located off SR110/FR 559. An agreement exists between Forest Service and Rio Arriba County that states that SR110/FR559 is under the jurisdiction of Rio Arriba County. Forest Service does not have duty to mark the culvert your trailer fell into.

The Federal Tort Claims Act (28 U.S.C. § 2671 et seq.) only provides a remedy to those who suffer personal injury or property damage as a result of a negligent or wrongful act of an employee of the United States. As you have not presented any evidence of negligence or wrongdoing by a government employee, regretfully, I cannot allow your claim.

(b)(6) Subject: Tort - [redacted]; \$1,000.00; July 18, 2013; Southwestern Region,  
Carson National Forest, El Rito Ranger District

To: Kenneth D. Paur, Deputy Regional Attorney

(b)(6) Enclosed is a tort claim for property damage resulting from a single-vehicle accident. The claim, in the  
amount of \$1,000.00, was submitted by [redacted] and the Albuquerque Service Center  
received the duly filed claim on March 31, 2014. (b)(6)

**BASIS OF CLAIM:** On the evening of July 18, 2013, [redacted] arrived at the El Rito  
Campground, located within the Carson National Forest in Rio Arriba County, New Mexico. [redacted] and  
(b)(6) [redacted] were towing a fifth wheel travel trailer and as they turned into the campground their travel  
trailer fell into a 3 1/2 foot ditch, bending the trailer's rear steps and damaging the right rear J-wrap side  
(b)(6) panel. [redacted] allege the damage was a result of the culvert located at the campground's  
entrance, as it was not marked and was concealed by weeds.

(b)(6) On Saturday, July 20, 2013, a Forest Service (FS) employee stopped at El Rito Campground to inquire  
about a nearby tree that had recently been cut. [redacted] informed the FS employee of the incident  
that had occurred a few nights earlier and she explained that one of the other campers had brought a log  
over in an effort to help get the travel trailer out of the ditch. [redacted] stated that she was initially  
unaware of the fact that the log had come from a fresh cut tree. (b)(6)

(b)(6) The FS employee suggested that [redacted] contact the police to file a police report but was  
informed that wasn't necessary as they had been in other accidents and had been able to file a claim with  
their insurance company without a police report. However, [redacted] did not file a claim  
(b)(6) with their insurance company in connection with this particular incident. [redacted] have  
provided a New Mexico Certificate of Vehicle Registration as proof of ownership for the travel trailer.  
(b)(6) In support of the amount claimed, [redacted] have submitted receipts totaling \$952.91, which  
includes parts and labor. (b)(6)

**STATEMENT OF FACTS:** The El Rito Campground is a developed campground that offers only  
basic amenities. It is located just off SR 110/FR 559<sup>1</sup>, between El Rito, New Mexico and Canjillon,  
New Mexico. The FS employee who made contact with [redacted] was Fire Protection Officer (b)(6)  
(b)(6) [redacted] who later referred the matter to FS Law Enforcement Officer [redacted] On July  
(b)(6);(b)(7)(C) 31, 2014, [redacted] travelled to the El Rito Campground and upon arrival, he examined the culvert  
(b)(6);(b)(7)(C) and the roadway. [redacted] noted that the drop from the roadway to the bottom of the culvert was  
(b)(6);(b)(7)(C) approximately 2 feet. [redacted] further noted that the campground's entrance appeared wide enough  
for the pickup and trailer to have made the turn without falling into the ditch as he has observed camper  
trailers in this location on numerous occasions through the years. When [redacted] returned to his  
(b)(6);(b)(7)(C) office, he contacted (b)(6) Forest Engineer with the Carson National Forest, and requested  
information pertaining to ownership and maintenance responsibilities of SR 110/FR 559.

<sup>1</sup> The road name is Canon de Rito and road numbers SR 110, CR 280, and FR 559 are used interchangeably.

(b)(6);(b)(7)(C) In response to [redacted] request, (b)(6) provided a Declaration of Vacation and Abandonment, dated November 5, 1982. The declaration indicates that SR 110 was vacated and abandoned from New Mexico's highway system and as a result, the road reverted back to the jurisdiction of Rio Arriba County. (b)(6) also provided a copy of the Forest Road Agreement between the FS and Rio Arriba County, dated July 8, 1985. The purpose of the agreement was to set forth the general terms and conditions for the cooperative planning, survey, design, construction, reconstruction, improvement and maintenance of certain Forest Development Roads in Rio Arriba County, which includes SR 110/FR 559. According to the agreement, Rio Arriba County and the Carson National Forest each agreed to blade the road in its entirety at least once per year. Because SR 110/FR 559 is under the jurisdiction of Rio Arriba County, the county is responsible for all other road maintenance, including mowing and the maintenance of drainage structures such as culverts.

According to information provided by District Ranger (b)(6), SR 110/FR 559 was thought to be a forest road for many years. A few years back (approximately 2004) some research and clarification revealed that the road was under the county's jurisdiction, though it is believed that the FS actually installed the culvert in question. Even so, at no time did the FS have a duty to mark the culvert as neither the Manual on Uniform Traffic Control Devices nor the FS Manual and Handbooks require that object markers be placed at culverts on low-volume roads, which SR 110/FR 559 is.

Shortly after (b)(6) was made aware of the tort claim filed by [redacted] he travelled to El Rito Campground and photographed the road and culvert in question. (b)(6) has provided copies of the photos taken and he also provided the following statement:

"As you can see in the photos, in order for the trailer wheels to go down into the culvert outlet and damage the undercarriage, it would be well beyond the edge of the road fill which means well beyond the road travel way. There is driver responsibility to understand the minimum turning radius and tracking of wheels needed for their particular vehicle and trailer set up. For the wheels of the trailer to go off the edge of the road fill and damage the undercarriage of the trailer, the driver did not have full control and understanding of their equipment."

**FOREST SERVICE RECOMMENDATION:** The claim was investigated under the auspices of the Federal Tort Claims Act (28 U.S.C. 1346, 2401, and 2671-2680).

We believe there is no identifiable act of negligence on the part of the FS or one of its employees in this case as the FS owed no duty in connection with the culvert in question. We would also argue that driver error was a contributing factor in this instance. Therefore, we recommend that this claim be denied in its entirety.

We do not anticipate any other claims relative to this incident.

Please call Kristen Donnelly at 505-563-7199, if you have questions relating to this claim.

Claims presented under Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involved more than one claimant, each claimant should submit a separate claim form.

Complete all items - insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

Failure to completely execute this form to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damage, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

BACK

To whom it may concern,

On Thursday July 18,2013 we were driving our fifth wheel into the second camp site past the pay camp site with canopy when the right side of our fifth wheel fell into a 3 ½ foot ditch with the culvert that crosses the road at that entrance. The culvert was not marked with a marker and the weeds concealed the ditch.

When our fifth wheel fell into the ditch, it bent the rear set of steps and the j-wrap on the right rear slide out.

Some people in the area at the time helped us get our fifth wheel out by placing rocks and a half cut log under the fifth wheel wheels after I had jacked it up. After we were able to get the fifth wheel higher out of the ditch I was able to pull it out at which point and time we parked and camped until Sunday July 21,2013

On Saturday July 20,2013 a ranger came by to inquire about a tree which had been cut down across the road from our camp. I explained to the ranger what had happened on Thursday and told him that I heard a chain saw running when we were trying to get the fifth wheel out and that some of the people helping brought a half cut log to allow me to lower my fifth wheel but I did not realize it had come from a fresh cut tree. The ranger took a report concerning our event and the cut tree.

Sincerely, *o l*

**8. Detailed Description of Incident** (When, Where, Why, and How.  
Please attach additional sheets if needed)

On July 20, 2013 I was doing my patrol on Forest road 559 El Rito campgrounds. About 1400 hrs. I was coming south bound when I saw a green ponderosa pine on the ground, it was about 12". At that time a lady walked up to me and told me that the tree was cut last night, which was Friday night. She said that there was a lot of people helping them out getting a fifth wheel out of the culvert. She then told me that two guys had cut the tree to put under there wheel, but didn't know that they were going to cut the green tree. She said that they had gotten there late and it was already dark and didn't see the culvert. Then she also mentioned that there was no reflectors. With that being said I never witnessed any of this problems. I didn't see the fifth wheel in the culvert or I also did not see anybody cut the tree. The following day I went up to fill out an incident report which was 7/21/13. She then showed me the damage on there truck and fifth wheel. I told them to call the police to file a police report and they told me that they were not going to call the police because they had done it before.

## SYNOPSIS

(b)(6);(b)(7)(C)

07/31/2013, U.S. Forest Service Officer, [REDACTED] met with El Rito Fire Prevention Officer, [REDACTED] in reference to a motor vehicle accident which occurred on State Road (SR) 110/Forest Road 559. The accident involved a 5th wheel trailer driving off the roadway into a culvert ditch, possibly causing damage to the tow vehicle and trailer.

## NARRATIVE

INVESTIGATION/ACTION TAKEN: On 07/20/2013, [REDACTED] was patrolling SR 110/FR 559 within the El Rito Ranger District of the Carson National Forest, when he observed a green cut ponderosa tree along the road. A female approached him and informed him the tree had been cut the evening before, 07/19/2013. To assist in helping her remove the trailer from a culvert ditch. The female stated she had arrived after dark and did not see the culvert.

On 07/21/2013, [REDACTED] returned to the scene and spoke to the female, [REDACTED] gathered information to complete an incident report. [REDACTED] completed FSH 6509.11h, Notification Of Incident Potential Claim Against The Government, and took pictures of the roadway and culvert. [REDACTED] recommended she file a police report. He

was informed she was not going to do so because she had a prior accident and filed a claim with their insurance provider without a police report.

On 07/31/2013 (b)(6);(b)(7)(C) took (b)(6);(b)(7)(C) to the scene of the incident. (b)(6);(b)(7)(C) observed the culvert and roadway, the drop from the roadway to the bottom of the culvert is approximately two feet. The entrance into the camping area appeared wide enough for the pickup and trailer to have made the turn without falling into the culvert drainage.

(b)(6);(b)(7)(C) has observed camper trailers in this location numerous times through the years.

Upon returning to the El Rito District Office, (b)(6);(b)(7)(C) left a phone message for Carson National Forest Engineer, (b)(6);(b)(7)(C)

(b)(6);(b)(7)(C) as to the ownership and maintenance responsibilities of SR 110/FR 559.

On 08/01/2013 (b)(6);(b)(7)(C) spoke to (b)(6);(b)(7)(C) stated the road is the responsibility of Rio Arriba County.

(b)(6);(b)(7)(C) sent (b)(6);(b)(7)(C) a document stating the Carson National Forest has an agreement with Rio Arriba County to grade the road once a year and is not responsible for the culverts.

To whom it may concern:

Below you will find an account of the incident that occurred on July 20<sup>th</sup>, 2013.

- On July 20, 2013, I was doing my patrol on Forest Road 559 at the El Rito Campgrounds. At about 1600 hrs, I was coming south bound when I saw a green ponderosa pine on the ground. It was approximately 12" dbh. At that time a lady walked up to me and told me that the tree was cut the night before (Friday night). She said that there were a lot of people helping them out. They had gotten their fifth wheel camping trailer stuck in the culvert. She then told me that two guys had cut down the tree to put under there wheel, but didn't know that they were going to cut the green tree. She then said that they had gotten there late and it was already dark and didn't see the culvert. Then she mentioned that there were no reflectors.
- With that being said, I never witnessed any of the problems. I didn't see the fifth wheel in the culvert and I also didn't see anybody cut the tree. The following day I went up to fill out an incident report (July 21<sup>st</sup>, 2013). At this time, the lady showed me the damage on their truck bed and fifth wheel camper and yes the damage was fresh from this accident. I told them to call the police to file a police report and they told me that they were not going to call the police because they had previous damage on the camper caused by a blown out tire.

**Note to File**

**Issue:** Damage to trailer on NFSR 559

NFSR 559, commonly called the El Rito Canyon road is under the jurisdiction of Rio Arriba County. This road provides the access to El Rito Campground which is maintained by the Carson National Forest, El Rito Ranger District. The County has the responsibility to maintain the road and drainage structures (culverts, bridges, lead out ditches, etc. ) for the entire length of the road. Currently, Rio Arriba County and the Carson National Forest has a Road Agreement which allows the two entities to agree to maintain specific roads that may be under the others jurisdiction. In the case of NFSR 559, the Carson National Forest has agreed to provide one maintenance blading a year to this road with the county responsible for all other maintenance.

FOREST ROAD AGREEMENT  
BETWEEN THE  
U.S. DEPARTMENT OF AGRICULTURE  
FOREST SERVICE

AND

RIO ARRIBA COUNTY

Parties to Agreement: This agreement, made and entered into this the 8th day of July, 1985, by and between the Forest Service, and the County of Rio Arriba, hereinafter called the "cooperator."

Purpose of Agreement: The purpose of this agreement is to set forth the general terms and conditions, acceptable to the parties hereto, for the cooperative planning, survey, design, construction, reconstruction, improvement, and maintenance of certain Forest Development Roads in Rio Arriba County, State of New Mexico, pursuant to the provisions of 16 U.S.C. 532-538, 23 U.S.C. 205 and the regulations issued by the Secretary of Agriculture.

The Congress has, from time to time, authorized and appropriated funds for "Forest Development Roads," which are defined as "those Forest roads of primary importance for the protection, administration, and utilization of the National Forests or where necessary, for the use and development of the resources upon which communities within or adjacent to the National Forests are dependent." Recognizing that substantial benefits will accrue to the Nation and to the State from the construction, reconstruction, improvement, maintenance, and use of certain Forest development roads and roads on the State or local road system over which the cooperator has jurisdiction, and further that such roads carry substantial volumes of public service traffic as well as National Forest traffic, and further that the cooperator has road construction, reconstruction, improvement, maintenance, and right-of-way acquisition facilities available to assist in the accomplishment of the work, it is accordingly deemed fitting and desirable to the parties hereto to express by this instrument the general terms of their mutual cooperation in that regard to achieve the maximum benefits therefrom in the public interest.

1. Intent to Cooperate. It is the intention of the parties under this agreement to cooperate as follows:

- a. Agree that certain roads under the jurisdiction of the cooperator or the Forest Service which serve the National Forest and also carry traffic which is properly the responsibility of the cooperator should be maintained and, if necessary, improved, to a standard adequate to accommodate safely and economically all traffic which uses such roads.
- b. Agree on the identification of roads or road segments which meet the criteria in item a by a listing and appropriate maps.

c. Provide for formal meetings and informal consultation on a regular basis to discuss and agree on action with respect to the roads identified pursuant to item b.

d. Provide for regular and adequate maintenance of the roads identified in item b, including the assignment of maintenance responsibilities.

e. Provide for entering into project agreements when improvements of a road under the jurisdiction of one party is to be financed in whole or in part from funds or resources provided by the other party.

f. Provide for appropriate jurisdictional status of roads through transfer of easements and acquisition of easements by the appropriate party.

2. Identification of Roads. A list of roads and segments of roads which meet the criteria set forth in item 1a is agreed upon and is marked "schedule A" and attached as part of this agreement. Schedule a may be modified from time to time by agreement between the cooperator and Forest Service, by adding or removing roads or road segments, or by altering the description of a road or road segments, or by altering the description of a road or road segment to give it proper identity. Each such modification shall be indicated by a revised schedule A bearing the signatures of the parties or their authorized representatives and the effective date of the revision.

3. Maintenance Plans. At the annual meeting provided for in item 6, plans for maintaining the roads listed in schedule A shall be agreed upon. Such plans shall include assignment of responsibility for maintenance or particular elements of maintenance to the cooperator or Forest Service for each road or segment of road listed in schedule A. To the extent practical, and subject to availability of funds, responsibility for maintenance shall be assigned in proportion to use for which each party is properly responsible.

Maintenance shall include preserving and keeping the roads, including structures and related facilities as nearly as possible in their original condition as constructed or reconstructed to provide satisfactory and safe road service.

Maintenance plans shall provide for prompt changes in maintenance assignments during the period of the plan upon agreement by the parties or their designated representatives.

4. Project Agreements. When improvement of a road listed in schedule A is to be financed in whole or in part from funds or resources provided by the party not having jurisdiction, the parties shall enter into a project agreement providing for performing the improvement work and its financing. A project agreement is not required for improvement of a road or a road segment over which the party performing and financing such improvement has jurisdiction. Project agreements shall be supplements to this general agreement and subject to the agreements, provisions, and conditions herein contained.

a. A project agreement shall be entered into prior to beginning of improvement or construction work for which a project agreement is required.

b. The project agreement shall include the following elements:

(1) Identification of road or road segment to be improved or constructed.

(2) Plans and specifications for the project or provision of their development and subsequent agreement thereon.

(3) Schedule of construction or improvement work and designation of the party or parties to perform the work.

(4) Estimates of cost of improvement or construction.

(5) Agreement as to how cost of work is to be borne including arrangements to share in the work or to deposit funds with the performing party for a share of the costs.

c. If funds are provided by the cooperator on an advance basis for work to be performed by the Forest Service, they shall be deposited in the Treasury of the United States to the credit of cooperative work, Forest Service. Any unused balance of cooperative funds for the purposes outlined in the project agreement shall be returned to the cooperator after completion of the work performed or upon agreement of the Forest Service. If the cooperative funds are made available on a reimbursement basis as the work progresses or upon its completion, the Forest Service shall submit to the cooperator periodic billings, but not more often than monthly, or a final billing as the case may be.

The amount of cooperative funds as set forth in the project agreement shall be the maximum commitment of the cooperator to the project unless changed by a modification of the project agreement.

d. If funds are provided by the Forest Service for work to be performed by the cooperator, the arrangements shall be set forth in the project agreement. Payments to the cooperator shall be made as provided for in the project agreement. If it appears that the project cost may exceed the estimate and additional funds may be needed, no obligation shall arise against the Federal government with respect to the increased cost except by modification of the project agreement prior to incurring any commitment.

5. Rights-of-Way. Easements or other interests in land acquired by either party shall be adequate to serve the road needs of both parties. The party having jurisdiction of an existing road or intended to have jurisdiction of a road to be constructed shall obtain the needed rights-of-way in its name. There shall be no provisions in any easement document that will prevent the Forest Service from using or authorizing the use of roads for which Federal funds were expended. The cooperator must be in a position to assure the Forest Service the continuance of such uses for the period needed. The party acquiring the easement or other interest in land shall obtain such title evidence and title approval as required in its acquisitions for roads of comparable standards.

The costs of such easements or other interests in land are to be at the expense of the acquiring party.

The Forest Service shall cooperate in the procurement of rights-of-way over land administered by other agencies of the United States required for any project included under this agreement and shall furnish the cooperator copies of survey notes, maps, and other records.

To the extent possible under available authority, each party agrees to convey easements over lands or interests in lands it owns or administers to the other party in order to provide jurisdiction by the appropriate party as may be agreed to for any road or road segment listed on schedule A.

6. Annual Meeting and Continuing Consultation. The cooperator and the Forest Service shall meet at least once each year to review matters covered by this agreement and to agree on actions to implement this agreement including, but not limited to, (1) approval of changes in the listing of roads on schedule A; (2) approval of the annual maintenance plan; (3) approval of project agreements for construction or reconstruction; and (4) approval of transfer of jurisdiction of particular roads by easement conveyance. It is also the intent of the parties to arrange for continuing consultation between their representatives with the objective of reaching prompt agreement by the parties on all matters of mutual concern which are covered by this agreement. The Forest Supervisor of the Carson National Forest for the Forest Service, and the County Manager for the cooperator shall be responsible for making the arrangements for formal meetings and continuing consultation.

7. Modification and Termination

a. This agreement may be modified by mutual consent.

b. This agreement may be terminated by either party upon at least 30 days prior written notice, except that such termination shall in no way affect or change any commitment made authorizing the use of roads or rights-of-way for purposes for which Federal funds were expended, or any operation in progress at time of notice, and provided, that such termination shall in no way affect the agreement of the parties hereto with respect to any obligations incurred under the agreement until a full settlement has been made.

8. Miscellaneous.

a. It is understood that any default by a permittee or other authorized road user creates no liability on the party of the Forest Service.

b. Nothing herein contained shall be constructed to obligate the Forest Service or the cooperator beyond the extent of available funds allocated or programed for this work, or contrary to applicable laws, rules, and regulations.

c. No Member of, or Delegate to, the Congress, or Resident Commissioner, shall be admitted to any share or part of this agreement or to any benefits that may arise therefrom, unless it is made with a corporation for its general benefit.

d. Where applicable, any contract, agreement, or understanding entered into pursuant to this agreement providing for work to be performed shall include the requirements of Federal laws, Executive orders, and Regulations.

This agreement shall be effective as of the date herein written and shall supersede all prior existing agreements, if any, for the same roads.

RE: Freedom of Information Act Request 2013-FS-R3-04587-F

(b)(6)  
Dear [redacted]

This letter is in response to your Freedom of Information Act (FOIA) request submitted by mail and forwarded to this office on 13 August 2013. Your request has been assigned a Case Number 2013-FS-R3-04587-F. Please include this case number in all communications regarding your request. You specifically requested the following:

*"I am requesting a copy of a report that the forest ranger, Dennis, did on either July 20<sup>th</sup> or 21<sup>st</sup> of our accident in El Rito Campground on July 18, 2013. I understand he took pictures of the area where our Fifth Wheel fell into a culvert and damaged our trailer."*

**Importance:** High

Good morning,

I just received the following message from Rio Arriba's Risk Management Department. I would appreciate it if someone could please fax/email/mail me a copy of the road agreement between the Carson National Forest and Rio Arriba County. I believe the road in question is SR110/FR 559, the one leading into the El Rito Campground. I'm hoping the agreement will provide specific details regarding responsibility, ownership, boundary lines, etc...

Please feel free to contact me if you have any questions or if you'd like to discuss this matter.

Thanks!

In a letter from A. Lisa Lux, dated March 10, 2014 File Code 6570 in part states (Our investigation has revealed that SR110/FR559 is under the jurisdiction of Rio Arriba County.) our investigation reveals that the agreement between Rio Arriba County and USDA Forest Service states (Rio Arriba County and Carson NF will each blade NFSR 559 in its entirety (28 miles) at least once a year.) there is nothing about (culverts, bridges, lead and ditches, etc) as stated on the letter.

Kristen, attached are some photos of the location of the culvert on SR110/NFSR 559. The 3<sup>rd</sup> photo shows where the fill starts dropping off toward the outlet of the culvert. This is not considered the edge of the road travel way. It is considered the edge of the road fill and do not coincide with each other. In researching our FS manual and handbook as well as the MUTCD (Manual on Uniform Traffic Control Devices), there is no requirement to place object markers at locations of culverts on Low Volume Roads. The ac

As you can see in the photos, in order for the trailer wheels to go down into the culvert outlet and damage the undercarriage, it would be well beyond the edge of the road fill which means well beyond the road travelway. There is driver responsibility to understand the minimum turning radius and tracking of wheels needed for their particular vehicle and trailer set up. For the wheels of the trailer to go off the edge of the road fill and damage the undercarriage of the trailer, the driver did not have full control and understanding of their equipment. If there are any other questions, please feel free to call or email me. Thanks (b)(6)

Good morning Diana,

I'm just following up on the subject claim and in a previous email, you stated that the damage occurred on 559; however, the claimants allege that the damage was a result of the culvert not being properly maintained. My Administrative Report and OGC's determination cannot be based on assumptions, so I need to know the culvert's exact location and whether or not the FS had any maintenance responsibilities. I hope to refer this claim to OGC in the next 2-3 weeks so if you could provide me with this information before then, I would greatly appreciate it.

Thank you and again, please feel free to contact me if you have any questions or concerns.

Good morning Diana,

(b)(6) I received a call from [REDACTED] the other day regarding the status of her claim and I'm currently working to finish my report so that the case can be referred to the Office of the General Counsel for adjudication. However, what I need to know at this point is whether the culvert was part of SR110/FR559 or part of the road that the claimants turned onto to enter the CG. If it was part of the road leading into the CG, I'll need to know whether there is any policy that requires the FS to mark culverts. According to the claimants, the culvert was not marked and the weeds concealed the ditch. There is no doubt that Rio Arriba County still had a duty to mow the bar ditch regardless of who "owned" the culvert but I'm just trying to figure out if the FS also had a duty in this case. In his report, Dennis did mention that this is the first time anything like this has happened at the CG and I will definitely argue user error, but I just want to ensure that OGC has all the facts.

Thanks for your help and please let me know if you have any questions for me.

I double checked with (b)(6) The damage occurred on 559. That road is under the jurisdiction of Rio Arriba County. We share in maintenance of the road. For many years it was considered a Forest Road. After doing some research, it was clarified to be under the jurisdiction of the county in approximately 2004. I asked (b)(6) if he knew who actually put the culvert in. He believes it was the Forest Service. Do you need any further information from me?

Kristen,

Thanks for the feedback. Just want to let you know that Rio Arriba County is aware they have jurisdiction of that road since NMDOT abandoned SR 110. Years ago, we passed on the information to them in one of our meetings. Because of changes in road managers, County Managers, and other key employees, this information may have gotten lost in the shuffle. Please let me know if there is anything else you need. Thanks Steve

Thank you so much Steve!! I will review the agreement but it's my guess that we will probably go ahead and process the tort claim filed against the FS, just to make sure we've covered our bases. Based on the information you provided, it is likely the claim would be denied but that decision ultimately lies with OGC. I don't know that we are duty-bound to provide Rio Arriba County with any documentation regarding ownership of the road in question but that's something I'll probably have to discuss with my supervisor. Rumor has it you are a very very busy person so I won't inundate your inbox with a string of emails pertaining to this claim but if you'd ever like to know the status of this case, please feel free to check with me anytime. I will also do my best to keep the UCLs (Angelo & Anita) in the loop so you could probably get status updates from them as well.

Thanks again, I really appreciate your help!

Hello Kristen,

Attached is the road Use Agreement with Rio Arriba County and the most current schedule A that talks about road maintenance. The key thing to know is that this road, NFSR 559 was State Road 110 and the NM State Highway Dept. abandoned the road back in 1982. As a result, the road reverts back to the County as the attached document reads. Essentially Rio Arriba County has jurisdiction over the road. In the road use agreement, we the Carson NF have agreed to blade the road once a year to help in the annual maintenance.

Let me know if you have any questions....Steve

Hello Steve,

I recently left a message with FPO (b)(6) regarding this incident as he was the one who made initial contact with the claimants. I was hoping he could provide me with some additional details but I haven't received a response from him and was hoping that you could help. Attached is a map and I've circled where the incident is said to have occurred and thought maybe you were familiar enough with this campground to tell me whether the culvert in question was located under SR110/FR559 or under the road the claimants turned off on to enter the CG. Does anyone really maintain the roads within El Rito CG and if so, can you tell me whether that responsibility falls on the FS or Rio Arriba County? I still feel that Rio Arriba County would have been responsible for mowing the bar ditch (if that was ever necessary) but if the culvert was in any way associated with the CG, I'm just wondering if the FS had any duty to mark it.

Hello Steve,

(b)(6) ASC Claims is in receipt of a tort claim for damages to (b)(6) camper. Included in some of the FS documentation was your note to the file in which you indicated that Rio Arriba County and the Carson Nation Forest have a Road Agreement for the maintenance of NFSR 559. Would you be able to send me a copy of that agreement? I'm thinking this claim should be handled by the county but I would like a chance to review the agreement first.

(b)(6) Dear

Recent correspondence from Rio Arriba County's Risk Management Department suggests there may be some confusion with regard to the county's involvement in this matter. Because it was never our intent to shift the blame, we will now recommence the processing of your claim. However, please be advised that as an Agency, the Forest Service does not have authority to settle tort claims and is required to refer them to the USDA Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we are returning the Standard Form 95 to you requesting the following additional documentation and/or information:

1. The Standard Form 95 must be signed and dated, please complete Block 14 on the front of the form.
2. A claim for property damage or loss may be presented by the owner of the property, a duly authorized agent, or legal representative. Please provide proof of ownership for the damaged vehicle(s), i.e. title or registration. Also, each individual listed on the title or registration must sign the claim form as well.
3. Claims must be substantiated by evidence of the amount claimed. In support of a claim for property damage, you must submit two repair estimates, or a receipt if the repairs have been made.
4. Any other evidence or information which may have a bearing on either the responsibility of the United States or the damages claimed.

Please be advised your submission does not meet the requirements for filing a claim under the Federal Tort Claims Act, and the two-year statute of limitations will continue to run until the defects identified above are corrected.

Upon your completion of the above, please send the requested information and Standard Form 95 to the address listed above.

Upon receipt of the requested documentation, your claim will be processed and transmitted to the OGC for review and determination. Please be advised that the OGC cannot approve payment for claimed damages that are insufficiently documented.

If you have any questions, please contact Kristen Donnelly at (505) 563-7199.

(b)(6) Re: Administrative Tort Claim, [REDACTED]

To whom it may concern:

(b)(6) On February 10, 2014, the Albuquerque Service Center Claims Management staff received a tort claim filed by [REDACTED] for damage to their fifth wheel trailer and pickup. The damage reportedly occurred when the right side of their fifth wheel fell into a ditch that had been concealed by weeds. The claimants allege that the incident was a result of the culvert not being properly marked.

The incident occurred on the night of July 19, 2013, along SR 110/FR 559, as the claimants were turning into the El Rito Campground, located within the Carson National Forest. Our investigation has revealed that SR 110/FR 559 is under the jurisdiction of Rio Arriba County. At the time of the incident, Rio Arriba County and the Carson National Forest were under an agreement whereby each party agreed to maintain specific roads that may fall under the other's jurisdiction. In this instance, the Carson National Forest had agreed to provide one maintenance blading each year along SR 110/FR 559, and Rio Arriba County was responsible for all other road maintenance, including drainage structures (culverts, bridges, lead out ditches, etc.) for the entire length of the road. Therefore, this claim is being forwarded to your office in accordance with Forest Service Handbook 6509.11(h), Chapter 30, Section 31.24a.

The claimant has been notified of the transfer and was directed to contact your office with any further questions regarding this claim.

Re: Administrative Tort Claim, [REDACTED]

Dear Ms. Mondragon:

(b)(6)

On February 10, 2014, the Albuquerque Service Center Claims Management staff received a tort claim filed by [REDACTED] for damage to their fifth wheel trailer and pickup. The damage reportedly occurred when the right side of their fifth wheel fell into a ditch that had been concealed by weeds. The claimants allege that the incident was a result of the culvert not being properly marked.

The incident occurred on the night of July 19, 2013, along SR 110/FR 559, as the claimants were turning into the El Rito Campground, located within the Carson National Forest. Our investigation revealed that SR 110/FR 559 is under the jurisdiction of Rio Arriba County. At the time of the incident, Rio Arriba County and the Carson National Forest were under an agreement whereby each party agreed to maintain specific roads that may fall under the other's jurisdiction. In this instance, the Carson National Forest had agreed to provide one maintenance blading each year along SR 110/FR 559, and Rio Arriba County was responsible for all other road maintenance, including drainage structures (culverts, bridges, lead out ditches, etc.) for the entire length of the road. Therefore, this claim is being forwarded to Rio Arriba County Risk Management in accordance with Forest Service Handbook 6509.11(h), Chapter 30, Section 31.24a.

The claimant has been notified of the transfer and was directed to contact Rio Arriba County Risk Management with any further questions regarding this claim.

Please contact Kristen Donnelly at 505-563-7199 or via email at [kdonnelly@fs.fed.us](mailto:kdonnelly@fs.fed.us), if you have any questions regarding this claim.

## SYNOPSIS

07/31/2013, U.S. Forest Service Officer, [REDACTED] met with El Rito Fire Prevention Officer, [REDACTED] in reference to a motor vehicle accident which occurred on State Road (SR) 110/Forest Road 559. The accident involved a 5th wheel trailer driving off the roadway into a culvert ditch, possibly causing damage to the tow vehicle and trailer.

## NARRATIVE

INVESTIGATION/ACTION TAKEN: On 07/20/2013 [REDACTED] was patrolling SR 110/FR 559 within the El Rito Ranger District of the Carson National Forest, when he observed a green cut ponderosa tree along the road. A female approached him and informed him the tree had been cut the evening before, 07/19/2013. To assist in helping her remove the trailer from a culvert ditch. The female stated she had arrived after dark and did not see the culvert.

On 07/21/2013 [REDACTED] returned to the scene and spoke to the female [REDACTED] gathered information to complete an incident report. [REDACTED] completed FSH 6509.11h, Notification Of Incident Potential Claim Against The Government, and took pictures of the roadway and culvert. [REDACTED] recommended she file a police report. He

was informed she was not going to do so because she had a prior accident and filed a claim with their insurance provider without a police report.

On 07/31/2013 [REDACTED] took [REDACTED] to the scene of the incident. [REDACTED] observed the culvert and roadway, the drop from the roadway to the bottom of the culvert is approximately two feet. The entrance into the camping area appeared wide enough for the pickup and trailer to have made the turn without falling into the culvert drainage.

[REDACTED] has observed camper trailers in this location numerous times through the years.

Upon returning to the El Rito District Office [REDACTED] left a phone message for Carson National Forest Engineer, [REDACTED] as to the ownership and maintenance responsibilities of SR 110/FR 559.

On 08/01/2013 [REDACTED] spoke to [REDACTED] stated the road is the responsibility of Rio Arriba County. [REDACTED] sent [REDACTED] a document stating the Carson National Forest has an agreement with Rio Arriba County to grade the road once a year and is not responsible for the culverts.

To whom it may concern:

Below you will find an account of the incident that occurred on July 20<sup>th</sup>, 2013.

- On July 20, 2013, I was doing my patrol on Forest Road 559 at the El Rito Campgrounds. At about 1600 hrs, I was coming south bound when I saw a green ponderosa pine on the ground. It was approximately 12" dbh. At that time a lady walked up to me and told me that the tree was cut the night before (Friday night). She said that there were a lot of people helping them out. They had gotten their fifth wheel camping trailer stuck in the culvert. She then told me that two guys had cut down the tree to put under there wheel, but didn't know that they were going to cut the green tree. She then said that they had gotten there late and it was already dark and didn't see the culvert. Then she mentioned that there were no reflectors.
- With that being said, I never witnessed any of the problems. I didn't see the fifth wheel in the culvert and I also didn't see anybody cut the tree. The following day I went up to fill out an incident report (July 21<sup>st</sup>, 2013). At this time, the lady showed me the damage on their truck bed and fifth wheel camper and yes the damage was fresh from this accident. I told them to call the police to file a police report and they told me that they were not going to call the police because they had previous damage on the camper caused by a blown out tire.

CLAIMS MANAGEMENT

**Note to File**

**Issue: Damage to trailer on NFSR 559**

NFSR 559, commonly called the El Rito Canyon road is under the jurisdiction of Rio Arriba County. This road provides the access to El Rito Campground which is maintained by the Carson National Forest, El Rito Ranger District. The County has the responsibility to maintain the road and drainage structures (culverts, bridges, lead out ditches, etc. ) for the entire length of the road. Currently, Rio Arriba County and the Carson National Forest has a Road Agreement which allows the two entities to agree to maintain specific roads that may be under the others jurisdiction. In the case of NFSR 559, the Carson National Forest has agreed to provide one maintenance blading a year to this road with the county responsible for all other maintenance.

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

- (a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.
- (b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.
- (c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.
- (d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

## **Attachment One to Federal Tort Claim**

On June 26, 2011, a visibly diseased and dying aspen tree about 60 feet in height fell from private land onto high power electrical lines located in a right of way through the Santa Fe National Forest. The energized lines broke under the force of the falling tree and fell to the ground, igniting the surface vegetation and causing the Las Conchas Fire. This high severity fire burned approximately 156,000 acres of public and private land and took five weeks to extinguish.

The right of way through the forest was granted in 1995 by the U.S. Department of Agriculture, United States Forest Service (USDA/USFS) to the Jemez Mountains Electric Cooperative, Inc. (JMEC). Then, and at the time of the fire, the trees in the forest adjacent to the right of way were sixty or more feet high. Contact between falling trees and limbs and energized overhead wires was then and is now a well known cause of fire. According to sworn discovery responses by JMEC in a state action about the Las Conchas Fire, the USDA/USFS nonetheless determined and limited the right of way to an inadequate total width of 20 feet, leaving only ten feet separating power poles in the very center of the right of way from the much taller trees adjacent to and near the right of way. Further, the USDA/USFS' permit specified vegetation management standards which were too limited and inappropriate for the circumstances.

By doing these acts and omissions the USDA/USFS committed the torts of negligence, negligence per se, trespass, and nuisance. These acts and omissions of the USDA/USFS also violated 7 C.F.R. section 1728.20(a), applicable Rural Utilities Service (REA) specifications and drawings, and paragraph D18 of the subject permit and its underlying authority, which require the clearing width to be "that necessary for safe transmission."

**JUN 13 2013**

**Claims Management**

Together with the acts and omissions of JMEC and others, these acts and omissions by the USDA/USFS were one cause, but not all causes, of the harm suffered by claimant. The harm suffered by claimant includes but is not limited to destruction and damage to real and personal property, tree and timber loss, erosion and flooding damage, habitat and environmental loss, and other related loss.

After the Las Conchas Fire was extinguished or burned out, the USDA/USFS engaged in the activities of seeding, mulching, and other activities to prevent flooding and erosion of some national forest land. However, the USDA/USFS unreasonably failed to engage in such activities and/or unreasonably engaged in inadequate and untimely efforts in national forest watersheds above the claimant's land, with the direct, natural, probable, likely and foreseeable result of periodic severe flooding and erosion of claimant's land, causing permanent damage to claimant's land.

By doing these acts and omissions the USDA/USFS committed the torts of negligence, negligence per se, trespass and nuisance. Alternatively, these acts and omissions constituted a taking of claimant's land in violation of the Fifth Amendment to the Constitution of the United States.

Together with the acts and omissions of JMEC and others, the acts and omissions by the USDA/USFS were one cause, but not all causes, of the harm suffered by claimant. The harm suffered by claimant includes but is not limited to destruction and damage to real and personal property, tree and timber loss, erosion and flooding damage, habitat and environmental loss, and other related loss.

Santa Fe NF, Santa Fe, New Mexico

(b)(6) [Redacted]  
Dear [Redacted]

The claim you filed for property damage occurring, November 4, 2014, has been approved for payment in the amount of \$1,269.99. This represents the lower of the two estimates you provided. Enclosed is the *Voucher for Payment* for your claim. We ask that you please complete the following:

1. Please verify that your mailing address in Block 3 is correct.
2. Please provide Claimant Electronic Funds Transfer Information in Block 4.
3. Please provide Taxpayer Identification Number/Social Security Number in block 5.
4. Please sign and date the Voucher in Block 6.

Upon your completion of the above, please send the completed *Voucher for Payment* to the attention of Brittney Greer at 101B Sun Avenue NE; Albuquerque, NM 87109. If you have questions about the voucher, please call Brittney Greer at 505-563-7841 or 1-877-372-7248. Payment will be made by the appropriate Forest Service personnel following our receipt of the executed *Voucher for Payment*.

This is the final administrative action and claim relating to the above incident. If you disagree with my decision, you must begin an action in the appropriate Federal District Court not later than six months from the date of this letter (the date shown above). See 28 U.S.C. §2401(b).

Hi Tommie,

We received a TORT claim on April 4, 2016 involving a motor vehicle accident between [redacted] (b)(6) [redacted]. The incident occurred in Santa Fe on March 9, 2016. I am the claims specialist assigned to this case. I need the following documentation in order to get started processing this claim:

(b)(6)

- SF-91. Please be sure page 3 is signed and dated by both the employee and the supervisor.
- Copies of any investigative report i.e. an accident or police report.

- Any SF-94 witness statements.
- In the event this claim is approved for payment please provide a jobcode.

If you have any questions about this request or the claims process please give me a call.

Thanks,

## Important Information for Vehicle Owners

- Every person operating a motor vehicle shall have the Certificate of Registration for the motor vehicle and for the trailer, if any, and his/her license to operate, upon his/her person or in the vehicle, in some easily accessible place.
- By law, you must report any change of address to the RMV within 30 days in writing. Address changes can be made on the RMV website: [www.massrmv.com](http://www.massrmv.com) or by mail to: RMV, P.O. Box 55889, Boston, MA 02205-5889. Once you have reported the address change to the RMV, please write corrected address in box provided above.

- Return the registration plates to the RMV immediately if:

- The vehicle has been sold or junked and the registration is not going to be transferred to another vehicle. Keep a copy of the **Bill of Sale, Title**, and completed **Reassignment of Title** for your records to document the transfer.
- You move to another state and you register the vehicle in that state.
- The insurance policy is not renewed or is cancelled and there is no plan to obtain a new policy.

**Transferring Your Plates:** Massachusetts law (M.G.L. Chapter 90, Section 2) allows you to transfer **valid registration plates from this vehicle to a newly acquired new or used motor vehicle or trailer** while you obtain insurance and a new registration. **All** the following must be met: 1. You are at least 18 years of age and you own the motor vehicle or trailer identified on this *Registration Certificate*. 2. You transfer ownership of this vehicle to another person or permanently lose possession of it (such as through repossession, etc.); 3. The newly acquired vehicle is of the **same vehicle type** (passenger vehicle to passenger vehicle; trailer-to-trailer etc.); the **same registration type** (passenger to passenger, commercial to commercial); and has the **same number of wheels**; and, 4. The **seller and buyer** properly complete the Assignment of the Certificate of Title (for the newly acquired "used" vehicle) or Certificate of Origin (if a "new" vehicle). If **all** the above are met, you may operate the newly acquired vehicle with the transferred plates **up to 5:00 pm of the 7th calendar day** following the date of transfer (or loss of possession). The day of transfer or loss is day #1. During that 7 days, you **must** carry the **Bill of Sale** (or the dealer's **Purchase Contract**) for the newly acquired vehicle **and** this *Registration Certificate* when operating the vehicle. See **FAQs About the Seven-Day Registration Transfer Law** on the RMV's website at [www.massrmv.com](http://www.massrmv.com).

**No Insurance Card Required:** Massachusetts's law does **not** require an Insurance card. The law, M.G.L. Chapter 90, Section 34A and Chapter 175, Section 113A requires the vehicle's owner to maintain a compulsory motor vehicle insurance policy or bond for bodily injury coverage and property damage insurance. If an insurer is identified on the face of this *Registration Certificate*, it is required by law to electronically notify the RMV (Registry of Motor Vehicles) if coverage lapses. The vehicle owner is then notified by the RMV to obtain new insurance within 10 days or the registration will be revoked. Bonds are filed with the State Treasurer's Office.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide ARM8450, CCC Data Date 3/17/2016, and potentially other third party sources of data; and (b) the parts presented are OEM-parts manufactured by the vehicles Original Equipment Manufacturer. OEM parts are available at OE/Vehicle dealerships. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships. OPT OEM or ALT OEM parts may reflect some specific, special, or unique pricing or discount. OPT OEM or ALT OEM parts may include "Blemished" parts provided by OEM's through OEM vehicle dealerships. Asterisk (\*) or Double Asterisk (\*\*) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2016 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:

On Wednesday, March 9, 2016, at 4:20 PM MDT, I was the passenger in the front seat of our 2007 Toyota RAV4, driven by (b)(6). We were driving south, in the curbside lane, on Cerrillos Rd (NM Route 14), within the city limits of Santa Fe, NM, and were stopped at a stop light at the intersection with Beckner Road. We had been waiting less than a minute when we felt our car lurch forward and heard a loud "bang." Fortunately (b)(6) foot was on the brake tightly and we were not propelled forward into the stopped car ahead of us.

(b)(6)

After the collision, (b)(6) pulled our vehicle off onto the shoulder of the road. I got out and saw that a white Ford Escape (US government license plate: (b)(6)) had pulled in behind us. A man, the sole occupant of the car, got out and asked if we were hurt; I said that we were uninjured. He apologized and said that he didn't know that his vehicle was moving.

(b)(6)

I asked for the driver's insurance information, but he said that he didn't have any because he worked for the US government as a forest ranger and that the government was self-insured. He identified himself as (b)(6), the district forest ranger for Espanola, and he got on his cell phone and said he was calling "law enforcement." Because of that, and because the accident had not caused injuries or disabling vehicle damage, I did not call the Santa Fe city police. He wrote down his name and address and two phone numbers, and we showed him (b)(6) driver's license and our car insurance card. I found several new scratches on our vehicle's bumper and spare tire carrier cover. I also checked our rear cargo door, which holds our spare tire, and found it opened and closed normally. Two different Santa Fe city police cruisers passed by us during the 10-15 minutes we were there, but neither made an effort to stop or investigate the situation.

(b)(6)

(b)(6) said that he would call us in the morning with instructions on how to proceed with a claim to repair our vehicle. We drove to our destination and when I examined the spare tire more closely, I could see that the hard plastic tire cover had been moved to the right, and jammed so that I could not get it off. I called our car insurance company, Geico, and was told that since the accident was not our fault, repairs would be covered by the other driver's insurance. They did open a claim but for "information purposes only."

(b)(6)

The next afternoon, after not hearing from (b)(6) in the morning, I called him but got voice mail. He called back at 5:40 and said that he had no information, but would call the next day. Again, when I did not hear from him by the afternoon, I called, but got voice mail. He called just before 5:00 and said that he had left a message for someone about the accident but had not heard from them because "it's Friday." It wasn't until a week after the accident that we finally got the Form 95 by email from (b)(6). Because we were preparing to return to our home in Massachusetts, we could not get damage estimates in New Mexico and had to submit the paperwork after arriving here. Nine days after the accident, I asked (b)(6) for a report of the accident and found out that he had only talked to someone he knew in the USFS law enforcement, and no report had been created from his

(b)(6)

calling that person at the time of the accident. By then we believed it was too late for us to file a report with the Santa Fe police, because I had read that it should be done within five days. During that conversation [redacted] reiterated that there should not be a problem because the accident was his fault.

**Additional Notes:**

A few days after the accident, I had a scheduled oil change and asked the mechanic to look at the spare tire cover, but he could not remove it. He said that it was jammed on, and he advised me to see an auto body shop. When I took our vehicle to the first body shop in Massachusetts for an estimate, they had to remove adjacent body panels to get the jammed wheel cover off. A couple of plastic clips that hold the wheel cover on had broken off and fell out. A whole new wheel cover is needed because the broken clips cannot be glued back on. In addition, they found that the metal frame holding the spare tire to the car was bent. They had to bend it back enough in order to get the wheel cover back on but said that the frame would have to be replaced. One of the two body shop estimates was higher because they would replace the bumper rather than paint it.

DESCRIBE WHAT HAPPENED (Refer to vehicles as "Fed", "2", "3", etc. Please include information on posted speed limit, approximate speed of the vehicles, road conditions, weather conditions, driver visibility, condition of involved vehicles, traffic controls (warning light, stop signal, etc.) condition of light (daylight, dusk, night, dawn, artificial light, etc.) and driver actions (making U-turn, passing, stopped in traffic, etc.)<br><br><p>Both vehicles were stopped at a traffic light, south bound on Cerillos Road. The Fed vehicle was behind the other vehicle. The driver of the fed vehicle let up on brake and didn't notice fed vehicle rolling into the to other vehicle until the impact. From the inspection of the Fed vehicle, no damage is apparent. The other vehicle showed a nick in the paint on the spare tire cover that was a likely point of impact.</p> |                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |     |   |      |                                     |  |          |  |  |             |  |  |             |  |                                     |         |  |  |            |  |  |            |  |  |            |  |  |            |

Forest Safety Manager, (b)(6) assisted employee with this SF91. There was no damage to the government vehicle and only minor damage (cosmetic) to the privately-owned vehicle. Although the damage to the POV was minor, the owner wished to get the paint damage fixed and will most likely file a claim with the Agency. Per the instructions provided by ASC, the POV owner was provided with an SF-95 and instructions on how to file a claim.

## SECTION IX - FEDERAL DRIVER CERTIFICATION

In compliance with the Privacy Act of 1974, solicitation of the information requested on this form is authorized by Title 40 U.S.C. Section 481. Disclosure of the information by a Federal employee is mandatory as the first step in the Government's investigation of a motor vehicle accident. The principal purposes for using this information is to provide necessary data for legal counsel in legal actions resulting from the accident and to provide accident information/statistics in analyzing accident causes and developing methods of reducing accidents. Routine use of information may be by Federal, State or local governments, or agencies, when relevant to civil, criminal, or regulatory investigations or prosecutions. An employee of a Federal agency who fails to report accurately a motor vehicle accident involving a Federal vehicle or who refuses to cooperate in the investigation of an accident may be subject to administrative sanctions.

I certify that the information on this form (Section I) was given to me on the basis of my knowledge and belief.

Thank you.

B&F Case Resolution Notification – Case Number 1323844

Dear Ms Greer,

I have attached a copy of the first page of form 95 on which [REDACTED] name to box 2 and he has signed in box 13a as requested. I did not send page 2 because there were no changes and you should have a copy of that page. I have attached a copy of the witness statement m [REDACTED] rote.

I have also attached six photos of damage. I do not have a photo of the disassembled tire frame. If you need to have an adjustor come to our house to look at it, we will be happy to accommodate that.

If it takes three to six months to get this approved, the price of the repair may go up; what do we do in that case?

I also have a question about the copies of the estimates that you received. Did you get both pages 1 & 2 from Falmouth Auto Works, Rotary Collision Center? It is possible you got two copies of page 2 and no copy of page 1. If that is the case, would you please let me know and I will send you a copy of page 1.

Thank you for your assistance in this matter.

Sincerely,

Dear Sir/Madam:

Enclosed is a completed Form 95, two estimates of damage, and other supporting documents from an accident when our vehicle was damaged by a US Forest Service vehicle.

Will you have someone contact us here in Massachusetts to inspect the damages?

When can we expect to hear that we may proceed with the needed repairs?

Please call or email us if you need further information.

Thank you.

Sincerely,

RETURN RECEIPT REQUESTED

APR 12 2016

Dear [redacted]

We received your Standard Form 95 (SF-95), Claim for Damage, Injury, or Death. Your claim will be processed under the Federal Tort Claims Act (FTCA). As an agency, the Forest Service does not have authority to settle Tort claims and is required to refer them to the USDA Office of General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so, we are returning a copy of your SF-95 and are requesting the following documentation and information:

- All parties listed as owners of the vehicle must be identified as claimants in Block 2 and must sign the claim in the "Signature of Claimant" block (Block 13a). Because [redacted] [redacted] (b)(6)
- If available, please provide additional color photos of the damaged vehicle.
- Provide any other evidence or information which may have a bearing on the responsibility of the Forest Service for the damages claimed, to include any investigative reports prepared surrounding the incident and/or statements from any witnesses.

Please submit the requested documentation to the attention of Brittney Greer at the address shown above, or fax it to 1-866-341-1541.

Upon receipt of the requested documentation, your claim will be processed and transmitted to the OGC for review and determination. Please be advised that the OGC cannot approve payment for claimed damages that are insufficiently documented.

If you have any questions, you may contact Brittney Greer at 877-372-7248 and reference case number 2016030028-001.

## REMARKS

PM Exclusion

We still anticipate a claim for the insured's deductible and another vehicle was also damaged but we don't have any claims for that one yet nor can we estimate the claim \$. I think the aggregate total will be less than \$25,000.00, but there's no guarantee...

Good Moring,

I am the claims examiner working on the claim against the government. I will require more information before

I am able to process this claim for [redacted]

(b)(6)

1. I had attached 2 SF-91's, one for each vehicle that was hit. On page 3 of each SF-91, I need to know from the driver/supervisor was [redacted] within the scope of duty when the accident happened?

(b)(6)

2. The attached witness statement doesn't say who the witness was, please elaborate.

3. On the SF-91 it states that [redacted] witnessed the accident, we will need a statement from him.

(b)(6)

We need more information on whether [redacted] was within the scope of his duty since he was in a parking lot of a shopping center.

(b)(6)

Good afternoon, I received a message that you called today 5/4/2015. I am the claims examiner working on this claim involving your insured (b)(6) claim # 15-1704840. I am in the process of generating a letter to go out to you this week. This incident involves two vehicles and a forest service vehicle. Per Departmental policy all claims that arise from a single occurrence will not be adjudicated until the full extent of the claims on a particular incident are known, or until the two year statute of limitation expires. This claim will be held in abeyance until we receive all claims arising from this occurrence.

If you have any questions about the claims processes please don't hesitate to call or email me.  
Thank you

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

THIS IS A DAMAGE ASSESSMENT ONLY - NOT AN AUTHORIZATION TO REPAIR -  
BASED ON DAMAGE VISIBLE OR CERTAIN AT THE TIME IT WAS WRITTEN.

IF FRAME OR UNIBODY REPAIR IS INCLUDED ON THIS ESTIMATE, THE AMOUNT  
SHOWN INCLUDES TIME OR ALLOWANCE FOR MEASURING BEFORE, DURING AND  
AFTER THOSE REPAIRS.

THE OWNER OF THE VEHICLE MAY SELECT THE REPAIR FACILITY OF HIS/HER  
CHOICE.

TO ENSURE PROPER AND PROMPT PAYMENT FOR ADDITIONAL DAMAGE DISCOVERED  
DURING THE COURSE OF REPAIRS, CONTACT PROGRESSIVE FOR SUPPLEMENT  
HANDLING PROCEDURES.

PROGRESSIVE HONORS THE PREVAILING LABOR MARKET RATE IN YOUR AREA FOR  
YOUR PROPERTY. IF YOU CHOOSE A SHOP THAT CHARGES IN EXCESS OF  
PREVAILING LABOR MARKET RATES, YOU WILL BE RESPONSIBLE FOR THE  
DIFFERENCE.

LIFETIME GUARANTEE FOR SHEET METAL AND PLASTIC BODY PARTS

The replacement parts written on the estimate are intended to return  
your vehicle to its pre-loss condition with proper installation.  
After repair, if any sheet metal or plastic body part included in the  
estimate fails to return your vehicle to its pre-loss condition  
(assuming proper installation), in terms of form, fit, finish,  
durability or functionality, Progressive will arrange and pay for the  
replacement of the part, to the extent not covered by a  
manufacturer's or other warranty. This service will be performed at  
no cost to you (including associated repair and rental car costs). To  
obtain service under this Guarantee, call Progressive at  
1-800-274-4641. This Guarantee applies as long as you own or lease  
the vehicle. This Guarantee is not transferable and terminates if you  
sell or otherwise transfer your vehicle.

THIS GUARANTEE DOES NOT COVER NORMAL WEAR AND TEAR OR DAMAGE CAUSED  
BY IMPROPER MAINTENANCE, NEGLIGENCE, ABUSE OR SUBSEQUENT ACCIDENT. THIS  
GUARANTEE IS LIMITED TO ARRANGING FOR THE SELECTION OF REPAIR PARTS  
THAT WILL RETURN YOUR VEHICLE TO ITS PRE-LOSS CONDITION. ACCORDINGLY,  
PROGRESSIVE WILL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL OR  
CONSEQUENTIAL DAMAGES THAT RESULT FROM THE INSTALLATION OR USE OF  
THESE PARTS.

CLAIMS MANAGEMENT

**8. Detailed Description of Incident** *(When, Where, Why, and How. Please attach additional sheets if needed)*

I was delayed in travelling back to Taos, NM from Albuquerque, NM due to the snow storm that impacted New Mexico on Friday January 30, 2015 and Saturday January 31, 2015. They had closed the Carson National Forest Districts early on Friday due to the storm. I alerted my supervisors that I would be delayed. On my way back on Saturday it started snowing very hard in Santa Fe, NM. Rather than risk driving any further I decided to stop on the north end of Santa Fe, grab a snack and wait for the storm to pass. This was located at the Casa Solana Shopping Center parking lot near the corner of St Francis and Alameda. Address is 913 West Alameda St. Santa Fe, NM 87501. It was around 1145 AM at this time. I parked the vehicle and walked inside the store. I was notified 5-10 minutes later that my vehicle had rolled approximately 20 feet and damaged two vehicles. This was relayed to me by the witness as I was not present to see what happened. After this I called the police and the vehicle owners were located. Then I called my supervisors and my fleet manager and notified them as well. The police officer responded and declined to file a report after all three parties involved asked. He explained that it was on private property and there were no injuries and he was not obligated to write a report. No one was cited at fault for the accident by the officer. I forwarded photographs that I took at the scene to our Fleet Manager (b)(6)

This claim involves more than one party. As such, departmental policy requires that all claims arising from a single occurrence will not be adjudicated until the full extent of the claims on a particular incident are known, or until the two year statute of limitation expires. Therefore, your claim may be held in abeyance until we receive your insured's claim.

You will not lose your right to recover as your claim was sent in before the statute expired.

We have been advised by our Office of the General Counsel (OGC) that insurance companies may only claim expenses they have actually incurred. Therefore, your insured must submit a separate claim for any out of pocket expenses and/or deductible expenses they incurred

In our file it shows only an estimate for the damages, has this vehicle been repaired? If so could you supply me with a copy of the paid receipt?

The statute of limitations expires in January of 2017.

Thank you for your cooperation in this claim.

The other woman hit has zero insurance. She had someone rig her hood back together with chicken wire. So there will be no claim from her.

I'm going to assume the government will not take responsibility, and Progressive thank you - for trying as much as you have.

(b)(6) I'm just grateful I had insurance. As for the Forest Service and lack of urgency on this; it astounds me.

I received your message that you are inquiring about your claim against the government. At this time your claim is being held in abeyance. I have attached a letter that I sent to (b)(6) of Progressive on May 7, 2015. We have to hold your claim open until all claims for this incident have been received and can be reviewed by the Office of General Counsel (OGC) together as one incident. In your incident there were two vehicles involved, we must keep the claim open until we receive all claims related to this incident or until the statute of limitations has expired, whichever comes first.

I have cc'd (b)(6) on this email as he is my contact from Progressive. If I may be of further assistance please don't hesitate to let me know. Please reference claim number 2015030041-001 when inquiring about your claim.

It is not about your insured, there is another party involved and possibly their insurance company. We legally have to wait until either they send a letter stating they do not wish to file a claim against us or file a claim against us, we have to wait until the statute of limitation expires before we can processed.

Departmental policy requires that all claims arising from a single occurrence will not be adjudicated until the full extent of the claims on a particular incident are known, or until the two year statute of limitation expires. Therefore, your claim may be held in abeyance until we receive the full extent of the claims for this incident.

The claim is still held in abeyance waiting to see if the other claims come in. There are potentially four claims that could come out of this one incident. Unless the other claims come in or the other parties provide a statement that they will not be filing a claim before the deadline, the claim will be held till the statute of limitations expires in 1/31/17.

Feel free to contact me at any time.

You will not lose your right to recover as your claim was sent in before the statute expired.

We have been advised by our Office of the General Counsel (OGC) that insurance companies may only claim expenses they have actually incurred. Therefore, your insured must submit a separate claim for any out of pocket expenses and/or deductible expenses they incurred

In our file it shows only an estimate for the damages, has this vehicle been repaired? If so could you supply me with a copy of the paid receipt?

The statute of limitations expires in January of 2017.

Thank you for your cooperation in this claim.

Dennis,

I have another question or two I need some explanation on. Where the inmates being directed by forest service employees? Or are the agreement holders given projects that need to be completed and then the inmates guards or whoever is in charge of them proceed to complete the work assignment?

Sorry for all the questions.

Hello,

The financial plan is for the entire agreement, not day to day specific work. Kileen should have a copy of that as well and maybe ask her about an operating plan because I do not have one.

When this incident occurred I was simply in charge of lining up work and inspecting that it was completed correctly.

I do not know if the operating plan would go into detail for who is liable.

This may be a question for our grants and agreements person, Kileen Mitchell.

I remember you saying the claim is for \$200. If we want to make this simple, I could seek approval to give a job code to pay the claim.

I hope this helps somewhat.

Thanks

Julia,

To answer your questions (highlighted below)

1. The first was answered correctly by Dennis. Each project (SPA) has its own financial plan. If funding is added via modification – then a new financial plan is submitted. The 13-PA-11031003-018 agreement was, in fact, recently modified. I have attached the original SPA and the modification.
2. Regarding liability – these clauses are contained in the negotiated master agreement - **11-PA-11031600-017** (attached). I believe provisions V. – D & I addresses you liability question. The master was recently extended – so I've attached that modification as well. The master agreement was negotiated by the Regional Office. Any questions regarding the clauses contained therein should be addressed to Monica Martinez or Carmen Melendez.

I hope this helps,

**MASTER  
PARTICIPATING AGREEMENT  
Between The  
NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT  
And The  
USDA, FOREST SERVICE  
SOUTHWESTERN REGION**

This MASTER PARTICIPATING AGREEMENT is hereby made and entered into by and between the New Mexico Energy, Minerals and Natural Resources Department, hereinafter referred to as "EMNRD," and the USDA, Forest Service, Southwestern Region, Region 3 hereinafter referred to as the "U.S. Forest Service," under the authority: Cooperative Funds and Deposits Act of December 12, 1975, Pub. L. 94-148, 16 U.S.C. 565a1-a3 and NMSA 1978, § Section 68-2-6-68. This agreement supersedes and terminates Forest Service Agreement No. 06-PA-11031600-011 and EMNRD Contract No. 06-521-0400-0176, in its entirety.

**Title:** U.S. Forest Service will host trainees and provide a work environment for inmate crews on Forest Lands for Resource Conservation Work

**I. PURPOSE**

The purpose of this agreement is to document the cooperation between the parties to for the use of state inmate crews to accomplish forest conservation projects hosted by the U.S. Forest Service for the protection, development, and improvement of National Forest System Lands within the State of New Mexico in accordance with the following provisions and any incorporated Supplemental Project Agreement(s).

**II. STATEMENT OF MUTUAL BENEFITS AND INTERESTS:**

It is mutually beneficial to enter into this agreement to establish a framework for the development of individual Supplemental Project Agreements (SPAs) for the parties to work together on projects to accomplish their mutual goals.

Pursuant to Joint Powers Agreement 98-521-0400-0043, between EMNRD and the New Mexico Corrections Department (Corrections Department), EMNRD is desirous of participating in a conservation work program as a means of providing healthful, wholesome, and educational outdoor activity, valuable job training, and development programs for state inmates in accordance with the following provisions and Exhibit A

The U.S. Forest Service is responsible for the management of National Forest System lands with specific duties related to forest health, conservation, and forest fire prevention and suppression. It is to EMNRD's and the U.S. Forest Service's mutual benefit to assist and cooperate in a program of enhancing and, where possible, developing the forest resources and doing necessary improvement work in such ways as will contribute to the public welfare.

In consideration of the above premises, the parties agree as follows:

**III. EMNRD SHALL:**

- A. LEGAL AUTHORITY. EMNRD shall have the legal authority to enter into this agreement, and the institutional, managerial, and financial capability to ensure proper planning, management, and completion of the project, which includes funds sufficient to pay the nonfederal share of project costs, when applicable.
- B. Review and approve projects in accordance with the priority system set forth in the Inmate Work Camp Manual and the individual Supplemental Project Agreements.
- C. Furnish sufficient crews to complete scheduled work. The workweek will normally consist of four 10-hours days, or as otherwise provided in Exhibit A except during fire season and other emergencies that occur beyond EMNRD's control.
- D. Pursuant to JPA 98-521-0400-0043, between EMNRD and the Corrections Department, make arrangements with the Corrections Department for the necessary medical attention for the crews.
- E. Provide transportation and supervision of the inmates.
- F. Working with the Corrections Department, provide technical direction and supervision for activities carried out by inmates participating in the program.
- G. Instruct Inmate Work Camp Crew Supervisors that they shall receive, from the U.S. Forest Service, the designation of work to be done and the name of the U.S. Forest Service official under whose technical direction the work is to be performed and the name of the U.S. Forest Service contact under whose technical direction the work is to be accomplished as outlined in the individual Supplemental Project Agreements.
- H. Provide the U.S. Forest Service with a Copy of the Inmate Work Camp Manual prior to any projects taking place.
- I. Document all vocational training received by each inmate under this Agreement.
- J. When necessary and agreed upon by the U.S. Forest Service, provide equipment for use on Forest Service projects on a reimbursable basis. Types of equipment and use rates

shall be mutually agreed to by both parties as specified in the completed, approved Supplemental Project Agreements.

- K. Bill the Forest Service monthly for crew stipend, transportation, tools, or equipment use and materials provided by EMNRD at rates established in the individual Supplemental Project Agreements, itemizing such costs as necessary for U.S. Forest Service payment. Billing for planned fire events shall occur separately for EMNRD overtime and EMNRD employee expenses incurred on prescribed fire projects.

EMNRD shall send an original bill to:

USDA Forest Service  
Albuquerque Service Center

Payments – Grants and Agreements  
101B Sun Avenue NE  
Albuquerque, NM 87109

Customer Service No: 1-877-372-7248  
FAX No: 1-877-687-4898

All invoices shall contain the individual U.S. Forest Service Agreement number assigned to each Supplemental Project Agreement (SPA).

#### IV. THE U.S. FOREST SERVICE SHALL:

- A. Consult with the EMNRD project contact and request work to be performed.
- B. Assign fully qualified and experienced Forest Service Officers to provide the technical direction for Inmate Work Camp Crew Supervisors on all programs undertaken within the terms of this Agreement. These Forest Officers shall give specific direction as to what and how project work is to be done, provide technical advice, make necessary corrections on change in program design, give final approval of project work before crews proceed to next job, and assure that crews are working in a safe manner and using tools correctly. In the event that work crews do not produce the required amount of work, or to the Forest Service standards, or do not work in a safe manner, the Forest Officer shall advise the EMNRD project contact. The Forest Service Officer shall conduct safety meetings with crews prior to the start of each work day.
- C. Prepare proposed SPA's for consideration and approval by EMNRD as per Exhibit A.
- D. Notify EMNRD of federal holidays, emergency fire suppression assignments, and other emergencies when Forest Service Officers assigned will be unavailable. The District Ranger or his/her representative will contact EMNRD at least 24 hours before normal inmate working hours.

- E. Advise Forest Service personnel that they shall not mail or deliver letters for inmates or barter, gamble, or furnish money, alcohol, drugs, or tangible goods to any inmate or EMNRD employee, nor furnish any other item or substance prohibited by the EMNRD.
  - F. Be responsible for technical supervision of mutually approved projects and not hold inmates in custody or directly supervise them.
  - G. Prepare annually, as of November 30, a report of inmate accomplishments on Forest Service projects during the previous fiscal year and furnish a copy of the report to EMNRD.
  - H. Provide all essential tools, equipment and materials to conduct the project work to be performed by the inmates, except when agreed upon in advance that EMNRD will furnish all or part of the tools, equipment and material for specified projects.
  - I. Pay EMNRD, based on monthly bills, in accordance with rates established in individual SPA's (Exhibit A):
    - a) Cost of inmate days worked
    - b) Cost of inmate transportation
    - c) Cost of tool or equipment use
    - d) Cost of materials furnished
    - e) Costs for inmate work camp staff overtime compensation on prescribed burns. Inmate work camp staff assigned to prescribed burns will meet NWCG prescribed fire qualifications
  - J. Notify EMNRD project contact in the event that the crew does not produce the needed amount of work or if the work does not meet Forest Service standards.
- V. **IT IS MUTUALLY UNDERSTOOD AND AGREED BY AND BETWEEN THE PARTIES THAT:**
- A. PRINCIPAL CONTACTS. Individuals listed below are authorized to act in their respective areas for matters related to this instrument.

- B. **AVAILABILITY FOR CONSULTATION.** Both parties will make themselves available at mutually agreeable times for continuing consultation to discuss the conditions covered by this agreement and agree to actions essential to fulfill its purposes.
- C. **SUPPLEMENTAL PROJECT AGREEMENTS (SPA).** Nothing in this agreement obligates either party to offer or accept any project proposals under this agreement. Any projects added to this agreement must be by mutual consent of the parties through a specific SPA.
- D. **NON-LIABILITY.** The U.S. Forest Service does not assume liability for any third party claims for damages arising out of this instrument.
- E. **NOTICES.** Any communications affecting the operations covered by this agreement given by the U.S. Forest Service or the EMNRD are sufficient only if in writing and delivered in person, mailed, or transmitted electronically by e-mail or fax, as follows:

To the U.S. Forest Service Program Manager, at the address specified in the agreement.

To the EMNRD, at the EMNRD's address shown in the agreement or such other address designated within the agreement.

Notices are effective when delivered in accordance with this provision, or on the effective date of the notice, whichever is later.

- F. PARTICIPATION IN SIMILAR ACTIVITIES. This agreement in no way restricts the U.S. Forest Service or the EMNRD from participating in similar activities with other public or private agencies, organizations, and individuals.
- G. ENDORSEMENT. Any of the EMNRD's contributions made under this agreement do not by direct reference or implication convey U.S. Forest Service endorsement of the EMNRD's products or activities.
- H. USE OF U.S. FOREST SERVICE INSIGNIA. In order for the EMNRD to use the U.S. Forest Service insignia on any published media, such as a Web page, printed publication, or audiovisual production, permission must be granted from the U.S. Forest Service's Office of Communications. A written request must be submitted and approval granted in writing by the Office of Communications (Washington Office) prior to use of the insignia.
- I. NON-FEDERAL STATUS FOR COOPERATOR PARTICIPANT LIABILITY. EMNRD agree(s) that any of their employees, volunteers, and program participants shall not be deemed to be Federal employees for any purposes including Chapter 171 of Title 28, United States Code (Federal Tort Claims Act) and Chapter 81 of Title 5, United States Code (OWCP), as the EMNRD hereby willingly agree(s) to assume these responsibilities.
- Further, the EMNRD shall provide any necessary training to the EMNRD's employees, volunteers, and program participants to ensure that such personnel are capable of performing tasks to be completed. EMNRD shall also supervise and direct the work of its employees, volunteers, and participants performing under this agreement.
- J. MEMBERS OF U.S. CONGRESS. Pursuant to 41 U.S.C. 22, no United States member of, or United States delegate to, Congress shall be admitted to any share or part of this instrument, or benefits that may arise therefrom, either directly or indirectly.
- K. NONDISCRIMINATION. EMNRD shall comply with all applicable Federal statutes relating to nondiscrimination. This includes all applicable requirements of all other Federal laws, regulations, and policies. These include but are not limited to Title VI of the Civil Rights Act of 1964 as amended, which prohibits discrimination on the

bases of race, color and national origin; Title IX of the Education Amendments of 1972 which prohibits discrimination based on sex in educational programs and activities; Age Discrimination Act of 1975, as amended, prohibiting age discrimination; and 504 of the Rehabilitation Act of 1973 as amended, which prohibits discrimination on the basis of disability.

- L. ELIGIBLE WORKERS. EMNRD shall ensure that all employees complete the I-9 form to certify that they are eligible for lawful employment under the Immigration and Nationality Act (8 USC 1324a). EMNRD shall comply with regulations regarding certification and retention of the completed forms. These requirements also apply to any contract or SPA awarded under this instrument.

M. STANDARDS FOR FINANCIAL MANAGEMENT.

**1. Financial Reporting**

EMNRD shall provide complete, accurate, and current financial disclosures of the project or program in accordance with any financial reporting requirements, as set forth in the financial provisions.

**2. Accounting Records**

EMNRD shall continuously maintain and update records identifying the source and use of funds. The records shall contain information pertaining to the agreement, authorizations, obligations, unobligated balances, assets, outlays, and income.

**3. Internal Control**

EMNRD shall maintain effective control over and accountability for all U.S. Forest Service funds, real property, and personal property assets. EMNRD shall keep effective internal controls to ensure that all United States Federal funds received are separately and properly allocated to the activities described in the agreement. EMNRD shall adequately safeguard all such property and shall ensure that it is used solely for authorized purposes.

**4. Source Documentation**

EMNRD shall support all accounting records with source documentation. These documentations include, but are not limited to, cancelled checks, paid bills, payrolls, contract and subgrant/contract documents, and so forth.

- N. OVERPAYMENT. Any funds paid to the EMNRD in excess of the amount entitled under the terms and conditions of this agreement constitute a debt to the Federal Government. The following must also be considered as a debt or debts owed by the EMNRD to the U.S. Forest Service:

- Any interest or other investment income earned on advances of agreement funds; or
- Any royalties or other special classes of program income which, under the provisions of the agreement, are required to be returned;

If this debt is not paid according to the terms of the bill for collection issued for the overpayment, the U.S. Forest Service may reduce the debt by:

1. Making an administrative offset against other requests for reimbursement.
2. Withholding advance payments otherwise due to the EMNRD.
3. Taking other action permitted by statute (31 U.S.C. 3716 and 7 CFR, Part 3, Subpart B).

Except as otherwise provided by law, the U.S. Forest Service may charge interest on an overdue debt.

- O. INSTRUMENT CLOSEOUT. EMNRD shall close out the instrument within 90 days after expiration or notice of termination.

Any unobligated balance of cash advanced to the EMNRD must be immediately refunded to the U.S. Forest Service, including any interest earned in accordance with 7 CFR 3016.21, 7 CFR 3019.22, or other relevant law or regulation.

Within a maximum of 90 days following the date of expiration or termination of this instrument, all financial performance and related reports required by the terms of the instrument must be submitted to the U.S. Forest Service by the EMNRD.

If this instrument is closed out without audit, the U.S. Forest Service reserves the right to disallow and recover an appropriate amount after fully considering any recommended disallowances resulting from an audit which may be conducted later.

- P. PROGRAM PERFORMANCE REPORTS. EMNRD shall monitor the performance of the agreement activities to ensure that performance goals are being achieved.

Performance reports must contain information on the following:

- A comparison of actual accomplishments to the goals established for the period. Where the output of the project can be readily expressed in numbers, a computation of the cost per unit of output may be required if that information is useful.
- Reason(s) for delay if established goals were not met.

- Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

At a minimum, the annual performance reports should contain:

Project costs of: inmate days worked, inmate transportation, tools or equipment use, inmate work camp staff overtime compensation on prescribed burns.

EMNRD shall submit annual performance reports to the U.S. Forest Service Program Manager. These reports are due 30 days after the reporting period. The final performance report must be submitted either with the EMNRD's final payment request, or separately, but not later than 90 days from the expiration date of the agreement.

- Q. RETENTION AND ACCESS REQUIREMENTS FOR RECORDS. EMNRD shall retain all records pertinent to this instrument for a period of no less than 3 years from the expiration or termination date. As used in this provision, "records" includes books, documents, accounting procedures and practice, and other data, regardless of the type or format. EMNRD shall provide access and the right to examine all records related to this instrument to the U.S. Forest Service Inspector General, or Comptroller General or their authorized representative.

If any litigation, claim, negotiation, audit, or other action involving the records has been started before the end of the 3-year period, the records must be kept until all issues are resolved, or until the end of the regular 3-year period, whichever is later.

Records for nonexpendable property acquired in whole or in part, with Federal funds must be retained for 3 years after its final disposition.

EMNRD shall provide access to any project site(s) to the U.S. Forest Service or any of their authorized representatives. The rights of access in this section shall not be limited to the required retention period but shall last as long as the records are kept.

- R. FREEDOM OF INFORMATION ACT (FOIA). Public access to agreement records must not be limited, except when such records must be kept confidential and would have been exempted from disclosure pursuant to Freedom of Information regulations (5 U.S.C. 552).
- S. TEXT MESSAGING WHILE DRIVING. In accordance with Executive Order (EO) 13513, "Federal Leadership on Reducing Text Messaging While Driving," any and all text messaging by Federal employees is banned: a) while driving a Government owned vehicle (GOV) or driving a privately owned vehicle (POV) while on official Government business; or b) using any electronic equipment supplied by the Government when driving any vehicle at any time. All cooperators, their employees, volunteers, and contractors are encouraged to adopt and enforce policies that ban text messaging when driving company owned, leased or rented vehicles or GOVs when

driving while on official Government business or when performing any work for or on behalf of the Government.

- T. PUBLIC NOTICES. It is the U.S. Forest Service's policy to inform the public as fully as possible of its programs and activities. EMNRD is encouraged to give public notice of the receipt of this instrument and, from time to time, to announce progress and accomplishments.

EMNRD may call on the U.S. Forest Service's Office of Communication for advice regarding public notices. EMNRD is requested to provide copies of notices or announcements to the U.S. Forest Service Program Manager and to the U.S. Forest Service's Office of Communications as far in advance of release as possible.

- U. FUNDING. Federal funding under this instrument is not available for reimbursement of the EMNRD's purchase of equipment. Equipment is defined as having a fair market value of \$5,000 or more per unit and a useful life of over one year. Supplies are those items that are not equipment.

- V. PROPERTY IMPROVEMENTS. Improvements placed by the EMNRD on National Forest System land at the direction or with the approval of the U.S. Forest Service becomes the property of the United States. These improvements are subject to the same regulations and administration of the U.S. Forest Service as other National Forest improvements. No part of this instrument entitles the EMNRD to any interest in the improvements, other than the right to use them under applicable U.S. Forest Service regulations.

- W. GOVERNMENT-FURNISHED PROPERTY. EMNRD may only use U.S. Forest Service property furnished under this agreement for performing tasks assigned in this agreement. EMNRD shall not modify, cannibalize, or make alterations to U.S. Forest Service property. A separate document, Form AD-107, must be completed to document the loan of U.S. Forest Service property. The U.S. Forest Service shall retain title to all U.S. Forest Service-furnished property. Title to U.S. Forest Service property must not be affected by its incorporation into or attachment to any property not owned by the U.S. Forest Service, nor must the property become a fixture or lose its identity as personal property by being attached to any real property.

*Cooperator Liability for Government Property.*

1. Unless otherwise provided for in the agreement, the EMNRD shall not be liable for loss, damage, destruction, or theft to the U.S. Government property furnished or acquired under this contract, except when any one of the following applies—
  - a. The risk is covered by insurance or the EMNRD is/are otherwise reimbursed (to the extent of such insurance or reimbursement).
  - b. The loss, damage, destruction, or theft is the result of willful misconduct or lack of good faith on the part of the EMNRD's managerial personnel. EMNRD's managerial personnel, in this clause, means the EMNRD's directors, officers, managers, superintendents, or equivalent

Z. TERMINATION BY MUTUAL AGREEMENT. This instrument may be terminated, in whole or part, as follows:

1. When the U.S. Forest Service and the EMNRD agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.
2. By 30 days written notification by the EMNRD to the U.S. Forest Service setting forth the reasons for termination, effective date, and in the case of partial termination, the portion to be terminated.

If, in the case of a partial termination, the U.S. Forest Service determines that the remaining portion of the instrument will not accomplish the purposes for which the instrument was made, the U.S. Forest Service may terminate the instrument in its entirety.

Upon termination of an instrument, the EMNRD shall not incur any new obligations for the terminated portion of the instrument after the effective date, and shall cancel as many outstanding obligations as possible. The U.S. Forest Service shall allow full credit to the EMNRD for the United States Federal share of the non-cancelable obligations properly incurred by the EMNRD up to the effective date of the termination. Excess funds must be refunded within 60 days after the effective date of termination.

- AA. ALTERNATE DISPUTE RESOLUTION - PARTNERSHIP AGREEMENT. In the event of any issue of controversy under this agreement, the parties may pursue Alternate Dispute Resolution procedures to voluntarily resolve those issues. These procedures may include, but are not limited to conciliation, facilitation, mediation, and fact finding.
- BB. DEBARMENT AND SUSPENSION. EMNRD shall immediately inform the U.S. Forest Service if they or any of their principals are presently excluded, debarred, or suspended from entering into covered transactions with the federal government according to the terms of 2 CFR Part 180. Additionally, should the EMNRD or any of their principals receive a transmittal letter or other official Federal notice of debarment or suspension, then they shall notify the U.S. Forest Service without undue delay. This applies whether the exclusion, debarment, or suspension is voluntary or involuntary.
- CC. MODIFICATIONS. Modifications within the scope of this instrument must be made by mutual consent of the parties, by the issuance of a written modification signed and dated by all properly authorized, signatory officials, prior to any changes being performed. Requests for modification should be made, in writing, at least 30 days prior to implementation of the requested change. The U.S. Forest Service is not obligated to fund any changes not properly approved in advance.

representatives who have supervision or direction of all or substantially all of the EMNRD's business; all or substantially all of the EMNRD's operation at any one plant or separate location; or a separate and complete major industrial operation.

2. EMNRD shall take all reasonable actions necessary to protect the U.S. Government property from further loss, damage, destruction, or theft. EMNRD shall separate the damaged and undamaged Government property, place all the affected Government property in the best possible order, and take such other action as the Property Administrator directs.
  3. EMNRD shall do nothing to prejudice the U.S. Government's rights to recover against third parties for any loss, damage, destruction, or theft of Government property.
  4. Upon the request of the Grants & Agreements Specialist, the EMNRD shall, at the U.S. Government's expense, furnish to the U.S. Government all reasonable assistance and cooperation, including the prosecution of suit and the execution of instruments of assignment in favor of the U.S. Government in obtaining recovery.
- X. OFFSETS, CLAIMS and RIGHTS. Any and all activities entered into or approved by this agreement will create and support afforestation/ reforestation efforts within the National Forest System without generating carbon credits. The U.S. Forest Service does not make claims of permanence or any guarantees of carbon sequestration on lands reforested or afforested through partner assistance. The U.S. Forest Service will provide for long-term management of reforested and afforested lands, according to applicable Federal statute regulations and forest plans.
- Y. REMEDIES FOR COMPLIANCE RELATED ISSUES. If the EMNRD materially fail(s) to comply with any term of the instrument, whether stated in a Federal statute or regulation, an assurance, the agreement, or elsewhere, the U.S. Forest Service may take one or more of the following actions:
1. Temporarily withhold cash payments pending correction of the deficiency by the the EMNRD or more severe enforcement action by the U.S. Forest Service;
  2. Disallow (that is, deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance;
  3. Wholly or partly suspend or terminate the current instrument for the EMNRD's program;
  4. Withhold further awards for the program, or
  5. Take other remedies that may be legally available, including debarment procedures under 7 CFR part 3017.

Z. TERMINATION BY MUTUAL AGREEMENT. This instrument may be terminated, in whole or part, as follows:

1. When the U.S. Forest Service and the EMNRD agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated.
2. By 30 days written notification by the EMNRD to the U.S. Forest Service setting forth the reasons for termination, effective date, and in the case of partial termination, the portion to be terminated.

If, in the case of a partial termination, the U.S. Forest Service determines that the remaining portion of the instrument will not accomplish the purposes for which the instrument was made, the U.S. Forest Service may terminate the instrument in its entirety.

Upon termination of an instrument, the EMNRD shall not incur any new obligations for the terminated portion of the instrument after the effective date, and shall cancel as many outstanding obligations as possible. The U.S. Forest Service shall allow full credit to the EMNRD for the United States Federal share of the non-cancelable obligations properly incurred by the EMNRD up to the effective date of the termination. Excess funds must be refunded within 60 days after the effective date of termination.

AA. ALTERNATE DISPUTE RESOLUTION - PARTNERSHIP AGREEMENT. In the event of any issue of controversy under this agreement, the parties may pursue Alternate Dispute Resolution procedures to voluntarily resolve those issues. These procedures may include, but are not limited to conciliation, facilitation, mediation, and fact finding.

BB. DEBARMENT AND SUSPENSION. EMNRD shall immediately inform the U.S. Forest Service if they or any of their principals are presently excluded, debarred, or suspended from entering into covered transactions with the federal government according to the terms of 2 CFR Part 180. Additionally, should the EMNRD or any of their principals receive a transmittal letter or other official Federal notice of debarment or suspension, then they shall notify the U.S. Forest Service without undue delay. This applies whether the exclusion, debarment, or suspension is voluntary or involuntary.

CC. MODIFICATIONS. Modifications within the scope of this instrument must be made by mutual consent of the parties, by the issuance of a written modification signed and dated by all properly authorized, signatory officials, prior to any changes being performed. Requests for modification should be made, in writing, at least 30 days prior to implementation of the requested change. The U.S. Forest Service is not obligated to fund any changes not properly approved in advance.

DD. COMMENCEMENT/EXPIRATION DATE. This instrument is executed as of the date of the last signature and is effective for 5 years at which time it will expire.

EE. AUTHORIZED REPRESENTATIVES. By signature below, each party certifies that the individuals listed in this document as representatives of the individual parties are authorized to act in their respective areas for matters related to this instrument. In witness whereof, the parties hereto have executed this instrument as of the last date written below.

**I. WRITTEN DESCRIPTION OF PROJECT  
BOUNDARY:****2. SPECIAL PROJECT  
TASKS:**

In consideration of the above premises, the parties agree as follows:

**II. RESPONSIBILITIES:****A. The EMNRD shall:**

1. Perform in accordance to the Master Participating Agreement and this Project Supplemental Agreement (SPA) as agreed to by both EMNRD and the U.S. Forest Service.

**B. The U.S. Forest Service shall:**

1. **PAYMENT/REIMBURSEMENT.** The U.S. Forest Service shall reimburse the EMNRD for the U.S. Forest Service's share of actual expenses incurred, not to exceed \$ \_\_\_\_\_, as shown in the Financial Plan. The U.S. Forest Service shall make payment upon receipt of the EMNRD's invoice. Each invoice from the EMNRD shall display the total project costs for the billing period, separated by U.S. Forest Service and the EMNRD's share. In-kind contributions must be displayed as a separate line item and must not be included in the total project costs available for reimbursement. The final invoice must display the EMNRD's full match towards the project, as shown in the financial plan, and be submitted no later than 90 days from the expiration date.

Each invoice must include, at a minimum:

1. The EMNRD's name, address, and telephone number
2. U.S. Forest Service agreement number
3. Invoice date
4. Performance dates of the work completed (start & end)
5. Total invoice amount for the billing period
6. Statement that the invoice is a request for payment by 'reimbursement'
7. If using SF-270, a signature is required.
8. Invoice Number, if applicable

The invoice must be sent by one of three methods (email is preferred):

EMAIL: asc\_ga@fs.fed.us

FAX: 877-687-4894

Hello,

The financial plan is for the entire agreement, not day to day specific work. Kileen should have a copy of that as well and maybe ask her about an operating plan because I do not have one.

When this incident occurred I was simply in charge of lining up work and inspecting that it was completed correctly.

I do not know if the operating plan would go into detail for who is liable.

This may be a question for our grants and agreements person, Kileen Mitchell.

I remember you saying the claim is for \$200. If we want to make this simple, I could seek approval to give a job code to pay the claim.

I hope this helps somewhat.

Thanks

Dennis,

Thank you for the agreements.

I have a couple questions, in the original agreement on page 4 it talks about financial and operating plan? Are these plans written up for every time you use the inmates? If so I will need a copy of the one for this incident if possible.

The agreements I have don't explain liability for damages the inmates cause or damages to the inmates.

I realize you are on a fire assignment, so whenever you can get around to providing this is fine.

Thank you for your assistance.

If you have questions please call or email any time.

Dennis,

I was given your name from James Lerke. I am trying to get information on a claim that was filed with my office. (b)(6) is claiming that 2 large live trees were cut down, without her permission. If you are able to either direct me to whom I need to contact or provide any of the information, that would be greatly appreciated.

I need information on who cut the trees and why, was it beautify the forest? Was the forest cutting the trees in an attempt to thin the National Forest to prevent future forest fires?

The incident happened on August 12, 2014 on the property line of (b)(6)

The forest service employee who cut the trees, were they working in their job description and under a supervisors orders?

Thank you,

Hmmm..

Copy - I am not familiar with any trees cut at that address.

Utilizing Google Earth it appears as a completely different zip code and District (Jemez vs. Espanola) from the incident I am aware of, and additionally it was my understanding that resolution was already reached on the Jemez RD case last year.

I suspect this is a completely different situation based on the provided information... You can try Dennis Carril on the SNF, he is in the SO and would have knowledge of it-

If you end up at a dead end let me know...

Hi Julia,

The Jemez RD provided a complete package previously for a similar incident that occurred on the Jemez RD, however

I believe at a different address. Is that her mailing address or physical where the trespass occurred?

I left the SNF in 2015, and the project record on site should have the information if this is the same incident.

Let me know, and I can try to find a point of contact back there-

Jtl

Subject: RE: Claim Against the Govt [REDACTED] 2015030067-001

Hi Julia,

I apologize but have been on fire assignments since Aug 5<sup>th</sup>.  
I have some internal emails from the field coordinator to forward  
and a few photos as attached.

Would you like me to forward the emails directly?

Thanks,

Todd

**Subject:** Claim Against the Govt - (b)(6) 2015030067-001

Good morning,

I have been assigned the above-named claim for property damage in the amount of \$200.00, sustained from trees being cut near the Cerros Los Pinos area. The private party who lives at (b)(6) claims that trees were cut down on August 12, 2014.

To move forward in processing this claim, I am requesting your assistance in obtaining the following:

- Police report, ROI, IR, or any other investigative report and/or hazardous tree inspection report
- Witness statements as applicable
- FMMI WBS Element (shorthand code aka job code/override)
- Any and all information pertaining to this incident, including color photos

If you have any questions regarding this request, please don't hesitate to contact me.  
Thank you.

This Supplemental Project Agreement (SPA) is hereby made and entered into by and between the New Mexico Energy, Minerals and Natural Resources Department, hereinafter referred to as "EMNRD," and the USDA, Forest Service, Santa Fe National Forest, hereinafter referred to as the "U.S. Forest Service," as specified under the provisions of Master Participating Agreement # 11-PA-11031600-017.

**I. GENERAL PROJECT DESCRIPTION**

**PROJECT NAME:** Southwest Jemez Mountain Landscape Restoration

**LOCATION:** The project area is located in the Middle Jemez River Watershed. The Village of Jemez Springs lies in the middle of the area; Jemez Pueblo and the Town of Ponderosa are 7 miles and 4 miles, respectively, to the south.

The Jemez River flows through the middle of the area. Other drainages include San Antonio Creek, Rio Guadalupe, and Rio Cebolla. South-to-southwest-facing canyons and mesas dominate the area and include Virgin Canyon and Virgin, Holiday, Schoolhouse, and Stable Mesas to the west of the Jemez River, and Paliza and San Juan Canyons and Cat and San Juan Mesas to the east. (See Map - Attachment A)

**UNIT/DISTRICT:** Santa Fe National Forest, Jemez Ranger District

**PROPOSED STARTING AND ENDING DATE:** July 20, 2013 - April 4, 2016

**PURPOSE OF PROJECT:** Assist in the Jemez RD in implementation of the Collaborative Forest Landscape Restoration Strategy developed for the Southwest Jemez Mountain Landscape Restoration Project.

**PROJECT DESCRIPTION:** The work under this Project Plan will include but not be limited to line construction, preparation, burning, and holding operations of numerous broadcast prescribed burns planned in FY 2013- FY 2016.

**PUBLIC BENEFITS DERIVED FROM PROJECT:** This project will reduce hazardous fuels that pose a significant risk to values and simultaneously produce wood by-products while focusing on diversifying forest structure and species composition. The long term objective is to re-establish natural fire regimes in order to sustain healthy forest and watershed conditions for future generations. This strategy is designed to fundamentally shift the entire contiguous forested landscape toward supporting characteristic wildfire regimes, native wildlife species, clean abundant water flows, additionally, creating other desired conditions. This strategy should yield tremendous long-term ecological, social, and economic benefits to New Mexico's citizens and visitors.

# **1. WRITTEN DESCRIPTION OF PROJECT BOUNDARY:**

The project area covers about 110,000 acres of National Forest System land and is located in the Middle Jemez River Watershed (Figure 1). The Valles Caldera National Preserve adjoins the project area on the northeast side; Bandelier National Monument lies to the southeast. A parcel of Jemez Pueblo land lies within the southeast part of the project area near Paliza Canyon.

The Village of Jemez Springs lies in the middle of the project area; Jemez Pueblo and the town of Ponderosa are 7 miles and 4 miles, respectively, to the south. There are also several small subdivisions and communities in the mountains around Jemez Springs, including Sierra de los Pinos, La Cueva, and Thompson Ridge. Non-National Forest System lands within the project area boundary total 13,836 acres, broken down as follows: Jemez Pueblo, 3,845 acres; State, 281 acres, and private or other lands, 9,710 acres. No treatments are proposed on non-national forest land.

The Jemez River flows through the middle of the area. Other drainages include San Antonio Creek, Rio Guadalupe, and Rio Cebolla. Elevations range from 10,109 feet at the top of Cerro Pelado to 5,500 feet in the canyon bottoms. Canyons and mesas dominate the area and include Virgin Canyon and Virgin, Holiday, Schoolhouse, and Stable Mesas to the west of the Jemez River, and Paliza and San Juan Canyons and Cat and San Juan Mesas to the east.

## **2. SPECIAL PROJECT TASKS:**

Treat slash, build fuel breaks, conduct prescribed burning

In consideration of the above premises, the parties agree as follows:

## **II. RESPONSIBILITIES:**

### **A. The EMNRD shall:**

1. Perform in accordance to the Master Participating Agreement and this Project Supplemental Agreement (SPA) as agreed to by both EMNRD and the U.S. Forest Service.
2. Perform in accordance with the financial and operating plan. (See Attachment B)
3. Coordinate with the Forest Service on any issues that may occur.
4. Follow all safety requirements as per the Job Hazard Analyses provided.
5. Meet with the U.S. Forest Service prior to each field season to discuss Forest area priorities and needs.

### **B. The U.S. Forest Service shall:**

1. Perform in accordance with the financial and operating plan. (See Attachment B)
2. Provide and communicate relevant information about project plans, prescribed burn plans, including location, boundaries, goals and objectives and other pertinent information.
3. Coordinate with the EMNRD on any issues that may occur.
4. Provide a Job Hazard Analyses appropriate for this project work and make sure that they are discussed and documented prior to project work.

5. PAYMENT/REIMBURSEMENT. The U.S. Forest Service shall reimburse the EMNRD for the U.S. Forest Service's share of actual expenses incurred, not to exceed \$160,000 from 2013-2016 at approximately \$40,000 per year as shown in the Financial Plan. The U.S. Forest Service shall make payment upon receipt of the EMNRD's invoice. Each invoice from the EMNRD shall display the total project costs for the billing period, separated by U.S. Forest Service and the EMNRD's share. In-kind contributions must be displayed as a separate line item and must not be included in the total project costs available for reimbursement. The final invoice must display the EMNRD's full match towards the project, as shown in the financial plan, and be submitted no later than 90 days from the expiration date.

Each invoice must include, at a minimum:

1. The EMNRD's name, address, and telephone number
2. U.S. Forest Service agreement number
3. Invoice date
4. Performance dates of the work completed (start & end)
5. Total invoice amount for the billing period
6. Statement that the invoice is a request for payment by 'reimbursement'
7. If using SF-270, a signature is required.
8. Invoice Number, if applicable

The invoice must be sent by one of three methods (email is preferred):

6. **AVAILABILITY OF FUNDS.** U.S. Forest Service funds in the amount of \$160,000 are currently available for performance of this instrument through April 4, 2016. The U.S. Forest Service's obligation for performance of this instrument beyond this date is contingent upon the availability of appropriated funds from which payment can be made. No legal liability on the part of the U.S. Forest Service for any payment may arise for performance under this instrument beyond April 4, 2016 until funds are made available to the U.S. Forest Service for performance and until the EMNRD receive(s) notice of availability to be confirmed in a written modification by the U.S. Forest Service.

## Burden Statement

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call toll free (866) 632-9992 (voice). TDD users can contact USDA through local relay or the Federal relay at (800) 877-8339 (TDD) or (866) 377-8642 (relay voice). USDA is an equal opportunity provider and employer.

## WORKSHEET FOR

### FS Non-Cash Contribution Cost Analysis Column

Use this worksheet to perform the cost analysis that supports the lump sum figures provided in the matrix. NOTE: This worksheet auto populates the relevant and applicable matrix cells.

Cost element sections may be deleted or lines may be hidden, if not applicable. Line items may be added or deleted as needed. The Standard Calculation sections provide a standardized formula for determining a line item's cost, e.g. cost/day x # of days=total, where the total is calculated automatically. The Non-Standard Calculation sections provide a write-in area for line items that require a calculation formula that is other than the standardized formulas, e.g. instead of salaries being calculated by cost/day x # of days, costs may be calculated simply by a contracted value that is not dependent on days worked, such as 1 employee x \$1,200/contract= \$1,200. Be sure to review your calculations when entering in a Non-Standard Calculation, and provide a brief explanation of units used to make calculation, e.g. '1 month contract,' on a line below the figures.

## WORKSHEET FOR

### FS Cash to the Cooperator Cost Analysis Column

Use this worksheet to perform the cost analysis that supports the lump sum figures provided in the matrix. NOTE: This worksheet auto populates the relevant and applicable matrix cells.

Cost element sections may be deleted or lines may be hidden, if not applicable. Line items may be added or deleted as needed. The Standard Calculation sections provide a standardized formula for determining a line item's cost, e.g. cost/day x # of days=total, where the total is calculated automatically. The Non-Standard Calculation sections provide a write-in area for line items that require a calculation formula that is other than the standardized formulas, e.g. instead of salaries being calculated by cost/day x # of days, costs may be calculated simply by a contracted value that is not dependent on days worked, such as 1 employee x \$1,200/contract= \$1,200. Be sure to review your calculations when entering in a Non-Standard Calculation, and provide a brief explanation of units used to make calculation, e.g. '1 month contract,' on a line below the figures.

Planning Requirements, for participating, challenge cost-share, joint venture, and cost-reimbursable agreements. This form may be used for other types of Forest Service Manual 1580 agreements, when useful. Choose one of the two (2) financial plan versions and complete. Use Version 1 (Financial Plan - Cash to Coop) when you will have Cash to the Cooperator. Use Version 2 (Financial Plan - Cash to FS) when you have cash to the Forest Service. Users do not have to use or print versions/sheets that are not applicable to their agreement.

The purpose of this form is to capture the total estimated value of the proposed agreement. Once the agreement is approved, in writing, by the parties, then this financial plan becomes the financial estimates for the agreement. This financial plan must display the parties' expected contributions to the agreement. These contributions should be broken down by party contribution type (e.g., non-cash, in-kind, cash to cooperator), see below for definitions, and cost elements (e.g., salaries, supplies, travel). Cost element values should be the result of documented cost analysis on this form. Each financial plan version provides samples of cost analysis calculations, see associated Excel comment balloons. Additional instructions are located on version 1 and 2 cost analysis tabs.

**Definitions for the Matrix Column Headings:**

(a) Forest Service Noncash Contribution: Forest Service noncash contributions may consist of employee salaries, overhead (indirect), travel provided, and/or equipment and supplies purchased and provided to the Cooperator for use in the project. These costs are an expense to the Forest Service, but do not include funding for reimbursement of Cooperator expenses.

(b) Forest Service Volunteer Labor (In-Kind) Contribution: This is the value of volunteer labor donated for completion of the project by the Forest Service for which the Forest Service has incurred no expense. Forest Service volunteer agreements (either sponsored or individual) should be used to document the donated services. The value of volunteer labor should be commensurate with local labor rates for similar work.

(c) Forest Service Cash to the Cooperator: This is the maximum amount of funding that will be reimbursed or advanced to the Cooperator. This is an expense to the Forest Service.

(d) Cooperator Noncash Contribution: These are expenses the Cooperator incurs that are contributed to the project in lieu of cash, but for which costs are incurred, such as employee salaries, overhead (indirect costs), travel, equipment, supplies, and so forth. These do not include in-kind contributions from third parties, such as donations from other entities or volunteer labor.

(e) Cooperator, In-Kind Contribution: In-kind contribution provided to the Cooperator from a third party organization(s) for use in the project for which the Cooperator has incurred no expense. Value assessed for volunteer labor and donated materials, equipment and supplies should be valued based on FSH 1509.11, Ch. 70. These values are not reimbursable and can only be used to satisfy the Cooperator's matching requirement. Display these contributions by Cost Element Expenditures.

(f) Cooperator Cash to the Forest Service: These are Cooperator cash contributions actually transferred to the Forest Service for use in completing the project. This is an expense to the Cooperator and does not include in-kind contributions made to the Cooperator from other organizations. Display by Cost Element where these funds will be expended. Be sure to cite a collection authority in the Agreement if this column is used.

Include cash the Cooperator is transferring to the Forest Service for the project, that has been received as a grant(s) from a non-Federal entity(ies).

(g) Cooperator, Other Federal Contribution: Contribution provided to the Cooperator from Federal agency(ies)

## WORKSHEET FOR

### Cooperator Non-Cash Contribution Cost Analysis Column

Use this worksheet to perform the cost analysis that supports the lump sum figures provided in the matrix.  
NOTE: This worksheet auto populates the relevant and applicable matrix cells.

Cost element sections may be deleted or lines may be hidden, if not applicable. Line items may be added or deleted as needed. The Standard Calculation sections provide a standardized formula for determining a line item's cost, e.g. cost/day x # of days=total, where the total is calculated automatically. The Non-Standard Calculation sections provide a write-in area for line items that require a calculation formula that is other than the standardized formulas, e.g. instead of salaries being calculated by cost/day x # of days, costs may be calculated simply by a contracted value that is not dependent on days worked, such as 1 employee x \$1,200/contract= \$1,200. Be sure to review your calculations when entering in a Non-Standard Calculation, and provide a brief explanation of units used to make calculation, e.g. '1 month contract,' on a line below the figures.

Planning Requirements, for participating, challenge cost-share, joint venture, and cost-reimbursable agreements. This form may be used for other types of Forest Service Manual 1580 agreements, when useful. Choose one of the two (2) financial plan versions and complete. Use Version 1 (Financial Plan - Cash to Coop) when you will have Cash to the Cooperator. Use Version 2 (Financial Plan - Cash to FS) when you have cash to the Forest Service. Users do not have to use or print versions/sheets that are not applicable to their agreement.

The purpose of this form is to capture the total estimated value of the proposed agreement. Once the agreement is approved, in writing, by the parties, then this financial plan becomes the financial estimates for the agreement. This financial plan must display the parties' expected contributions to the agreement. These contributions should be broken down by party contribution type (e.g., non-cash, in-kind, cash to cooperator), see below for definitions, and cost elements (e.g., salaries, supplies, travel). Cost element values should be the result of documented cost analysis on this form. Each financial plan version provides samples of cost analysis calculations, see associated Excel comment balloons. Additional instructions are located on version 1 and 2 cost analysis tabs.

**Definitions for the Matrix Column Headings:**

(a) Forest Service Noncash Contribution: Forest Service noncash contributions may consist of employee salaries, overhead (indirect), travel provided, and/or equipment and supplies purchased and provided to the Cooperator for use in the project. These costs are an expense to the Forest Service, but do not include funding for reimbursement of Cooperator expenses.

(b) Forest Service Volunteer Labor (In-Kind) Contribution: This is the value of volunteer labor donated for completion of the project by the Forest Service for which the Forest Service has incurred no expense. Forest Service volunteer agreements (either sponsored or individual) should be used to document the donated services. The value of volunteer labor should be commensurate with local labor rates for similar work.

(c) Forest Service Cash to the Cooperator: This is the maximum amount of funding that will be reimbursed or advanced to the Cooperator. This is an expense to the Forest Service.

(d) Cooperator Noncash Contribution: These are expenses the Cooperator incurs that are contributed to the project in lieu of cash, but for which costs are incurred, such as employee salaries, overhead (indirect costs), travel, equipment, supplies, and so forth. These do not include in-kind contributions from third parties, such as donations from other entities or volunteer labor.

(e) Cooperator, In-Kind Contribution: In-kind contribution provided to the Cooperator from a third party organization(s) for use in the project for which the Cooperator has incurred no expense. Value assessed for volunteer labor and donated materials, equipment and supplies should be valued based on FSH 1509.11, Ch. 70. These values are not reimbursable and can only be used to satisfy the Cooperator's matching requirement. Display these contributions by Cost Element Expenditures.

(f) Cooperator Cash to the Forest Service: These are Cooperator cash contributions actually transferred to the Forest Service for use in completing the project. This is an expense to the Cooperator and does not include in-kind contributions made to the Cooperator from other organizations. Display by Cost Element where these funds will be expended. Be sure to cite a collection authority in the Agreement if this column is used.

Include cash the Cooperator is transferring to the Forest Service for the project, that has been received as a grant(s) from a non-Federal entity(ies).

(g) Cooperator, Other Federal Contribution: Contribution provided to the Cooperator from Federal agency(ies)

for use in the project. Display these contributions by Cost Element Expenditures.

(h) Total Project Value: The sum of all the values provided toward the project. This figure reflects the true estimated cost of the project.

#### Definitions for Cost Allowability

(a) Allowable Cost: A cost, as recorded on the Agreement's Financial Plan (Long, Medium, and Short) forms, associated with an agreement, which meets the criteria for authorized expenditures specific in a cost principle methodology. Generally, it meets the cost principle methodology, and is a cost the parties to an agreement intend to charge, and must be: Reasonable for the performance of the award; Necessary and reasonable for proper and efficient performance and administration of the agreement; Consistently treated as either a direct or indirect cost; Generally, determined in accordance with generally accepted accounting principles (GAAP); Net of all applicable credits (that is, less any future rebates from the purchase of goods or services); Separate from a cost or from a cost-sharing/matching requirement of another Federal award or agreement, unless otherwise permitted by Federal law or regulation; Adequately documented; Authorized or not prohibited by Federal, State, or local laws and regulations; Compliant with limits or exclusions on types or amounts of costs, as set forth in relevant Federal laws, agreement terms and conditions, or other governing regulations (examples of such costs include: entertainment, alcohol, and taxes); and, Consistent with the agency's and cooperator's internal policies, regulations, and procedures that apply to both Federal awards or agreements and other cooperator activities.

(b) Allocable Cost: A cost, as recorded on the Agreement's Financial Plan (Long, Medium, and Short) forms, associated with an agreement, which in accordance with the relative benefit received by either party for the award, is treated consistently with other costs incurred for the same purpose and in like circumstances, and if it: Is incurred specifically for the award; Benefits both the award and other ancillary work, and the cost may be distributed in reasonable proportion to the benefits received (an example of this type of cost is a piece of equipment that is used for multiple projects); or Necessary to the overall operation of the organization, although a direct relationship to any particular cost objective may not be shown.

(c) Reasonable Cost: A cost, as recorded on the Agreement's Financial Plan (Long, Medium, and Short) forms, associated with an agreement, that, in its nature and amount, does not exceed an amount that a prudent person, under the circumstances prevailing at the time the decision was made, would incur. Other factors to consider are: Whether the cost is of a type generally recognized as ordinary and necessary for the entity's operation or agreement performance; The restraints or requirements imposed by factors such as generally accepted, sound, business practices; arms-length bargaining; Federal and State laws and regulations; and the terms and conditions of the agreement; Market prices or industry standard costs for similar goods and services (that is, is the cooperator offering goods or services for an amount that exceeds what is readily available in the marketplace); Whether individuals concerned acted with prudence under the circumstances, considering their responsibilities to the entity; its members, employees, and clients; the public; and the government; and Significant deviations from established practices of the governmental entity that might unjustifiably increase costs charged to the agreement.

#### Burden Statement

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 45 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). CHAPTER 30 - ADMINISTRATIVE CLAIMS AGAINST THE GOVERNMENT**

### **33.3 - Damage to or Destruction of Private Property in Protection, Administration, and Improvement of the National Forests (16 U.S.C. 574)**

The Forest Service may reimburse private property owners for damage or destruction caused by United States employees in connection with the protection, administration, and improvement of the National Forests (16 U.S.C. 574). This authority covers claims that do not involve negligence of Forest Service employees. Address claims involving negligence of Forest Service employees under the FTCA.

#### **1. Requirements and Limitations.**

- a. Claims should be in writing. Claims filed on Form AD-382, Employee Claim for Loss or Damage to Personal Property, also may be determined under 16 U.S.C. 574 if all applicable requirements are met.
- b. The maximum award allowable is \$2,500 per claim per incident.
- c. The amount awarded for property damage or destruction may not exceed either the appraised property value at the time of damage or destruction or the reasonable value determined by acceptable practices for the type of property involved, whichever is lower.
- d. Receipts, estimates, or other acceptable evidence of damage or destruction must support the claim.

#### **2. Administrative Reports.** Administrative reports for claims considered under 16 U.S.C. 574 should include:

- a. A statement as to whether and how the damages claimed were caused by Forest Service employees in connection with the protection, administration, and improvement of the National Forests.
- b. A description of benefits derived by the claimant from the activity causing loss or damage and the degree to which the Government's action was directed, influenced, or coordinated to meet the needs of the private owner, such as to address the same threat facing Government property.

#### **3. Determination of Claims.**

- a. Full or Partial Payment. If the Claims Officer makes a determination to pay all or part of the claim, the determination letter should advise the claimant of the amount

Dennis,

(b)(6) I was given your name from James Lerke. I am trying to get information on a claim that was filed with my office. [REDACTED] is claiming that 2 large live trees were cut down, without her permission. If you are able to either direct me to whom I need to contact or provide any of the information, that would be greatly appreciated.

I need information on who cut the trees and why, was it beautify the forest? Was the forest cutting the trees in an attempt to thin the National Forest to prevent future forest fires?

The incident happened on August 12, 2014 on the property line of [REDACTED] (b)(6)

(b)(6) The forest service employee who cut the trees, were they working in their job description and under a supervisors orders?

Thank you,

Hmmm..

Copy - I am not familiar with any trees cut at that address.  
Utilizing Google Earth it appears as a completely different zip code and District (Jemez vs. Espanola) from the incident I am aware of, and additionally it was my understanding that resolution was already reached on the Jemez RD case last year.

I suspect this is a completely different situation based on the provided information...  
You can try Dennis Carril on the SNF, he is in the SO and would have knowledge of it-

If you end up at a dead end let me know...

(b)(6)

Dear \_\_\_\_\_

We received your Standard Form 95 (SF-95), *Claim for Damage, Injury, or Death*, on August 10, 2015. Your claim will be processed under the Federal Tort Claims Act (FTCA). As an agency, the Forest Service does not have authority to settle Tort claims and is required to refer them to the USDA Office of General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we are returning the SF-95 to you with a request that you submit the following documentation and/or information:

1. Claims for property damage or loss may be filed by the owner(s) of the damaged property, duly authorized agent, or legal representative. Provide proof of ownership for the property that was damaged, i.e. deed or property taxes. Each individual listed on the proof of ownership must sign Block 13a of the SF-95 as well. Additionally, the SF-95 must be dated (Block 14).
2. If an investigative report was prepared in connection with the incident, please provide a copy of the report to our office.
3. Documentation indicates that \_\_\_\_\_ witnessed the incident. Enclosed is a Standard Form 94 (SF-94), *Statement of Witness*, have \_\_\_\_\_ complete the form and return it to our office.
4. Claims must be substantiated by evidence of the amount claimed. Submit either an itemized receipt for the replacement cost(s) or at least two written estimates documenting the value of the trees.

Be advised your submission does not meet the requirements for filing a claim under the FTCA, and the two-year statute of limitations will continue to run until the defects identified are corrected.

Upon completion of the above, please send the requested information and SF-95 to Claims Specialist Julia Scoville, at the address listed above. Upon receipt, the claim will be processed and transmitted to the OGC for review and determination. If you have any questions, you may contact Julia Scoville at (505) 563-7315 or via email at [juliaascoville@fs.fed.us](mailto:juliaascoville@fs.fed.us).

Instructions for calculating Estimated Tax (NMSA 7-38-20): The calculation of an estimated property tax may be higher or lower than the property tax that will actually be imposed. Tax rates are determined by the Department of Finance and Administration no later than September 1st. RES Estimated Tax may be calculated by multiplying the Current Year's RES Net Taxable Value by the (Previous Year's RES Tax Rate divided by 1,000). NRES Estimated Tax may be calculated by multiplying the Current Year's NRES Net Taxable Value by the (Previous Year's NRES Tax Rate divided by 1,000). Combine both RES and NRES totals for Total Current Year's Estimated Tax, if applicable.

Example: RES Estimated Tax = \$45,000 RES Net Taxable Value x .035 (35,000 RES Tax Rate divided by 1,000) = \$1,575  
NRES Estimated Tax = \$2,500 NRES Net Taxable Value x .025 (25,000 NRES Tax Rate divided by 1,000) = \$62.50

Total Current Year's Estimated Tax = \$1,575 RES Estimated Tax + \$62.50 NRES Estimated Tax

"FULL VALUE" MEANS THE VALUE DETERMINED FOR PROPERTY TAXATION PURPOSES. "TAXABLE VALUE" IS 33 1/3% OF "FULL VALUE." "NET TAXABLE VALUE" IS "TAXABLE VALUE" LESS EXEMPTIONS, THE VALUE UPON WHICH TAX IS IMPOSED.

RETURN RECEIPT REQUESTED

(b)(6)

(b)(6) Dear

We received your Standard Form 95 (SF-95), *Claim for Damage, Injury, or Death*, on August 10, 2015. Your claim will be processed under the Federal Tort Claims Act (FTCA). As an agency, the Forest Service does not have authority to settle Tort claims and is required to refer them to the USDA Office of General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we are returning the SF-95 to you with a request that you submit the following documentation and/or information:

1. Claims for property damage or loss may be filed by the owner(s) of the damaged property, duly authorized agent, or legal representative. Provide proof of ownership for the property that was damaged, i.e. deed or property taxes. Each individual listed on the proof of ownership must sign Block 13a of the SF-95 as well. Additionally, the SF-95 must be dated (Block 14).
2. If an investigative report was prepared in connection with the incident, please provide a copy of the report to our office.

(b)(6) 3. Documentation indicates that (b)(6) witnessed the incident. Enclosed is a Standard  
(b)(6) Form 94 (SF-94), *Statement of Witness*, have (b)(6) complete the form and return it to our office.

4. Claims must be substantiated by evidence of the amount claimed. Submit either an itemized receipt for the replacement cost(s) or at least two written estimates documenting the value of the trees.

Be advised your submission does not meet the requirements for filing a claim under the FTCA, and the two-year statute of limitations will continue to run until the defects identified are corrected.

Upon completion of the above, please send the requested information and SF-95 to Claims Specialist Julia Scoville, at the address listed above. Upon receipt, the claim will be processed and transmitted to the OGC for review and determination. If you have any questions, you may contact Julia Scoville at (505) 563-7315 or via email at [juliaascoville@fs.fed.us](mailto:juliaascoville@fs.fed.us).

Sincerely,

**Subject:** Claim Against the Govt - [REDACTED] 2015030067-001

Good morning,

I have been assigned the above-named claim for property damage in the amount of \$200.00, sustained from trees being cut near the Cerros Los Pinos area. The private party who lives at [REDACTED] (b)(6) claims that trees were cut down on August 12, 2014.

To move forward in processing this claim, I am requesting your assistance in obtaining the following:

- Police report, ROI, IR, or any other investigative report and/or hazardous tree inspection report
- Witness statements as applicable
- FMMI WBS Element (shorthand code aka job code/override)
- Any and all information pertaining to this incident, including color photos

If you have any questions regarding this request, please don't hesitate to contact me.  
Thank you.

## INSTRUCTIONS

Claims presented under Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involved more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY.

Failure to completely execute this form to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory for the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item #12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expensed actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damage, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

**Tort Letter**

(b)(6) [redacted]  
(b)(6) To: [redacted]  
(b)(6) [redacted]

During the month of August, 2014, the Santa Fe/ Jemez fire district contracted a crew to cut down slash and dead wood, along with some live trees near the Cerros los pinos area in the jemez mountains. During this time 2-3 live trees were cut down on the private property of

(b)(6) [redacted] which is (b)(6) [redacted]  
new mexico Principal Meridian. It is about (b)(6) [redacted]

(b)(6) [redacted] Santa Fe Forest. The incident occurred on the west side of said property and alongside (b)(6) [redacted] There are boundary markers clearly marking the distinction between private land, and Santa Fe National Forest. The trees were cut down behind a small structure to clearly lay out this oversight. It has come under my attention that the employees of the United States Forest Service Department, under the management of New Mexico State, committed this harmful act outside of his/her duties to trim along private property perimeter lines. After emailing and meeting with some of the officials to go over the incident, my dismay was expressed at the irreplaceable large trees, and discussed further action to work together to remedy this situation. We, the claimant, seek to rectify this situation with monetary compensation for the damages.

Sincerely,

(b)(6) [redacted]

Greetings 

As of current we have inspected work completed along property lines within Sierra Los Pinos project area and have found no additional

evidence of intrusion. Collectively, both the State of New Mexico and the USDA US Forest Service stand ready to rectify the situation to

the best of our ability.

I would like to extend an offer to clean-up the work that was done on your property. This would consist of complete removal of the smaller

diameter slash, blocking (firewood length) and stacking of the cut trees (the 2 live and misc. dead) at an acceptable location on your

property for your future use. This would essentially result in clean-up of our shared West property boundary.

If this agreeable, please let me know and we will start work as soon as possible.

Sincerely,

Todd

A good estimate for those logs, using Scribner's Decimal C, would be approximately 350 Board Feet each. We generally pay 35 cents per board foot for logs delivered to our yard. The total for those two trees would be around \$245.

I hope this helps,

Owner # (b)(6) Lea County, New Mexico

Dear Owner:

This letter is notification in lieu of a division order. Attached is a printout which identifies the interest(s) we have credited to your account.

If you have questions concerning the interest(s) credited to your account, please contact us in writing at the letterhead address. If your Tax Identification Number (Social Security Number) is reflected as "REQUIRED", please complete an IRS W-9 form and return it to us promptly as accounts with missing or incorrect Tax Identification Numbers are subject to a backup withholding rate set by the IRS of 28%. Also, please review your name and address and if the name appearing on the attachment does not match the exact name filed with the IRS for the Tax Identification Number, please furnish us the correct name.

Please notify Chevron U.S.A. Inc. (hereinafter called Chevron) in writing of any change of ownership. No transfer of interest shall be binding upon Chevron until 45 days after the recorded and/or certified copy(ies) of the transfer document(s) are furnished to Chevron at P.O. Box 4538, Houston, Texas, 77210.

Payments for oil, gas and/or products, after deductions, will be paid monthly. Chevron will make payments only when proceeds have accumulated in the amount of one hundred dollars (\$100.00), after which a check will be issued. If after 6 months the total accumulated proceeds are less than \$100.00, a semiannual payment will be made regardless of the amount. Semiannual payments will be made in January and July of each year. If you have questions, please do not hesitate to contact me.

Sincerely,

CLAIMS MANAGEMENT

File Code: 6570

Date:

(b)(6) Subject: Tort - [redacted] Property Damage; \$200.00; August 12, 2014;  
Southwestern Region, Santa Fe National Forest, Ranger District

To: Kenneth Paur, District Regional Attorney, USDA - Office of the General Counsel

Incident: Property Damage

Date: August 12, 2014

(b)(6) Location: [redacted]

(b)(6) Claim 1: [redacted]

Property Damage  
Duly filed claim received December 23, 2015  
\$200.00

#### Summary and Recommendation:

(b)(6) Enclosed is a tort claim, submitted by [redacted] for property damage sustained in an alleged property damage from a Master Participating Agreement between New Mexico Energy, Minerals and Natural Resources Department (EMNRD) and the Forest Service (FS) (Exhibit A). The facts and circumstances, as discussed below, indicate EMNRD inmates breached their duty to exercise due diligence when operating a chain saw in a safe and prudent manner pursuant to FS Agreement 11-PA-11031600-017 (Exhibit B). Therefore, we recommend denial of [redacted] (b)(6)

(b)(6) [redacted] claim in the amount of \$200.00. We believe this claim is cognizable under the Federal Tort Claims Act (FTCA) (28 U.S.C. 1346, 2401, and 2671-2680), and request your review and determination.

(b)(6) [redacted] alleges that on August 12, 2014, at approximately 2:00 p.m., the inmate crew cut down two live trees on her private property.

#### Details of the Incident:

(b)(6) According to the enclosed SF-91, Motor Vehicle Accident Report, on June 18, 2015, at approximately 4:15 p.m., FS employee [redacted] states he was attempting to back a FS flatbed truck, tag number (b)(6), out of the Teton Basin Ranger District parking lot, located at 515 South Main Street in Driggs, ID 83422. [redacted] stated that a truck with a boat entering the parking lot distracted him and caused him to back the FS vehicle into [redacted] vehicle. [redacted] vehicle was parked and unoccupied when the FS vehicle backed into it. (b)(6)

(b)(6) On the afternoon of June 18, 2015, [redacted] drove into the District Office in Driggs, ID, to talk with his supervisor. As [redacted] was later backing out of the parking lot to leave the District Office, he backed in [redacted] vehicle. [redacted] trip was within his established working hours; he did not deviate from his direct route, nor did he engage in any unauthorized

(b)(6);(b)(7)(C) activity. His supervisor, District [REDACTED] indicated on the enclosed SF-91 that he  
(b)(6) considered [REDACTED] to be acting within the scope of his employment at the time of the  
[REDACTED] accident.

### Analysis of Claim:

On August 10, 2015, the Albuquerque Service Center (ASC) received a Standard Form 95 (SF-95), *Claim For Damage, Injury, or Death*, from [REDACTED] in the amount of \$200.00 due (b)(6)  
to property damage to live trees on her private property allegedly caused by the FS. She believes  
the FS is responsible for the damage because the work crew was unsupervised. (Exhibit A).

(b)(6) [REDACTED] submitted two repair estimates one from Spotted Owl Timber totaling \$245.00,  
and another from Trim Pines totaling \$250.00 each tree (Exhibit C). In addition, [REDACTED] (b)(6)  
provided a property tax statement showing proof of ownership for the land and trees on the  
property (Exhibit D). She did not have insurance on the private property; therefore, we do not  
anticipate any further claims relative to this incident.

### Conclusion:

Under the FTCS, the claimant must prove that there was a negligent or wrongful act or omission  
by the agency and the alleged negligence was the proximate cause of their property damage and/or  
personal injury. As noted, we believe that the inmate crew did not use due care while operating  
the chain saw and their actions resulted in the damage to [REDACTED] property damage. (b)(6)  
ENMRD had a duty to provide the safe and prudent manner in accordance with Forest Service  
Handbook 6709.11, Chapter 10, Section 12.4 Defensive Driving Techniques. [REDACTED] (b)(6)  
breach of duty caused the claimant's damages. Therefore, we recommend you approve the claim  
in the amount of \$200.00, which is the amount that was submitted on the SF-95.

~~If you concur with our recommendation, please sign the enclosed FS form, FS 6500-215,  
Voucher for Payment, and process through your normal procedures.~~

Please call Julia Scoville at 505-563-7315 or email [ascclaims@fs.fed.us](mailto:ascclaims@fs.fed.us) if you have questions

(b)(6)

Hello Julia,

Myself as a forest service representative will establish specifications and a map to hand off to the IWC crew, who is led by a crewboss from NMEDM. I will walk a bit a of the project with the crewboss and explain specs then leave it to them to complete the project. So all through the day the NMEDM crewboss is directing the crew and I will come back to inspect the work.

The chain of command goes from me to the NMEDM crewboss and then to the inmates performing the work. I hope this helps answer your questions.

Thanks  
Dennis

Dennis,

I have another question or two I need some explanation on. Where the inmates being directed by forest service employees? Or are the agreement holders given projects that need to be completed and then the inmates guards or whoever is in charge of them proceed to complete the work assignment?

Sorry for all the questions.

This Supplemental Project Agreement (SPA) is hereby made and entered into by and between the New Mexico Energy, Minerals and Natural Resources Department, hereinafter referred to as "EMNRD," and the USDA, Forest Service, Santa Fe National Forest, hereinafter referred to as the "U.S. Forest Service," as specified under the provisions of Master Participating Agreement # 11-PA-11031600-017.

# **I. GENERAL PROJECT DESCRIPTION**

**PROJECT NAME:** Southwest Jemez Mountain Landscape Restoration

**LOCATION:** The project area is located in the Middle Jemez River Watershed. The Village of Jemez Springs lies in the middle of the area; Jemez Pueblo and the Town of Ponderosa are 7 miles and 4 miles, respectively, to the south.

The Jemez River flows through the middle of the area. Other drainages include San Antonio Creek, Rio Guadalupe, and Rio Cebolla. South-to-southwest-facing canyons and mesas dominate the area and include Virgin Canyon and Virgin, Holiday, Schoolhouse, and Stable Mesas to the west of the Jemez River, and Paliza and San Juan Canyons and Cat and San Juan Mesas to the east. (See Map)

**UNIT/DISTRICT:** Santa Fe National Forest, Jemez Ranger District

**PROPOSED STARTING AND ENDING DATE:** July 20, 2013 – April 4, 2016

**PURPOSE OF PROJECT:** Assist in the Jemez RD in implementation of the Collaborative Forest Landscape Restoration Strategy developed for the Southwest Jemez Mountain Landscape Restoration Project.

**PROJECT DESCRIPTION:** The work under this Project Plan will include but not be limited to line construction, preparation, burning, and holding operations of numerous broadcast prescribed burns planned in FY 2013- FY 2016.

**Commented [A1]:** Prior to, or early in the G&A process, both parties should ensure that the cooperator has a EIN/TIN, DUNS, and is CCR registered. CCR registration is required annually. Contact your local G&A Specialist for more information.

**Commented [A2]:** This form will auto populate with the Cooperator's name after you enter it in the first paragraph. After you enter the desired name hit the "TAB" key; this will trigger the document to auto populate.

**Commented [A3]:** Insert Forest Service agreement number using the following format: FY-PA-11RRUUSS-XXX.

**Commented [A4]:** Insert cooperator agreement number, if applicable.

**Commented [A5]:** Insert cooperator agreement number, if applicable.

**Commented [A6]:** Insert the Master Participating Agreement number.

**Commented [A7]:** Insert Cooperator's legal name.

**Commented [A8]:** Insert Forest Service Region/Station/Area/Institute name.

**Commented [A9]:** Insert Cooperator's legal name.

**Commented [A10]:** Insert Cooperator's Name or the word "Cooperator." Do not include the article "the."

**Commented [A11]:** Insert FS Region/Station/Area/Institute name.

**Commented [A12]:** Insert the Master Participating Agreement number.

**PUBLIC BENEFITS DERIVED FROM PROJECT:** This project will reduce hazardous fuels that pose a significant risk to values and simultaneously produce wood by-products while focusing on diversifying forest structure and species composition. The long term objective is to re-establish natural fire regimes in order to sustain healthy forest and watershed conditions for future generations. This strategy is designed to fundamentally shift the entire contiguous forested landscape toward supporting characteristic wildfire regimes, native wildlife species, clean abundant water flows, additionally, creating other desired conditions. This strategy should yield tremendous long-term ecological, social, and economic benefits to New Mexico's citizens and visitors.

## 1. WRITTEN DESCRIPTION OF PROJECT

### BOUNDARY:

The project area covers about 110,000 acres of National Forest System land and is located in the Middle Jemez River Watershed (Figure 1). The Valles Caldera National Preserve adjoins the project area on the northeast side; Bandelier National Monument lies to the southeast. A parcel of Jemez Pueblo land lies within the southeast part of the project area near Paliza Canyon.

The Village of Jemez Springs lies in the middle of the project area; Jemez Pueblo and the town of Ponderosa are 7 miles and 4 miles, respectively, to the south. There are also several small subdivisions and communities in the mountains around Jemez Springs, including Sierra de los Pinos, La Cueva, and Thompson Ridge. Non-National Forest System lands within the project area boundary total 13,836 acres, broken down as follows: Jemez Pueblo, 3,845 acres; State, 281 acres, and private or other lands, 9,710 acres. No treatments are proposed on non-national forest land.

The Jemez River flows through the middle of the area. Other drainages include San Antonio Creek, Rio Guadalupe, and Rio Cebolla. Elevations range from 10,109 feet at the top of Cerro Pelado to 5,500 feet in the canyon bottoms. Canyons and mesas dominate the area and include Virgin Canyon and Virgin, Holiday, Schoolhouse, and Stable Mesas to the west of the Jemez River, and Paliza and San Juan Canyons and Cat and San Juan Mesas to the east.

(see map)

## 2. SPECIAL PROJECT TASKS:

Treat slash, build fuel breaks, conduct prescribed burning

In consideration of the above premises, the parties agree as follows:

## II. RESPONSIBILITIES:

### A. The EMNRD shall:

1. Perform in accordance to the Master Participating Agreement and this Project Supplemental Agreement (SPA) as agreed to by both EMNRD and the U.S. Forest Service.
2. Perform in accordance with the financial and operating plan.
3. Coordinate with the Forest Service on any issues that may occur.
4. Follow all safety requirements as per the Job Hazard Analyses provided.
5. Meet with the U.S. Forest Service prior to each field season to discuss Forest area priorities and needs.

### B. The U.S. Forest Service shall:

1. Perform in accordance with the financial and operating plan.
2. Provide and communicate relevant information about project plans, prescribed burn plans, including location, boundaries, goals and objectives and other pertinent information.
3. Coordinate with the EMNRD on any issues that may occur.
4. Provide a Job Hazard Analyses appropriate for this project work and make sure that they are discussed and documented prior to project work.

**Commented [A13]:** Fully describe all work, tasks, studies, funding reimbursements, collections, inspections, consultations and cooperation the partner will perform.

5. **PAYMENT/REIMBURSEMENT.** The U.S. Forest Service shall reimburse the EMNRD for the U.S. Forest Service's share of actual expenses incurred, not to exceed \$160,000 from 2013-2016 at approximately \$40,000 per year as shown in the Financial Plan. The U.S. Forest Service shall make payment upon receipt of the EMNRD's invoice. Each invoice from the EMNRD shall display the total project costs for the billing period, separated by U.S. Forest Service and the EMNRD's share. In-kind contributions must be displayed as a separate line item and must not be included in the total project costs available for reimbursement. The final invoice must display the EMNRD's full match towards the project, as shown in the financial plan, and be submitted no later than 90 days from the expiration date.

Commented [A14]: Mandatory provision [E] reimbursable payments will be made by the Forest Service.

Commented [A15]: Insert appropriate response : monthly, quarterly, semi-annual, or annual.

Each invoice must include, at a minimum:

1. The EMNRD's name, address, and telephone number
2. U.S. Forest Service agreement number
3. Invoice date
4. Performance dates of the work completed (start & end)
5. Total invoice amount for the billing period
6. Statement that the invoice is a request for payment by 'reimbursement'
7. If using SF-270, a signature is required.
8. Invoice Number, if applicable

The invoice must be sent by one of three methods (email is preferred):

6. **AVAILABILITY OF FUNDS.** U.S. Forest Service funds in the amount of \$160,000 are currently available for performance of this instrument through April 4, 2016. The U.S. Forest Service's obligation for performance of this instrument beyond this date is contingent upon the availability of appropriated funds from which payment can be made. No legal liability on the part of the U.S. Forest Service for any payment may arise for performance under this instrument beyond April 4, 2016 until funds are made available to the U.S. Forest Service for performance and until the EMNRD receive(s) notice of availability to be confirmed in a written modification by the U.S. Forest Service.

**Commented [A16]:** Mandatory provision, if only a portion of the funding for a multi-year project is available, and future funding is anticipated. Insert only the amount of funding currently available during the period of performance. This does not include any funds previously contributed to the agreement. Subsequent modifications that add funds must include this provision, and must reflect the total available of funding for the period of performance under the modification. Insert in both places the date that funds may be first expended by the cooperator.

**Commented [A17]:** Insert date.

**Commented [A18]:** Insert date.

Burden Statement

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

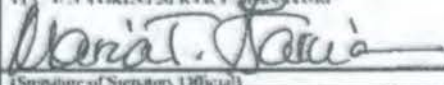

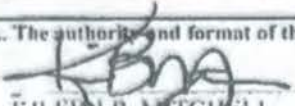

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call toll free (866) 632-9992 (voice). TDD users can contact USDA through local relay or the Federal relay at (800) 877-8339 (TDD) or (866) 377-8642 (relay voice). USDA is an equal opportunity provider and employer.

**Burden Statement**

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call toll free (866) 632-9992 (voice). TDD users can contact USDA through local relay or the Federal relay at (800) 877-8339 (TDD) or (866) 377-8642 (relay voice). USDA is an equal opportunity provider and employer.

allowed, should enclose form FS-6500-215 for completion, and should notify the claimant that the payment is being processed and that the case is closed. If the claimant is a Forest Service employee, a signature is not required on form FS-6500-215.

b. Denial. If the Claims Officer denies the claim, the determination letter should advise the claimant of the reasons for denial. The claimant may appeal the denial by the Claims Officer to the ASC-B&F Claims Branch Chief. The ASC-B&F Claims Branch Chief should respond directly to the claimant. The ASC-B&F Claims Branch Chief's determination is final and conclusive. Determinations under this statute are not appealable to the Federal courts.

**4. Payment of Claims.**

a. Pay approved claims from funds appropriated for National Forest protection, administration, and improvement. Determine the chargeable fiscal year by the date of the award, compromise, or settlement, not by the date on which the damage occurred (Comp. Gen. B-174762; Jan. 24, 1972).

b. Upon receipt of form FS-6500-215 from the claimant, request the Claims Officer to approve the voucher. After approval, provide the following documents to SWAM for processing:

- (1) The original form FS-6500-215, signed by both the claimant and the Claims Officer.
- (2) The SWAM transmittal checklist for the claims payment worksheet.
- (3) A copy of the Claims Officer's determination letter.

**34 - SPECIFIC TYPES OF CLAIMS**

**34.1 - Contract Claims**

The Contract Disputes Act (CDA) covers any claim arising out of a contract (41 U.S.C. 601). The FTCA does not cover damages arising out of a contract. Potential CDA claimants should not be provided with an SF-95 to submit a claim. Any SF-95 submitted for damages that appear to arise out of a contract should be referred to the Contracting Officer.

If a Contracting Officer determines the claim is outside the scope of the contract, refer the claim to the Claims Officer for settlement under the appropriate claim authority. In the transmittal to the Claims Officer, include a copy of the contract and the Contracting Officer's decision.

(b)(6) On October 10, 2011 at or about 1832 hours I, (b)(6) was dispatched to Forest Road 106 in Thompson Ridge in reference to EMS requesting law enforcement due to a logging accident.

Upon arrival I made contact with La Cueva Fire (b)(6) I was informed that there had been an accident involving a male subject where a tree had struck him in the back of his head. According to (b)(6) the male subject was unconscious and was given CPR. At this point I requested he take me to the scene. I followed (b)(6) up the hill, North of Forest Road 106 (GPS coordinates 106 N35.90379 W106.62975). I followed him to a parked black dodge pickup truck. In the bed of the truck there was a male subject, identified as (b)(6) was not breathing and had medical tubes sticking out of his throat.

I observed that (b)(6) was bleeding from his nose and had a large abrasion on his right shoulder. (b)(6) shirt was cut off and his body was cold to the touch. His neck was beginning to turn purple from the blood settling and there was a large bloody bump on the top of his head. I took several photographs of (b)(6) for the case file. I was told that the actual incident was quite a ways up and no lighting. The terrain was rough and muddy to be traveling in the dark.

(b)(6) After I finished my photographs I made contact with (b)(6) family. I spoke with (b)(6) (b)(6) informed me that (b)(6) had been logging in the area when a dead aspen fell on top of his (b)(6) and knocked him unconscious. (b)(6) explained to me that when they found him he was not breathing and he was loaded up into the back of the pickup and (b)(6) began giving him CPR until EMS and Fire arrived.

(b)(6) I asked (b)(6) if anyone had witnessed the incident. (b)(6) advised that he observed what had happened. He explained that (b)(6) was approximately 20 yards to the south of him removing branches from the fallen trees, when a tree fell and struck (b)(6) on the back of his head. \* Continued \*

(b)(6) stated that (b)(6) had attempted to stand up, then fell down on his back, with his head facing west. When (b)(6) went to check if (b)(6) was breathing, he noticed that he had thrown up.

(b)(6);(b)(7)(C) was notified and arrived on scene at approximately 2021 hours. She called time of death at 2022 hours. She explained to me that he may have suffered from a broken neck or a brain injury, but could not determine until the autopsy was completed. After OMI finished her investigation she made arrangements for the vehicle to be transported.

(b)(6) I asked (b)(6) when they had began cutting trees and he advised early that morning. He further explained that the entire crew had returned from lunch around 1630 hours when they all had seperated in pairs. I asked when the incident occurred and they advised about 1700 hours. According to (b)(6) had not consumed any alcoholic beverages or narcotics. I asked (b)(6) if there was any (b)(6) that needed to be notified. (b)(6) explained that (b)(6) OMI listed (b)(6) as (b)(6).

(b)(6) On 10/11/11 at about 1500 hours I returned to the scene of the incident to finish my investigation. Several photographs were taken. I located (b)(6) ear protection where he was said to have been working. I also found the tree that had fallen and had struck him in the head. There was a portion of the tree that had snapped. In my investigation I determined that another tree that had been cut struck a dead aspen causing it to fall on top of (b)(6) head. Photographs and a written statement are attached to the case file. The family was given the option of arranging for a chaplain, but refused. No further information at this time.

## INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

- (a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.
- (b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.
- (c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.
- (d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

Enclosed are two copies of our administrative report for the Las Conchas Fire. The report includes the fire investigation and an itemized summary of costs incurred by the Forest Service incident to the Las Conchas Fire that occurred on the Santa Fe National Forest.

According to the agency's investigative report, the fire was caused by downed electrical utility lines owned by Jemez Mountains Electric Cooperative, Inc. (JMEC).

The initial demand letter and bill for collection was sent to the debtor, JMEC on January 31, 2013. JMEC referred the demand and bill for collection to their attorney, Darren Marlowe of Downs & Stanford, P.C. Mr. Marlowe has requested to speak with our attorneys regarding this debt. Therefore, are referring this matter to your office for review and further handling.

Re: Notice of Indebtedness to the USDA Forest Service

Dear Mr. Gonzales:

The Forest Service (FS) has determined that Jemez Mountains Electric Cooperative (JMEC), Inc. owes the United States \$38,280,469.42. Enclosed are two copies of a bill for that amount. Payment in full, via check or money order, must be made within 30 days of the date of this letter to:

USDA Forest Service, Albuquerque Service Center  
Attn: Unit Collection Officer  
101B Sun Avenue NE  
Albuquerque, NM 87109

Please return one copy of the bill with your payment. The second copy is for your records.

Basis of Indebtedness

The basis of this indebtedness is the direct costs incurred by the FS for the Las Conchas Fire, which was caused by down power lines owned by JMEC. According to the investigative report, on June 26, 2011, an aspen tree fell onto power transmission lines owned by JMEC causing the lines to burn and break resulting in the fire. The Las Conchas Fire burned approximately 152,012 acres of National Forest System (NFS) lands near New Mexico State Road 4 near the Las Conchas Trailhead located on the Jemez Ranger District of the Santa Fe National Forest.

Federal regulations prohibit causing a fire. Specifically, 36 C.F.R. §261.5(c) prohibits causing timber, trees, slash, brush or grass to burn except as authorized by permit.

In addition, the terms of JMEC's special use permit states that JMEC is liable for damages occurring under the terms of the permit, including fire suppression costs. Therefore, JMEC is liable for the costs of suppressing the fire. Documentation supporting the costs incurred by the FS is enclosed.

Interest, Penalties, and Administrative Costs

Pursuant to 31 U.S.C. 3717(b), 31 C.F.R. § 901.9 and 7 C.F.R. § 3.17, this debt is subject to interest, penalties, and administrative costs if it is not paid in full by the due date.

The current interest rate for delinquent debts owed the United States is 1.0 percent. If the debt is not paid in full within 90 days of the due date, you will also be charged a penalty of one percent per annum on the

amount overdue. Interest and penalty charges will be calculated from the date the bill was issued, and will continue to accrue until it is paid in full. Additionally, you will be charged applicable administrative costs to cover processing and handling of the overdue debt.

#### Reporting Requirement

Pursuant to 7 C.F.R. § 3.12, this debt may be reported to credit bureaus if it is over 60 days delinquent.

#### Additional Collection Measures

If you do not take one of the three actions described below within 30 days from the date of this notice, the FS will refer your debt to the United States Department of Justice (DOJ) pursuant to 7 C.F.R. § 3.21 for further collection action.

#### Action Necessary to Avoid Late Charges and Referral to DOJ

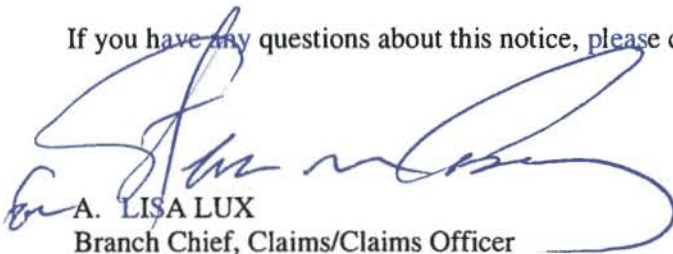

To avoid reporting to credit bureaus and referral to DOJ for litigation you must do one of the following within 30 days of the date of this notice:

1. Pay your debt in full, as provided above.
2. Agree to a payment plan. If you are unable to pay your debt in full, you must contact Loredia Brooks at the address above or by telephone at 505-563-7192, sign a payment plan agreement with the FS, and make payments as required in the agreement.
3. Document an automatic stay in a bankruptcy proceeding. If you have filed for bankruptcy and an automatic stay is in effect, please provide a copy of the bankruptcy petition containing the stamp of the clerk of the bankruptcy court to Loredia Brooks at the address above.

You have a right to inspect and copy the FS records related to this debt. You must pay for copying costs.

If you have insurance, you may want to consider referring this debt to your insurance carrier.

If you have any questions about this notice, please contact Loredia Brooks at 505-563-7192.

This permit covers 320,467 acres and/or 114,563 miles of existing line and is described as ("West Side" Master Permit) as shown on the location map attached to and made a part of this permit, and is issued for the purpose of Electrical Power Transmission and Distribution.

The above described or defined area shall be referred to herein as the "permit area".

## TERMS AND CONDITIONS

### I. AUTHORITY AND GENERAL TERMS OF THE PERMIT

A. Authority. This permit is issued pursuant to the authorities enumerated at Title 36, Code of Federal Regulations, Section 251 Subpart B, as amended. This permit, and the activities or use authorized, shall be subject to the terms and conditions of the Secretary's regulations and any subsequent amendment to them.

B. Authorized Officer. The authorized officer is the Forest Supervisor or a delegated subordinate officer.

C. License. This permit is a license for the use of federally owned land and does not grant any permanent, possessory interest in real property, nor shall this permit constitute a contract for purposes of the Contract Disputes Act of 1978 (41 U.S.C. 611). Loss of the privileges granted by this permit by revocation, termination, or suspension is not compensable to the holder.

D. Amendment. This permit may be amended in whole or in part by the Forest Service when, at the discretion of the authorized officer, such action is deemed necessary or desirable to incorporate new terms, conditions, and stipulations as may be required by law, regulation, land management plans, or other management decisions.

E. Existing Rights. This permit is subject to all valid rights and claims of third parties. The United States is not liable to the holder for the exercise of any such right or claim.

F. Nonexclusive Use. Unless expressly provided in additional terms, this permit is not exclusive. The Forest Service reserves the right to use or allow others to use any part of the permit area for any purpose.

G. Public Access and Use. Unless specifically limited under additional terms to this permit, the holder agrees to allow the public free and unrestricted access to and use of the permit area at all times for all lawful purposes. To facilitate public use of the permit area, all existing roads or roads as may be constructed by the holder shall remain open to the public, except for roads as may be closed by joint agreement of the holder and the authorized officer.

H. Forest Service Right of Entry and Inspection. The Forest Service shall have free and unrestricted access at all times, including the right to enter into all buildings, dwellings, and other facilities to ensure compliance with the terms and conditions of this permit. In addition, the Forest Service may enter the authorized facilities for any purpose or reason consistent with any right or obligation of the United States under any law or regulation.

I. Assignability. This permit is not assignable or transferable. If the holder through death, voluntary sale or transfer, enforcement of contract, foreclosure, or other valid legal proceeding shall cease to be the owner of the improvements, this permit shall terminate.

J. Permit Limitations. Nothing in this permit allows or implies permission to build or maintain any structure or facility, or to conduct any activity unless specifically provided for in this permit. Any use not specifically identified in this permit must be approved by the authorized officer in the form of a new permit or permit amendment.

## II. TENURE AND ISSUANCE OF A NEW PERMIT

A. Expiration at the End of the Authorized Period. This permit will expire at midnight on 12/31/2014. Expiration shall occur by operation of law and shall not require notice, any decision document, or any environmental analysis or other documentation.

B. Minimum Use or Occupancy of the Permit Area. Use or occupancy of the permit area shall be exercised at least 365 days each year, unless otherwise authorized in writing under additional terms of this permit.

C. Notification to Authorized Officer. If the holder desires issuance of a new permit after expiration, the holder shall notify the authorized officer in writing not less than six (6) months prior to the expiration date of this permit.

D. Conditions for Issuance of a New Permit. At the expiration or termination of an existing permit, a new permit may be issued to the holder of the previous permit or to a new holder subject to the following conditions:

1. The authorized use is compatible with the land use allocation in the Forest Land and Resource Management Plan.
2. The permit area is being used for the purposes previously authorized.
3. The permit area is being operated and maintained in accordance with the provisions of the permit.
4. The holder has shown previous good faith compliance with the terms and conditions of all prior or other existing permits, and has not engaged in any activity or transaction contrary to Federal contracts, permits, laws, or regulation.

E. Discretion of Forest Service. Notwithstanding any provisions of any prior or other permit, the authorized officer may prescribe new terms, conditions, and stipulations when a new permit is issued. The decision whether to issue a new permit to a holder or successor in interest is at the absolute discretion of the Forest Service.

## III. RESPONSIBILITIES OF THE HOLDER

A. Plans. If required by the authorized officer, all plans for development, layout, construction, reconstruction, or alteration of improvements on the permit area, as well as revisions of such plans, must be prepared by a licensed engineer, architect, and/or landscape architect. Such plans must be approved in writing by the authorized officer or a designated representative before the commencement of any work. A holder may be required to furnish as-built plans, maps, or surveys, or other similar information, upon completion of construction.

B. Maintenance. The holder shall maintain the improvements and permit area to standards of repair, orderliness, neatness, sanitation, and safety acceptable to the authorized officer, and consistent with applicable Federal, State, and local health and safety and other requirements.

C. Hazard Analysis. The holder has a continuing responsibility to identify and abate hazardous conditions on the permit area which could affect the improvements or pose a risk of injury to individuals. Any actions to abate such hazards shall be performed after consultation with the authorized officer.

D. Compliance with Laws, Regulations, and other Legal Requirements. The holder, in exercising the uses authorized by this permit, will assume responsibility for compliance with the regulations of the Department of Agriculture and all Federal, State, county,

and municipal laws, ordinances, or regulations which are applicable to the area or operations covered by this permit. The obligations of the holder under this permit are not contingent upon any duty of the Forest Service to inspect the premises. A failure by the Forest Service, or other governmental officials, to inspect is not a defense to noncompliance with any of the terms and conditions of this permit.

E. Fire Prevention and Suppression. The holder shall take all reasonable precautions to prevent and suppress forest fires. Open fires are prohibited except with written permit from the authorized officer or the authorized officer's agent.

F. Change of Address. The holder shall immediately notify the authorized officer of a change in address.

G. Change in Ownership of the Authorized Improvements. This permit is not assignable and terminates upon change of ownership of the improvements. The holder shall immediately notify the authorized officer when a change in ownership is pending. Notification by the present holder and potential owner shall be executed using Form FS-2700-3, Special Use Application and Report, or Form FS-2700-3a, Request for Termination of and Application for Special-Use Permit. Upon receipt of the proper documentation, the authorized officer may issue a permit to the new owner of the improvements.

#### IV. LIABILITY

For purposes of this section, "holder" includes the holder's heirs, assigns, agents, employees, and contractors.

A. Risk of Loss. The holder assumes all risk of loss of the property. Loss to the property may result from, but is not limited to, theft, vandalism, fire, avalanches, rising waters, winds, falling limbs or trees, and acts of God. If the authorized improvements are destroyed or substantially damaged, the authorized officer shall conduct an analysis to determine whether the improvements can be safely occupied in the future and whether rebuilding should be allowed.

B. Damage to Property of the United States. The holder has an affirmative duty to protect from injury and damage the land, property, and other interest of the United States. Damage includes, but is not limited to, fire suppression costs and all costs and damages associated with or resulting from the release or threatened release of a hazardous substance occurring during or as a result of the holder's activities on, or related to, the lands property, and other interests covered by the permit.

1. The holder shall compensate in full the United States for damages occurring under the terms of this permit or under any law or regulation applicable to the National Forests. The holder shall be liable for all injury, loss, or damage, including fire suppression, or other costs associated with rehabilitation or restoration of natural resources, associated with the holder's use or occupancy. Compensation shall include, but is not limited to, the value of resources damaged or destroyed, the costs of restoration, cleanup, or other mitigation, fire suppression or other types of abatement costs, and all administrative, legal (including attorney fees), and other costs in connection therewith.

2. With respect to roads, the holder shall be liable for damages to all roads and trails of the United States open to public use caused by the holder's use to the same extent as provided under paragraph IV (B) (1), except that liability shall not include reasonable and ordinary wear and tear.

3. In addition to liability provided in this paragraph, the holder may incur strict liability for certain high hazard situations if so provided by additional clauses appended to this permit.

C. Indemnification and Liability of the United States. The holder shall comply with all applicable federal, state, and local laws and regulations, including but not limited to the Federal Water Pollution Control Act, 33 U.S.C. 1251 et seq, the Oil Pollution Act, 33 U.S.C. 2701 et seq, the Clean Air Act, 42 U.S.C. 7401 et seq, the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et seq, and the Comprehensive Environmental Response, Control, and Liability Act, 42 U.S.C. 9601 et seq, as subsequently amended. The holder shall indemnify, defend, and hold the United States harmless for any violations incurred under any such laws and regulations or for any

costs, damages, claims, liabilities, and judgements arising from past, present, and future acts or omissions of the holder in connection with the use and/or occupancy authorized by this permit. This indemnification and hold harmless agreement includes, but is not limited to, acts and omissions of the holder in connection with the use and/or occupancy authorized by this permit which result in: (1) violations of the above or any applicable laws and regulations; (2) judgements, claims, or demands assessed against the United States; (3) costs, expenses, and damages incurred by the United States; or (4) other releases or threatened releases on or into land, property, and other interest of the United States by solid waste and/or hazardous substance(s).

The holder's indemnification of the United States shall also include any damage to life or property arising from the holder's occupancy or use of land, property, and other interest of the United States. The United States has no duty to inspect permit area or to warn of hazards and, if the United States does inspect the permit area, it shall incur no additional duty nor liability for identified or non-identified hazards. This covenant may be enforced by the United States in a court of competent jurisdiction.

#### V. TERMINATION, REVOCATION, AND SUSPENSION

A. General. For purposes of this permit, "termination", "revocation", and "suspension" refer to the cessation of uses and privileges under the permit.

"Termination" refers to the cessation of the permit under its own terms without the necessity for any decision or action by the authorized officer. Termination occurs automatically when, by the terms of the permit, a fixed or agreed upon condition, event, or time occurs. For example, the permit terminates at expiration. Terminations are not appealable.

"Revocation" refers to an action by the authorized officer to end the permit because of noncompliance with any of the prescribed terms, or for reasons in the public interest. Revocations are appealable.

"Suspension" refers to a revocation which is temporary and the privileges may be restored upon the occurrence of prescribed actions or conditions. Suspensions are appealable.

B. Revocation or Suspension. The Forest Service may suspend or revoke this permit in whole or part for:

1. Noncompliance with Federal, State, or local laws and regulations.
2. Noncompliance with the terms and conditions of this permit.
3. Reasons in the public interest.
4. Abandonment or other failure of the holder to otherwise exercise the privileges granted.

C. Opportunity to Take Corrective Action. Prior to revocation or suspension for cause pursuant to Section V (B), the authorized officer shall give the holder written notice of the grounds for each action and a reasonable time, not to exceed 90 days, to complete the corrective action prescribed by the authorized officer.

D. Removal of Improvements. Upon abandonment, revocation, termination, or expiration of this authorization, the holder shall remove within a reasonable time prescribed by the authorized officer all structures and improvements, except those owned by the United States, and shall restore the site. If the holder fails to remove all structures or improvements within the prescribed period, they shall become the property of the United States and may be sold, destroyed or otherwise disposed of without any liability to the United States. However, the holder shall remain liable for all cost associated with their removal, including costs of sale and impoundment, cleanup, and restoration of the site.

## VI. FEES

A. Fees - Rural Electrification Administration Facilities. Public Law 98-300 amends section 504(g) of the Federal Land Policy and Management Act, 43 U.S.C. 1764, to provide that no rental fee shall be charged for rights-of-way for electric or telephone facilities financed pursuant to the Rural Electrification Act of 1936. Therefore, the holder of this permit is exempted from a land rental fee as provided for in Public Law 98-300. Upon adoption of regulation, however, the Forest Service may recover costs associated with the administration of this permit pursuant to Public Law 98-300.

B. Late Payment Interest. Pursuant to 31 USC 3717, and regulations at 7 CFR Part 3, Subpart B, and 4 CFR Part 102, an interest charge shall be assessed on any payment or financial statement not received by the due date. Interest shall be assessed using the most current rate prescribed by the United States Department of Treasury's Fiscal Requirements Manual (TFRM-6-8020.20). Interest shall accrue from the date the payment or financial statement was due. In the event that two or more billings are required for delinquent accounts, administrative costs to cover processing and handling of the delinquent debt will be assessed.

C. Additional Penalties. In the event of permit termination pursuant to provisions VI (A), and prior to the issuance of a new permit, a penalty of 6 percent per year shall be assessed on any fee amount overdue in excess of 90 days from the payment due date. This penalty shall accrue from the due date of the first billing or the date the fee calculation financial statement was due. The penalty is in addition to interest and any other charges specified in the above paragraph.

D. Disputed Fees. Disputed fees are due and payable by the due date. No appeal of fees will be considered by the Forest Service without full payment of the disputed amount. Adjustments, if necessary, will be made in accordance with settlement terms or appeal decision.

### E. Delinquent Fees.

1. Delinquent fees and other charges shall be subject to all rights and remedies afforded the United States pursuant to Federal law and implementing regulations (31 U.S.C. 3711 et seq.).

2. The authorized officer shall require payment of fees owed the United States under any Forest Service authorization before issuance of a new permit.

## VII. OTHER PROVISIONS

A. Members of Congress. No Member of or Delegate to Congress or Resident Commissioner shall benefit from this permit either directly or indirectly, except when the authorized use provides a general benefit to a corporation.

B. Appeals and Remedies. Any discretionary decisions or determinations by the authorized officer are subject to the appeal regulations at 36 CFR 251, Subpart C, or revisions thereto.

C. Removal and Planting of Vegetation. This permit does not authorize the cutting of timber or other vegetation. Trees or shrubbery may be removed or destroyed only after the authorized officer, or authorized officer's agent, has approved, and has marked or otherwise designated that which may be removed or destroyed. Timber cut or destroyed shall be paid for by the holder as follows: Merchantable timber at appraised value and young-growth timber below merchantable size at current damage appraisal value, provided that the Forest Service reserves the right to dispose of the merchantable timber to others than the holder at no stumpage cost to the holder. Trees, shrubs, and other plants may be planted in such manner and in such places about the premises as may be approved by the authorized officer.

D. Superior Clauses. In the event of any conflict between any of the preceding printed clauses or any provision thereof and any of the following clauses or any provision thereof, the preceding printed clauses shall control.

D1. Nondiscrimination, Employment (B1). In connection with the performance of work under this permit, the holder agrees as follows:

1. The holder will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The holder will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection of training, including apprenticeship. The holder agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Forest Service setting forth the provisions of the nondiscrimination clause.

2. The holder will, in all solicitations or advertisements for employees placed by or on behalf of the holder, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, or national origin.

3. The holder will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Forest Service, advising the labor union or workers' representative of the holder's commitments under this clause, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

4. The holder will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended by Executive Order No. 11375 of October 31, 1967, and of the rules, regulations, and relevant orders of the Secretary of Labor.

5. The holder will furnish all information and reports required by Executive Order No. 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the Forest Service and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

6. In the event of the holder's noncompliance with the nondiscrimination clauses of this permit or with any of such rules, regulations, or orders, this permit may be canceled or terminated in whole or in part and the holder may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor or as otherwise provided by law.

7. The holder will include the provisions of the foregoing paragraphs (1) through (6) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to Section 204 of Executive Order No. 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The holder will take such action with respect to any subcontract or purchase order as the contracting agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, that in the event the holder becomes involved

in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Forest Service, the holder may request the United States to enter into such litigation to protect the interests of the United States.

D2. Nondiscrimination, Services (B2). During the performance of this authorization, the holder agrees that:

1. The holder and employees shall not discriminate by segregation or otherwise against any person on the basis of race, color, or national origin by curtailing or refusing to furnish accommodations.

2. Title VI attaches coverage to the holder's employment practices if discrimination in employment impeded the delivery of services and benefits to people on the basis of their race, color, or national origin.

3. The holder shall include and require compliance with this nondiscrimination provision in any subcontract made with respect to the operations under this authorization.

4. Signs setting forth this policy of nondiscrimination, to be furnished by the Forest Service, will conspicuously be displayed at the public entrance to the premises, and at other exterior or interior locations as directed by the Forest Service.

D3. Construction Safety (B25). The holder shall carry on all operations in a skillful manner, having due regard for the safety of employees; and shall safeguard with fences, barriers, fills, covers, or other effective devices, pits, cuts, and other excavations which otherwise would unduly imperil the life, safety, or property of other persons.

D4. Health, Safety, and Environmental Protection (B26). The holder shall take all measures necessary to protect the health and safety of all persons affected by its activities performed in connection with the construction, operation, maintenance, or termination of the right-of-way, and shall promptly abate as completely as possible any physical or mechanical procedure, activity, event, or condition, existing or occurring at anytime: (1) that is susceptible to abatement by the holder, (2) which arises out of, or termination of all or any part of the powerline and (3) that causes or threatens to cause: (a) a hazard to the safety of workers or to public health or safety, or (b) serious and irreparable harm or damage to the environment (including but not limited to areas of vegetation or timber, fish or other wildlife populations, or their habitats, or any other natural resource). Holder shall immediately notify the authorized officer of all serious accidents which occur in connection with such activities.

D5. Explosives, Use of (B29).

1. Only electronic detonators shall be used for blasting.

2. In the use of explosives, the holder shall exercise the utmost care not to endanger life or property and shall comply with the requirements of the Forest Service. The holder shall be responsible for any and all damages resulting from the use of explosives and shall adopt precautions that will prevent damage to surrounding objects. The holder shall furnish and erect special signs to warn the public of blasting operations. Such signs shall be placed and maintained so as to be clearly evident to the public during all critical periods of the blasting operations, and shall include a warning statement to have radio transmitters turned off.

3. All storage places for explosives shall be marked "DANGEROUS-EXPLOSIVES". The method of storing and handling explosives shall conform to recommended procedures contained in the "Blasters Handbook", published by E.I. du Pont de Nemours and company, and in all Federal, State, and local laws and regulations.

4. When using explosives, the holder shall adopt precautions which will prevent damage to landscape features and other surrounding objects. When directed by the Forest officer in charge, trees within an area designated to be cleared shall be left as a protective screen for surrounding vegetation during blasting operations. Trees so left shall be removed and disposed of after blasting has been completed. When necessary, and at any point of special danger, the holder shall use suitable mats or some other approved method to smother blasts.

D6. Refuse Disposal (B34). The holder shall dispose of refuse resulting from this use, including waste materials, garbage, and rubbish of all kinds in the following manner: Haul to the nearest approved sanitary landfill or recycling center.

D7. Construction Standards, Powerline (B35). The powerline shall be designed and constructed in accordance with accepted standards and specifications for powerlines of similar voltage, capacity, and purpose. The holder shall place and maintain suitable

structures and devices to reduce to a reasonable degree the risk of contact between its powerline and telegraph, telephone, signal, or other powerlines heretofore constructed and not owned by the holder, and shall also place and maintain suitable structures and devices to reduce to a reasonable degree the risk of any structures or wires falling and obstructing traffic of endangering life on highways or roads, in a manner satisfactory to the Forest Service.

D8. Safety (B40). The holder shall prepare and conspicuously post such rules of conduct as are necessary to provide for the safety of the general public. The rules will be called to the attention of the offenders.

D9. Esthetics (D3). The holder shall protect the scenic esthetic values of the area under this permit, and the adjacent land, as far as possible with the authorized use, during construction, operation, and maintenance of the improvements.

D10. Surveys, Land Corners (D4). The holder shall protect, in place, all public land survey monuments, private property corners, and Forest boundary markers. In the event that any such land markers or monuments are destroyed in the exercise of the privileges authorized by this permit, depending on the type of monument destroyed, the holder shall see that they are reestablished or referenced in accordance with (1) the procedures outlined in the "Manual of Instructions for the Survey of the Public Land of the United States," (2) the specifications of the county surveyor, or (3) the specifications of the Forest Service.

Further, the holder shall cause such official survey records as are affected to be amended as provided by law. Nothing in this clause shall relieve the holder's liability for the willful destruction or modification of any Government survey marker as provided at 18 U.S.C. 1858.

D11. Vandalism (D5). The holder will take reasonable measures to prevent and discourage vandalism or disorderly conduct, and when necessary, will call in the appropriate law enforcement officer.

D12. Revegetation, Surface Restoration of Ground Cover (D9). The holder shall be responsible for prevention and control of soil erosion and gullying on lands covered by this permit and adjacent thereto, resulting from construction, operation, maintenance, and termination of the permitted use. The holder shall so construct permitted improvements to avoid the accumulation of excessive heads of water and to avoid encroachment on streams. The holder shall revegetate or otherwise stabilize all ground where the soil has been exposed and shall construct and maintain necessary preventive measures to supplement the vegetation.

D13. Revegetation, Surface Restoration, Seeding or Planting (D11). Seeding or planting will be done at a time of the year, in a manner, and with species which the District Ranger considers offer the best chance of success and will be repeated annually until such areas are accepted in writing by the District Ranger as satisfactorily revegetated and stabilized.

D14. Pesticide Use (D23). Pesticides may not be used to control undesirable woody and herbaceous vegetation, aquatic plants, insects, rodents, trash fish, etc., without the prior written approval of the Forest Service. A request for approval of planned uses of pesticides will be submitted annually by the holder on the due date established by the authorized officer. The report will cover a 12-month period of planned use beginning 3 months after the reporting date. Information essential for

review will be provided in the form specified. Exceptions to this schedule may be allowed, subject to emergency request and approval, only when unexpected outbreaks of pests require control measures which were not anticipated at the time an annual report was submitted.

Only those materials registered by the U.S. Environmental Protection Agency for the specific purpose planned will be considered for use on National Forest System lands. Label instructions will be strictly followed in the application of pesticides and disposal of excess materials and containers.

D15. FLPMA Rights-of-Way Authorization (E-6).

This authorization is issued for a period of 20 years ending on 12/31/2014.

If the right-of-way project or facility is still being used, operated, and maintained in accordance with the purpose of the authorization, and renewal is allowed under then existing law, and is consistent with the then existing resource management plans for the affected land, the authorized officer will renew the authorization for a term s/he deems to be reasonable under the circumstances.

D16. Spark Arrester and Engine Mufflers (F11). A muffler or spark arrester satisfactory to the authorized officer shall be maintained on the exhausts of all trucks and tractors or other internal combustion engines used in connection with this permit.

D17. Gasoline Powersaws (F14). Each gasoline powersaw shall be equipped at all times with spark-arresting muffler, in good working condition, adapted to that machine. During periods of dangerous fire weather, as determined by the Forest Service, the holder shall be required to transport and keep with each powersaw at all times such fire tools and portable extinguishers as specified and to take other precautionary measures as may be required by the authorized officer.

D18. Right-of-Way Clearing, Powerline (F15). The holder shall clear designated parts of the powerline right-of-way and keep them clear as required by the Forest Service; shall trim all branches of trees in contact with or near the line; shall remove all dead snags and all trees which are leaning toward the line on or adjacent to the right-of-way; and shall observe such other fire precautions as may be required; but all waste material shall be burned or otherwise disposed of to the satisfaction of the Forest Service. The clearing width shall be restricted to that necessary for safe transmission, unless the specific permission of the Forest Service for a greater clearing width is obtained.

D19. Damage-High-Hazard Clause (F21). The holder shall be held liable for all injury, loss, or damage, including, but not limited to fire suppression costs, directly or indirectly resulting from or caused by the holder's use and occupancy of the area covered by the permit, regardless of whether the holder is negligent, provided that the maximum liability without fault shall not exceed \$1,000,000 for any one occurrence and provided further that the holder shall not be liable when such injury, loss, or damage results from a negligent act of the United States, or a third party not involving the facilities of the holder.

Liability for injury, loss, or damage, including fire suppression costs, in excess of the specified maximum, shall be determined by the laws governing ordinary negligence.

D20. Archaeological-Paleontological Discoveries (X17). If, prior to or during excavation work, items of archaeological, paleontological, or historic value are reported or discovered, or an unknown deposit of such items is disturbed, the holder will immediately cease excavation in the area so affected. Holder will then notify the Forest Service and will not resume excavation until written approval is given by the authorized officer.

If it deems it necessary or desirable, the Forest Service may require the holder to have performed recovery, excavation, and preservation of the site and its artifacts at the holder's expense. At the option of the Forest Service, this authorization may be terminated at no liability by the United States when such termination is deemed necessary or desirable to preserve or protect archaeological, paleontological, or historic sites and artifacts.

D21. Superseded Permit (X18). This permit supersedes special-use permits designated:

"No Name Mountain Site", 4002-06, dated 5/14/90,  
"Powerline, Rural Electrification Administration", 4002-04, dated 5/11/90,  
"Coyote Administrative Site Powerline", 4002-09, dated 5/5/82,  
"Gallina TV Translator", 4002-08, dated 2/3/81,  
"Nacimiento Mine", 4002-07, dated 7/29/71,  
"West, North, & Northeast of Cuba", 4002-05, dated 10/15/68,  
"Cordova/Oro Mines Transmission Line", 4002-11, dated 2/1/68, and  
"Santa Fe Ski Basin and Tesuque Peak Communications", 4002-03, dated 1/25/68.

D22. Improvement Relocation (X33). This permit is granted with the express understanding that should future location of United States Government-owned improvements or road rights-of-way require the relocation of the holder's improvements, such relocation will be done by, and at the expense of, the holder within a reasonable time as specified by the authorized officer.

D23. Corporation Status Notification (X46).

1. The holder shall notify the authorized officer within fifteen (15) days of the following changes:
  - a. Names of officers appointed or terminated.
  - b. Names of stockholders who acquire stock shares causing their ownership to exceed 50 percent of shares issued or who otherwise acquire controlling interest in the corporation.
2. The holder shall furnish the authorized officer:
  - a. A copy of the articles of incorporation and bylaws.
  - b. An authenticated copy of a resolution of the board of directors specifically authorizing a certain individual or individuals to represent the holder in dealing with the Forest Service.
  - c. A list of officers and directors of the corporation and their addresses.
  - d. Upon request, a certified list of stockholders and amount of stock owned by each.
  - e. The authorized officer may, when necessary, require the holder to furnish additional information as set forth in 36 CFR 251.54 (e) (1) (iv).

D24. Powerline Change Application (X48). The holder agrees that no substantial change or alteration shall be made in the design, location, construction, voltage, or capacity of this line until application for such change shall have been submitted to

and approved by the Forest officer issuing this permit, successor, or authorized representative.

D25. Treasure Trove (X63). The holder agrees that, if treasure or other antiquities are found:

1. Excavation will cease at the instant of discovery and the Forest Service will be notified so that scientific examination may be made. Excavation will not resume until approval is given in writing by the Forest Service.

2. This permit confers no ownership rights to the treasure. All specimens found will be held in safekeeping for one (1) year while ownership is established by applicable law. Such period will be used to establish the value, for claimants to come forward, and to negotiate or adjudicate ownership.

3. The United States as the landowner has a valid claim for all or a share of the treasure trove buried on its property. In addition, if specimens found are other than money, unmounted gems, or precious metals in the form of coin, plate, or bullion, the United States may claim all of it under the Antiquities Act (16 USC 432). It is agreed that any such claims will be settled as in item 2.

Public reporting burden for collection of information, if requested, is estimated to average 1 hour per response for annual financial information; average 1 hour per response to prepare or update operation and/or maintenance plan; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Department of Agriculture, Clearance Officer, OIRM, AG Box 7630, Washington D.C. 20250; and to the Office of Management and Budget, Paperwork Reduction Project (OMB # 0596-0082), Washington, D.C. 20503.

This permit is accepted subject to the conditions set out above.

Re: "Notice of Indebtedness"  
June 26, 2011 Wildfire in New Mexico (the "Las Conchas Fire")  
Our File No. 21072

Dear Ms. Lux:

We are in receipt of the USDA's January 31, 2013 demand for payment letter and invoice. The undersigned represents Jemez Mountains Electric Cooperative, Inc. ("JMEC"). Please direct all future correspondence regarding your claim to my attention and make no further contact directly with JMEC about this matter.

We have read the New Mexico State Forest Service Report concerning the cause of the subject June 26, 2011 Las Conchas Fire and the terms of the USDA's Special Use Permit for the area where JMEC's power lines are located in the Jemez Mountains. According to the facts as per the New Mexico State Forest Service's Report, on June 26, 2011, a live green Aspen tree fell from private property onto JMEC's power lines as a result of 41 MPH winds. A fire resulted as a consequence of the tree falling onto JMEC's power lines. We are not aware of any basis to support that JMEC was at fault or negligent for causing the subject fire. Therefore, as an initial matter, please contact me to discuss the basis for the USDA's claim that JMEC owes it in excess of \$38,000,000.

Thank you and I look forward to hearing from you.

Sincerely,

*Darren Marlowe*

Santa Fe National Forest, Southwestern Region

**To:** USDA Office of the General Counsel  
ATTN: Mary Ann Joca

Enclosed are two copies of our administrative report for the Las Conchas Fire. The report includes the fire investigation and an itemized summary of costs incurred by the Forest Service incident to the Las Conchas Fire that occurred on the Santa Fe National Forest.

According to the agency's investigative report, the fire was caused by downed electrical utility lines owned by Jemez Mountains Electric Cooperative, Inc. (JMEC).

The initial demand letter and bill for collection was sent to the debtor, JMEC on January 31, 2013. JMEC referred the demand and bill for collection to their attorney, Darren Marlowe of Downs & Stanford, P.C. Mr. Marlowe has requested to speak with our attorneys regarding this debt. Therefore, are referring this matter to your office for review and further handling.

Hi Loredia,

FYI, request from a law firm for Las Conchas information rerouted from the WO. You've probably have already heard from them.

Hope all is well. You're probably pretty busy right now as an aftermath of the fires. I had a small lull, which was very, very nice!! Now the FOIA requests are coming out of the woodwork!

Take good care!

Re: Las Conchas Wildland Fire

Dear Sir/Madam:

Under the Freedom of Information Act, I am requesting information, photographs, statements, reports, and/or records on the **Las Conchas Wildland Fire in New Mexico in June-August 2011**. If there are any fees for searching for, reviewing, or copying the records, please notify me before processing if the amount exceeds \$500.

If you deny all or any part of this request, please cite each specific exemption you think justifies your refusal to release the information and notify me of appeal procedures available under the law.

If you have any questions about handling this request, you may telephone me at 713-224-1500.

Sincerely,

Adam T. Funk

Re: *Withdrawal of Tort Claims*

Dear Ms. Connolly:

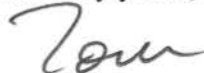

Please be advised the following claimants withdraw the tort claims filed in June 2013 with the USDA regarding damages caused by the Las Conchas Fire: Pueblo De Cochiti, Cochiti Community Development Corporation, BJD Realty Company, [REDACTED] individually and as trustee of the designated trust, [REDACTED] individually and as trustee of the designated trust.

(b)(6)

(b)(6)

The reason for the withdrawal of the claims is simple. Since the filing of the tort claims, the above persons and entities have pursued a case for damages caused by the Las Conchas Fire in New Mexico state court against Jemez Mountains Electric Cooperative, Inc., and Tri-State Generation and Transmission Association, Inc. Extensive pre-trial discovery has revealed these defendants, and not the USDA, are liable in tort for the fire. Accordingly, the claims are withdrawn.

Sincerely yours,

Thomas Tosdal

**U.S. DEPARTMENT OF AGRICULTURE  
Forest Service  
SPECIAL USE PERMIT  
AUTHORITY:**

**FEDERAL LAND POLICY AND MGMT ACT, AS AMENDED October 21, 1976**

**CLAIMS MANAGEMENT**

Qwest Corporation of 400 Tijeras Avenue NW, Rm. 710, ALBUQUERQUE, NM 87102 (hereinafter called the Holder) is hereby authorized to use or occupy National Forest System lands, to use subject to the conditions set out below, on the Carson National Forest.

This permit covers 265.4033 acres, and/or 115.1072 miles (per Qwest Corporations Facility Index) and is issued for **Rights-of-Way** for individual telephone lines and/or cables per Communications Facility Index, which is attached and made a part of this permit.

This permit is issued as a **MASTER** Permit and will be periodically amended to add new communications lines as needed.

The above described or defined area shall be referred to herein as the "permit area".

**TERMS AND CONDITIONS**

**I. AUTHORITY AND GENERAL TERMS OF THE PERMIT**

A. Authority. This permit is issued pursuant to the authorities enumerated at Title 36, Code of Federal Regulations, Section 251 Subpart B, as amended. This permit, and the activities or use authorized, shall be subject to the terms and conditions of the Secretary's regulations and any subsequent amendment to them.

B. Authorized Officer. The authorized officer is the Forest Supervisor or a delegated subordinate officer.

C. License. This permit is a license for the use of federally owned land and does not grant any permanent, possessory interest in real property, nor shall this permit constitute a contract for purposes of the Contract Disputes Act of 1978 (41 U.S.C. 611). Loss of the privileges granted by this permit by revocation, termination, or suspension is not compensable to the holder.

D. Amendment. This permit may be amended in whole or in part by the Forest Service when, at the discretion of the authorized officer, such action is deemed necessary or desirable to incorporate new terms, conditions, and stipulations as may be required by law, regulation, land management plans, or other management decisions.

E. Existing Rights. This permit is subject to all valid rights and claims of third parties. The United States is not liable to the holder for the exercise of any such right or claim.

F. Nonexclusive Use and Public Access. Unless expressly provided for in additional terms, use of the permit area is not exclusive. The Forest Service reserves the right to use or allow others to use any part of the permit area, including roads, for any purpose, provided, such use does not materially interfere with the holder's authorized use. A final determination of conflicting uses is reserved to the Forest Service.

G. Forest Service Right of Entry and Inspection. The Forest Service has the right of unrestricted access of the permitted area or facility to ensure compliance with laws, regulations, and ordinances and the terms and conditions of this permit.

H. Assignability. This permit is not assignable or transferable. If the holder through death, voluntary sale or transfer, enforcement of contract, foreclosure, or other valid legal proceeding ceases to be the owner of the improvements, this permit shall terminate.

I. Permit Limitations. Nothing in this permit allows or implies permission to build or maintain any structure or facility, or to conduct any activity unless specifically provided for in this permit. Any use not specifically identified in this permit must be approved by the authorized officer in the form of a new permit or permit amendment.

## II. TENURE AND ISSUANCE OF A NEW PERMIT

A. Expiration at the End of the Authorized Period. This permit will expire at midnight on 12/31/2034. Expiration shall occur by operation of law and shall not require notice, any decision document, or any environmental analysis or other documentation.

B. Minimum Use or Occupancy of the Permit Area. Use or occupancy of the permit area shall be exercised at least 365 days each year, unless otherwise authorized in writing under additional terms of this permit.

C. Notification to Authorized Officer. If the holder desires issuance of a new permit after expiration, the holder shall notify the authorized officer in writing not less than six (6) months prior to the expiration date of this permit.

D. Conditions for Issuance of a New Permit. At the expiration or termination of an existing permit, a new permit may be issued to the holder of the previous permit or to a new holder subject to the following conditions:

1. The authorized use is compatible with the land use allocation in the Forest Land and Resource Management Plan.
2. The permit area is being used for the purposes previously authorized.
3. The permit area is being operated and maintained in accordance with the provisions of the permit.
4. The holder has shown previous good faith compliance with the terms and conditions of all prior or other existing permits, and has not engaged in any activity or transaction contrary to Federal contracts, permits laws, or regulations.

E. Discretion of Forest Service. Notwithstanding any provisions of any prior or other permit, the authorized officer may prescribe new terms, conditions, and stipulations when a new permit is issued. The decision whether to issue a new permit to a holder or successor in interest is at the absolute discretion of the Forest Service.

F. Construction. Any construction authorized by this permit may commence by N/A and shall be completed by N/A. If construction is not completed within the prescribed time, this permit may be revoked or suspended.

## III. RESPONSIBILITIES OF THE HOLDER

A. Compliance with Laws, Regulations, and other Legal Requirements. The holder shall comply with all applicable Federal, State, and local laws, regulations, and standards, including but not limited to, the Federal Water Pollution Control Act, 33 U.S.C. 1251 et seq., the Resource Conservation and Recovery Act, 42 U.S.C. 6901 et seq., the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9601 et seq., and other relevant environmental laws, as well as public health and safety laws and other laws relating to the siting, construction, operation, and maintenance of any facility, improvement, or equipment on the property.

B. Plans. Plans for development, layout, construction, reconstruction, or alteration of improvements on the permit area, as well as revisions of such plans, must be prepared by a qualified individual acceptable to the authorized officer and shall be approved in writing prior to commencement of work. The holder may be required to furnish as-built plans, maps, or surveys, or other similar information, upon completion of construction.

C. Maintenance. The holder shall maintain the improvements and permit area to standards of repair, orderliness, neatness, sanitation, and safety acceptable to the authorized officer and consistent with other provisions of this authorization. If requested, the holder shall comply with inspection requirements deemed appropriate by the authorized officer.

D. Hazard Analysis. The holder has a continuing responsibility to identify all hazardous conditions on the permit area which would affect the improvements, resources, or pose a risk of injury to individuals. Any non-emergency actions to abate such hazards shall be performed after consultation with the authorized officer. In emergency situations, the holder shall notify the authorized officer of its actions as soon as possible, but not more than 48 hours, after such actions have been taken.

E. Change of Address. The holder shall immediately notify the authorized officer of a change in address.

F. Change in Ownership. This permit is not assignable and terminates upon change of ownership of the improvements or control of the business entity. The holder shall immediately notify the authorized officer when a change in ownership or control of business entity is pending. Notification by the present holder and potential owner shall be executed using Form SF-299 Application for Transportation and Utility Systems and Facilities of Federal Lands, or Form FS-2700-3a, Holder Initiated Revocation of Existing Authorization, Request for a Special Use Permit. Upon receipt of the proper documentation, the authorized officer may issue a permit to the party who acquires ownership of, or a controlling interest in, the improvements or business entity.

#### **IV. LIABILITY**

For purposes of this section, "holder" includes the holder's heirs, assigns, agents, employees, and contractors.

A. The holder assumes all risk of loss to the authorized improvements.

B. The holder shall indemnify, defend, and hold the United States harmless for any violations incurred under any such laws and regulations or for judgments, claims, or demands assessed against the United States in connection with the holder's use or occupancy of the property. The holder's indemnification of the United States shall include any loss by personal injury, loss of life or damage to property in connection with the occupancy or use of the property during the term of this permit. Indemnification shall include, but is not limited to, the value of resources damaged or destroyed; the costs of restoration, cleanup, or other mitigation; fire suppression or other types of abatement costs; third party claims and judgments; and all administrative, interest, and other legal costs. This paragraph shall survive the termination or revocation of this authorization, regardless of cause.

C. The holder has an affirmative duty to protect from damage the land, property, and interests of the United States:

D. In the event of any breach of the conditions of this authorization by the holder, the authorized officer may, on reasonable notice, cure the breach for the account at the expense of the holder. If the Forest Service at any time pays any sum of money or does any act which will require payment of money, or incurs any expense, including reasonable attorney's fees, in instituting, prosecuting, and/or defending any action or proceeding to enforce the United States rights hereunder, the sum or sums so paid by the United States, with all interests, costs and damages shall, at the election of the Forest Service, be deemed to be additional fees hereunder and shall be due from the holder to the Forest Service on the first day of the month following such election.

E. With respect to roads, the holder shall be proportionally liable for damages to all roads and trails of the United States open to public use caused by the holder's use to the same extent as provided above, except that liability shall not include reasonable and ordinary wear and tear.

F. The Forest Service has no duty to inspect the permit area or to warn of hazards and, if the Forest Service does inspect the permit area, it shall incur no additional duty nor liability for identified or non-identified hazards. This covenant may be enforced by the United States in a court of competent jurisdiction.

#### **V. TERMINATION, REVOCATION, AND SUSPENSION**

A. General. For purposes of this permit, "termination", "revocation", and "suspension" refer to the cessation of uses and privileges under the permit.

"Termination" refers to the cessation of the permit under its own terms without the necessity for any decision or action by the authorized officer. Termination occurs automatically when, by the terms of the permit, a fixed or agreed upon condition, event, or time occurs. For example, the permit terminates at expiration. Terminations are not appealable.

"Revocation" refers to an action by the authorized officer to end the permit because of noncompliance with any of the prescribed terms, or for reasons in the public interest. Revocations are appealable.

"Suspension" refers to a revocation which is temporary and the privileges may be restored upon the occurrence of prescribed actions or conditions. Suspensions are appealable.

B. Revocation or Suspension. The Forest Service may suspend or revoke this permit in whole or part for:

1. Noncompliance with Federal, State, or local laws and regulations.
2. Noncompliance with the terms and conditions of this permit.
3. Reasons in the public interest.
4. Abandonment or other failure of the holder to otherwise exercise the privileges granted.

C. Opportunity to Take Corrective Action. Prior to revocation or suspension for cause pursuant to Section V (B), the authorized officer shall give the holder written notice of the grounds for each action and a reasonable time, not to exceed 90 days, to complete the corrective action prescribed by the authorized officer.

D. Removal of Improvements. Prior to abandonment of the improvements or within a reasonable time following revocation or termination of this authorization, the holder shall prepare, for approval by the authorized officer, an abandonment plan for the permit area. The abandonment plan shall address removal of improvements and restoration of the permit area and prescribed time frames for these actions. If the holder fails to remove the improvements or restore the site within the prescribed time period, they become the property of the United States and may be sold, destroyed or otherwise disposed of without any liability to the United States. However, the holder shall remain liable for all cost associated with their removal, including costs of sale and impoundment, cleanup, and restoration of the site.

## VI. FEES

A. Termination for Nonpayment. This permit shall automatically terminate without the necessity of prior notice when land use rental fees are 90 calendar days from the due date in arrears.

B. The holder shall pay annually in advance a sum determined by the Forest Service to be the fair market value of the use granted by this authorization. The initial payment is set at N/A for the remainder of the calendar year. Subsequent payments shall be determined by the use of an annual fee schedule. The Forest Service may adjust the amount of payment annually by an appropriate indexing factor to reflect more nearly the fair market value of the use. At certain intervals the Forest Service shall review the fee and adjust the fee as necessary to assure that it is commensurate with the fair market value of the authorized rights and privileges, as determined by appraisal or other sound business management principles.

C. Payment Due Date. The payment due date shall be the close of business on **January 1 of each calendar year** payment is due. Payments due the United States for this use shall be deposited at USDA - FS, File 71652, P.O. Box 60000, San Francisco, CA 94160-1652, in the form of a check, draft, or money order payable to "Forest Service, USDA." Payments shall be credited on the date received by the designated Forest Service collection officer or deposit location. If the due date for the fee or fee calculation statement falls on a non-workday, the charges shall not apply until the close of business on the next workday.

D. Late Payment Interest, Administrative Costs and Penalties Pursuant to 31 U.S.C. 3717, et seq., interest shall be charged on any fee amount not paid within 30 days from the date the fee or fee calculation financial statement specified in this authorization becomes due. The rate of interest assessed shall be the higher of the rate of the current value of funds to the U.S. Treasury (i.e., Treasury tax and loan account rate), as prescribed and published by the Secretary of the Treasury in the Federal Register and the Treasury Fiscal Requirements Manual Bulletins annually or quarterly or at the Prompt Payment Act rate. Interest on the principal shall accrue from the date the fee or fee calculation financial statement is due.

In the event the account becomes delinquent, administrative costs to cover processing and handling of the delinquency will be assessed.

A penalty of 6 percent per annum shall be assessed on the total amount delinquent in excess of 90 days and shall accrue from the same date on which interest charges begin to accrue.

Payments will be credited on the date received by the designated collection officer or deposit location. If the due date for the fee or fee calculation statement falls on a non-workday, the charges shall not apply until the close of business on the next workday.

Disputed fees are due and payable by the due date. No appeal of fees will be considered by the Forest Service without full payment of the disputed amount. Adjustments, if necessary, will be made in accordance with settlement terms or the appeal decision.

If the fees become delinquent, the Forest Service will:

Liquidate any security or collateral provided by the authorization.

If no security or collateral is provided, the authorization will terminate and the holder will be responsible for delinquent fees as well as any other costs of restoring the site to its original condition including hazardous waste cleanup.

Upon termination or revocation of the authorization, delinquent fees and other charges associated with the authorization will be subject to all rights and remedies afforded the United States pursuant to 31 U.S.C. 3711 *et seq.* Delinquencies may be subject to any or all of the following conditions:

Administrative offset of payments due the holder from the Forest Service.

Delinquencies in excess of 60 days shall be referred to United States Department of Treasury for appropriate collection action as provided by 31 U.S.C. 3711 (g), (1).

The Secretary of the Treasury may offset an amount due the debtor for any delinquency as provided by 31 U.S.C. 3720, *et seq.*

## VII. OTHER PROVISIONS

A. Members of Congress. No Member of or Delegate to Congress or Resident Commissioner shall benefit from this permit either directly or indirectly, except when the authorized use provides a general benefit to a corporation.

B. Appeals and Remedies. Any discretionary decisions or determinations by the authorized officer are subject to the appeal regulations at 36 CFR 251, Subpart C, or revisions thereto.

C. Superior Clauses. In the event of any conflict between any of the preceding printed clauses or any provision thereof and any of the following clauses or any provision thereof, the preceding printed clauses shall control.

D. Improvement Relocation (X33). This authorization is granted with the express understanding that should future location of United States Government-owned improvements or road rights-of-way require the relocation of the holder's improvements, such relocation will be done by, and at the expense of, the holder within a reasonable time as specified by the authorized officer.

E. Cultural Resources Protection (D001RO). The holder, contractor, or lessee shall be responsible for the protection from damage of all identified cultural resources within the area which may be affected by their actions. In addition, the holder, contractor, or lessee shall be liable for all damage or injury to the identified cultural resources caused by their actions. The holder, contractor, or lessee shall immediately notify the agency Project Administrator if any damage occurs to any cultural resource and immediately halt work in the area in which damage has occurred until approval to proceed has been granted by the Project Administrator after consultation with the Forest Archeologist. All provisions of the Region 3 Cultural Resources Damage Assessment Handbook are incorporated by reference herein.

F. Native American Grave Protection and Repatriation Act (X003RO). Pursuant to the Native American Grave Protection and Repatriation Act (NAGPRA) 25 USC 3002(d); 43 CFR Part 10.4, if any human remains, funerary objects, sacred objects, or objects of cultural patrimony are discovered during the course of ground disturbing activity, the holder will immediately cease activity in the area of the discovery and will make a reasonable effort to protect the remains and objects. The holder will provide immediate telephone notification of the discovery to the Forest Service, and will follow up with written confirmation to the authorized officer. The holder will not resume the activity that resulted in the discovery until the authorized officer gives written approval. Approval to resume the activity, if otherwise lawful, will be given thirty (30) days after certification by the authorized officer of the holder's written confirmation of the discovery, or at any time that a written binding agreement is executed between the Forest Service and the affiliated tribes adopting a recovery plan for the remains and objects.

G. Surveys, Land Corners (D4). The holder shall protect, in place, all public land survey monuments, private property corners, and Forest boundary markers. In the event that any such land markers or monuments are destroyed in the exercise of the privileges permitted by this authorization, depending on the type of monument destroyed, the holder shall see that they are reestablished or referenced in accordance with (1) the procedures outlined in the "Manual of Instructions for the Survey of the Public Land of the United States," (2) the specifications of the county surveyor, or (3) the specifications of the Forest Service.

Further, the holder shall cause such official survey records as are affected to be amended as provided by law. Nothing in this clause shall relieve the holder's liability for the willful destruction or modification of any Government survey marker as provided at 18 U.S.C. 1858.

H. Archaeological-Paleontological Discoveries (X17). The holder shall immediately notify the authorized officer of any and all antiquities or other objects of historic or scientific interest. These include, but are not limited to, historic or prehistoric ruins, fossils, or artifacts discovered as the result of operations under this authorization, and shall leave such discoveries intact until authorized to proceed by the authorized officer. Protective and mitigative measures specified by the authorized officer shall be the responsibility of the holder.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082.

This information is needed by the Forest Service to evaluate requests to use National Forest System lands and manage those lands to protect natural resources, administer the use, and ensure public health and safety. This information is required to obtain or retain a benefit. The authority for that requirement is provided by the Organic Act of 1897 and the Federal Land Policy and Management Act of 1976, which authorize the Secretary of Agriculture to promulgate rules and regulations for authorizing and managing National Forest System lands. These statutes, along with the Term Permit Act, National Forest Ski Area Permit Act, Granger-Thye Act, Mineral Leasing Act, Alaska Term Permit Act, Act of September 3, 1954, Wilderness Act, National Forest Roads and Trails Act, Act of November 16, 1973, Archaeological Resources Protection Act, and Alaska National Interest Lands Conservation Act, authorize the Secretary of Agriculture to issue authorizations for the use and occupancy of National Forest System lands. The Secretary of Agriculture's regulations at 36 CFR Part 251, Subpart B, establish procedures for issuing those authorizations.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service. Public reporting burden for collection of information, if requested, is estimated to average 1 hour per response for annual financial information; average 1 hour per response to prepare or update operation and/or maintenance plan; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082.

This information is needed by the Forest Service to evaluate requests to use National Forest System lands and manage those lands to protect natural resources, administer the use, and ensure public health and safety. This information is required to obtain or retain a benefit. The authority for that requirement is provided by the Organic Act of 1897 and the Federal Land Policy and Management Act of 1976, which authorize the Secretary of Agriculture to promulgate rules and regulations for authorizing and managing National Forest System lands. These statutes, along with the Term Permit Act, National Forest Ski Area Permit Act, Granger-Thye Act, Mineral Leasing Act, Alaska Term Permit Act, Act of September 3, 1954, Wilderness Act, National Forest Roads and Trails Act, Act of November 16, 1973, Archaeological Resources Protection Act, and Alaska National Interest Lands Conservation Act, authorize the Secretary of Agriculture to issue authorizations for the use and occupancy of National Forest System lands. The Secretary of Agriculture's regulations at 36 CFR Part 251, Subpart B, establish procedures for issuing those authorizations.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service Public reporting burden for collection of information, if requested, is estimated to average 1 hour per response for annual financial information; average 1 hour per response to prepare or update operation and/or maintenance plan; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0082.

This information is needed by the Forest Service to evaluate requests to use National Forest System lands and manage those lands to protect natural resources, administer the use, and ensure public health and safety. This information is required to obtain or retain a benefit. The authority for that requirement is provided by the Organic Act of 1897 and the Federal Land Policy and Management Act of 1976, which authorize the Secretary of Agriculture to promulgate rules and regulations for authorizing and managing National Forest System lands. These statutes, along with the Term Permit Act, National Forest Ski Area Permit Act, Granger-Thye Act, Mineral Leasing Act, Alaska Term Permit Act, Act of September 3, 1954, Wilderness Act, National Forest Roads and Trails Act, Act of November 16, 1973, Archaeological Resources Protection Act, and Alaska National Interest Lands Conservation Act, authorize the Secretary of Agriculture to issue authorizations for the use and occupancy of National Forest System lands. The Secretary of Agriculture's regulations at 36 CFR Part 251, Subpart B, establish procedures for issuing those authorizations.

The Privacy Act of 1974 (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552) govern the confidentiality to be provided for information received by the Forest Service Public reporting burden for collection of information, if requested, is estimated to average 1 hour per response for annual financial information; average 1 hour per response to prepare or update operation and/or maintenance plan; average 1 hour per response for inspection reports; and an average of 1 hour for each request that may include such things as reports, logs, facility and user information, sublease information, and other similar miscellaneous information requests. This includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Please contact Kenneth Mashke at 505-563-7605 if you have any questions regarding the voucher. Please contact me if you have any questions about the decision.

If you believe this decision is incorrect, you are entitled to address a written request to me for reconsideration of the determination of this claim. This request must include new information not known to you at the time you filed your original claim. In the alternative, you may file suit in the appropriate Federal District Court not later than six months from the date of this letter, which is the date shown above.

Thank you for your cooperation.

Sincerely,

Subject: Claim for Property Damage \$1,121.55; August 23, 2013; Southwestern Region,  
Carson NF, Taos County, Questa, NM

Dear Ms. Finley,

I have reviewed your claim in the amount of \$1,121.55 for property damage on behalf of Century Link. You claim a Carson National Forest road repair crew damaged an underground service wire belonging to Century Link.

Unfortunately, I must deny your claim. The Forest Service Albuquerque Service Center (ASC) has requested you submit documentation showing responsibility and negligence on behalf of the Forest Service and a legal description of the area where the property damage occurred. To date, the ASC has not received the requested information.

The Federal Tort Claims Act (28 U.S.C. § 2671 et seq.) only provides a remedy to those who suffer personal injury or property damage as a result of a negligent or wrongful act of an employee of the United States. As you have not presented any evidence of negligence or wrongdoing by a government employee, regretfully, I cannot allow your claim.

If you believe this decision is incorrect, you are entitled to address a written request to me for reconsideration of the final denial of this claim. This request must include new information not known to you at the time you filed your original claim. In the alternative, you may file suit in the appropriate Federal District Court not later than six months from the date of this letter, which is the date shown above.

Sincerely,

Patricia Leigh Disert

RE: Your Claim No.: 550710  
Date of Loss: 8/23/2013  
Type of Loss: Buried service wire damaged by installation of cattle guard

Dear Ms. Finley:

We received the claim for property damage filed by Century link in our office on November 5, 2013. As an agency, the Forest Service does not have authority to settle tort claims and is required to refer them to the USDA Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we are returning a copy of the Standard Form (SF) 95, *Claim for Damage, Injury or Death*, submitted by Century Link and request that you submit the following documentation and/or information:

- A legal description of the area where the property damage is said to have occurred.
- Submit a copy of the investigative report and any other evidence or information, including but not limited to photographs of damaged property which may have a bearing on the responsibility of the Forest Service for the damages claimed.

This is our second request for this information. Please submit the above-requested information by **May 29, 2014**, to the attention of Cheri Abeita at the above address.

Upon receipt of the above information and completion of our claims file, we will promptly refer this claim to the OGC for a final determination. Please be advised that the OGC cannot approve payment for claimed damages that are insufficiently documented.

Thank you for your cooperation in this matter. If you have any questions, you may contact Cheri Abeita at the toll-free number shown above.

Sincerely,

## INSTRUCTIONS

Complete all items - Insert the word NONE where applicable

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF

PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

Any instructions or information necessary in the preparation of your claim will be furnished, upon request, by the office indicated in item #1 on the reverse side. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplemental regulations also. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with said claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file claim for both personal injury and property damage, claim for both must be shown in item 12 of this form.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to completely execute this form or to supply the requested material within two years from the date the allegations accrued may render your claim "invalid". A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

Failure to specify a sum certain will result in invalid presentation of your claim and may result in forfeiture of your rights.

Pipeline Safety &gt; Call 811 Before You Dig

[print page](#)

## Call 811 Before You Dig

Are you planning to put in a fence, plant a tree or bush, build a patio or deck, or any excavation project? Remember, before beginning any project that involves digging, call **NM811** - by dialing 811.

When you call 811, utility operators will come out, *free of charge*, and mark the location of their respective utility lines -- electric, telephone/cable, water, sewer and natural gas. New Mexico Gas Company marks natural gas lines in yellow. Remember, these markers will not indicate the depth or pressure of the pipes or lines.

Call at least two business days before every digging project. It's the law. Most importantly, it's to make sure you don't accidentally hit an underground natural gas pipeline or utility and cause serious injury to yourself and others, disrupt service to an entire neighborhood, and possibly result in costly damages for which you may be charged to repair and could lead to fines from the New Mexico Public Regulation Commission. Failing to call before digging results in more than 200,000 unintentional hits to underground utilities every year in the United States.

Gas pipelines, called distribution lines, run under streets, sidewalks and neighborhoods to service homes and businesses. These lines may only be a few inches deep, due to erosion, landscaping and other activities. Striking a natural gas pipeline could result in damage, including explosions, and risk lives. Natural gas does not explode on its own, but will ignite if there is a source of ignition and air. This can happen only when two things occur simultaneously: the concentration of natural gas reaches 4 to 14 percent relative to the air and it comes into contact with a source of ignition that is 850 degrees Fahrenheit or more.

If you cause even minor damage to a natural gas pipeline, immediately contact New Mexico Gas Company at **888-NM-GAS-CO (888-664-2726)**. A scrape in the pipeline coating, or a dent or a crease in the pipeline may cause a rupture or leak in the future. DO NOT attempt any repairs yourself.

If the damage to a gas line results in gas escaping from the line, immediately leave the area, then call 911 and call New Mexico Gas Company at **888-NM-GAS-CO (888-664-2726)**.

### NM811 - By Dialing 811

Remember, before beginning any project that involves digging, contact **NM811**. There are two ways to contact 811 to file a standard line locate request:

- **By phone** - call 811. One Call operators take routine line locate requests from 7:00 am to 5:00 pm, weekdays.
- **Online**. Routine line locate requests now may also be filed online, anytime, day or night. Visit their website at [nmonecall.org](http://nmonecall.org) and click on the "Request a Line Spot" link in the upper right hand corner of their home page. Your request will be processed the following business day.

NM811 takes emergency line requests after hours over the phone at 811.

For more information about NM811 before you dig, visit [nmonecall.org](http://nmonecall.org).

See: ["Identifying Gas Pipeline Markers"](#) for more information on pipeline markers.

CHAPTER 62  
ARTICLE 14  
Excavation Damage to Pipelines and Underground Utility Lines  
Section

62-14-1 Purpose and intent.

62-14-2 Definitions.

62-14-3 Excavation.

62-14-4 Emergency excavation.

62-14-5 Marking of facilities.

62-14-5.1 Uniform color code for location of underground facilities.

62-14-6 Liability for damage to underground facilities.

62-14-7 Liability for negligence notwithstanding information obtained.

62-14-7.1 One-call notification system.

62-14-8 Penalties.

62-14-9 Enforcement.

62-14-9.1 Alternative dispute resolution.

62-14-10 Rule-making.

62-14-1. Purpose and intent.

The purpose of Chapter 62, Article 14 NMSA 1978 is to prevent injury to persons and damage to property from accidents resulting from damage to pipelines, underground utility lines, cable television lines and related facilities by excavating and blasting.

62-14-2. Definitions.

As used in Chapter 62, Article 14 NMSA 1978:

A. "advance notice" means two working days;

B. "blasting" means the use of an explosive to excavate;

C. "cable television lines and related facilities" means the facilities of any cable television system or closed-circuit coaxial cable communications system or other similar transmission service used in connection with any cable television system or other similar closed-circuit coaxial cable communications system;

D. "commission" means the public regulation commission;

E. "emergency excavation" means an excavation that must be performed due to circumstances beyond the excavator's control and that affects public safety, health or welfare;

F. "excavate" means the movement or removal of earth using mechanical excavating equipment or blasting and includes augering, backfilling, digging, ditching, drilling, grading, plowing in, pulling in, ripping, scraping, trenching, tunneling and directional boring;

G. "excavator" means a person that excavates;

H. "master meter system and operators" means a pipeline system that distributes natural gas or liquid propane gas within a public place, such as a mobile home park, housing project, apartment complex, school, university or hospital where the operator of the master meter system purchases gas from a distributor through a single large meter and resells the gas through a gas distribution pipeline system. The resale may occur as a payment included in a rental payment or association dues or as a separately metered system;

I. "means of location" means a mark such as a stake, a flag, whiskers or paint that is conspicuous in nature and that is designed to last at least ten working days if not disturbed;

- J. "mechanical excavating equipment" means all equipment powered by any motor, engine or hydraulic or pneumatic device used for excavating and includes trenchers, bulldozers, backhoes, power shovels, scrapers, draglines, clam shells, augers, drills, cable and pipe plows or other plowing-in or pulling-in equipment;
- K. "one-call notification system" means a communication system in which an operation center provides telephone services or other reliable means of communication for the purpose of receiving excavation notice and damage reporting information and distributing that information to owners and operators of pipelines and other underground facilities;
- L. "person" means the legal representative of or an individual, partnership, corporation, joint venture, state, subdivision or instrumentality of the state or an association;
- M. "pipeline" means a pipeline or system of pipelines and appurtenances for the transportation or movement of any oil or gas, or oil or gas products and their byproducts subject to the jurisdiction of federal law or regulation, with the exception of master meter systems and operators;
- N. "positive response" means a response, within the advance notice period, initiated by owners or operators of pipelines and underground facilities by reliable means of communication, to the one-call notification system's positive response registry system. A positive response allows the excavator to verify whether all affected pipeline and underground facility owners or operators have marked their underground facilities pursuant to Section 62-14-5 NMSA 1978 prior to commencing to the excavation site and commencing excavation;
- O. "reasonable efforts" means notifying the appropriate one-call notification center or underground facility owner or operator of planned excavation;
- P. "underground facility" means any tangible property described in Subsections C, M and Q of this section that is underground, but does not include residential sprinklers or low-voltage lighting; and
- Q. "underground utility line" means an underground conduit or cable, including fiber optics, and related facilities for transportation and delivery of electricity, telephonic or telegraphic communications or water, sewer and fire protection lines, with the exception of master meter systems and operators.

#### 62-14-3. Excavation.

A person who prepares engineering plans for excavation or who engages in excavation shall:

- A. determine the location of any underground facility in or near the area where the excavation is to be conducted, including a request to the owner or operator of the underground facility to locate the underground facility pursuant to Section 62-14-5 NMSA 1978;
- B. plan the excavation to avoid or minimize interference or damage to underground facilities in or near the excavation area;
- C. provide telephonic advance notice of the commencement, extent and duration of the excavation work to the one-call notification system operating in the intended excavation area, and to the owners or operators of any existing underground facility in and near the excavation area that are not members of the local one-call notification center, in order to allow the owners to locate and mark the location of the underground facility as described in Section 62-14-5 NMSA 1978 prior to the commencement of work in the excavation area, and shall request reaffirmation of line location every ten working days after the initial request to locate;
- D. prior to initial exposure of the underground facility, maintain at least an estimated clearance of eighteen inches between existing underground facilities for which the owners or operators

have previously identified the location and the cutting edge or point of any mechanical excavating equipment utilized in the excavation and continue excavation in a manner necessary to prevent damage;

E. provide such support for existing underground facilities in or near the excavation area necessary to prevent damage to them;

F. backfill all excavations in a manner and with materials as may be necessary to prevent damage to and provide reliable support during and following backfilling activities for preexisting underground facilities in or near the excavation area;

G. immediately notify the one-call notification system operating in the area in the form and format required by the commission and by telephone the owner of any underground facilities that may have been damaged or dislocated during the excavation work; and

H. not move or obliterate markings made pursuant to Chapter 62, Article 14 NMSA 1978 or fabricate markings in an unmarked location for the purpose of concealing or avoiding liability for a violation of or noncompliance with the provisions of Chapter 62, Article 14 NMSA 1978.

#### 62-14-4. Emergency excavation.

Every person who engages in emergency excavation shall take all necessary and reasonable precaution to avoid or minimize interference with or damage to existing underground facilities in and near the excavation area and shall notify as promptly as possible the owners of underground facilities located in and near the emergency excavation area and the one-call notification system operating in the area in the form and format required by the commission. In the event of any damage to or dislocation of any underground facility caused by the emergency excavation work, the person responsible for the excavation shall immediately notify the owner of the underground facility and the one-call notification system operating in the area in the form and format required by the commission.

#### 62-14-5. Marking of facilities.

A. A person owning or operating an underground facility shall, upon the request of a person intending to commence an excavation and upon advance notice, locate and mark on the surface the actual horizontal location, within eighteen inches by some means of location, of the underground facilities in or near the area of the excavation so as to enable the person engaged in excavation work to locate the facilities in advance of and during the excavation work.

B. If the owner or operator of the underground facility finds that the owner or operator has no underground facilities in the proposed area of excavation, the owner or operator shall provide a positive response and, at the option of the owner or operator of the underground facility mark the area as "Clear" or "No Underground Facilities" in the appropriate color code as specified in Section 62-14-5.1 NMSA 1978.

C. If the owner or operator fails to correctly mark the underground facility after being given advance notice and such failure to correctly mark the facility results in additional costs to the person doing the excavating, then the owner or operator shall reimburse the person engaging in the excavation for the reasonable costs incurred.

D. An owner of an underground facility shall not move or obliterate markings made pursuant to Chapter 62, Article 14 NMSA 1978 or fabricate markings in an unmarked location for the purpose of concealing or avoiding liability for a violation of or noncompliance with the provisions of Chapter 62, Article 14 NMSA 1978.

62-14-5.1. Uniform color code for location of underground facilities.

In marking an excavation site and the location of underground facilities, both the excavator and the owner or operator shall use the following uniform color code:

- A. blue for water;
- B. green for sewer;
- C. orange for communications or coaxial cable;
- D. pink for survey;
- E. purple for reclaimed water;
- F. red for electric;
- G. white for proposed excavation area; and
- H. yellow for gas.

62-14-6. Liability for damage to underground facilities.

A. If any underground facility is damaged by any person who failed to make reasonable efforts to determine its location as provided in Chapter 62, Article 14 NMSA 1978, that person shall reimburse the owner of the underground facility for the actual cost of the damage to the underground facility, including the cost of restoration of services. The person engaging in the excavation may also be liable to the owner or operator of the underground facility for the comparative negligence of the person engaging in the excavation which results in damage to the facility for an additional amount not to exceed three hundred thousand dollars (\$300,000) for each occurrence.

B. If any underground facility is damaged by any person who has made reasonable efforts to determine its location and the damaged underground facility was correctly located by the owner or operator of the underground facility as provided in Section 62-14-5 NMSA 1978, then that person causing the damage shall be liable to the owner or operator of the underground facility for only the actual cost of damage to the underground facility, including the cost of restoration of service.

C. If any underground facility is damaged by any person who has made reasonable efforts to determine its location and damage to the underground facility is caused by the failure of the owner or operator to correctly locate that underground facility as provided in Section 62-14-5 NMSA 1978, then the person engaging in the excavation shall have no liability for the damage to that facility.

D. It is not the intent of Chapter 62, Article 14 NMSA 1978 to impose civil liability to any person beyond that provided in this section.

62-14-7. Liability for negligence notwithstanding information obtained.

The act of obtaining or making reasonable efforts to obtain information as required by Chapter 62, Article 14 NMSA 1978 shall not excuse any person making any excavation from doing so in a careful and prudent manner, nor shall it excuse such person from liability for any damage or injury resulting from his negligence as limited in Section 62-14-6 NMSA 1978.

62-14-7.1. One-call notification system.

A. An owner or operator of an underground facility subject to Chapter 62, Article 14 NMSA 1978 shall be a member of a one-call notification system operating in the region with the exception of private underground facilities owned by a homeowner and operated and located on

residential property. A one-call notification system may be for a region of the state or statewide in scope, unless federal law provides otherwise.

B. Each one-call notification system shall be operated by:

- (1) an owner or operator of pipeline facilities;
- (2) a private contractor;
- (3) a state or local government agency; or
- (4) a person who is otherwise eligible under state law to operate a one-call notification system.

C. If the one-call notification system is operated by owners or operators of pipeline facilities, it shall be established as a nonprofit entity governed by a board of directors that shall establish the operating processes, procedures and technology needed for a one-call notification system. The board shall further establish a procedure or formula to determine the equitable share of each member for the costs of the one-call notification system. The board may include representatives of excavators or other persons deemed eligible to participate in the system who are not owners or operators.

D. Excavators shall give advance notice to the one-call notification system operating in the intended excavation area and provide information established by rule of the commission, except when excavations are by or for a person that:

- (1) owns or leases or owns a mineral leasehold interest in the real property on which the excavation occurs; and
- (2) operates all underground facilities located in the intended excavation area.

E. The one-call notification system shall promptly transmit excavation notice information to owners or operators of pipeline facilities and other underground facilities in the intended excavation area.

F. After receiving advance notice, owners and operators of pipeline facilities and other underground facilities shall locate and mark their facilities in the intended excavation area and shall provide a positive response. The one-call notification center shall make available to the commission appropriate positive response records for investigations of alleged violations of Chapter 62, Article 14 NMSA 1978.

G. The one-call notification system shall provide a toll-free telephone number or another comparable and reliable means of communication to receive advance notice of excavation. Means of communication to distribute excavation notice to owners or operators of pipeline facilities and other underground facilities shall be reliable and capable of coordination with one-call notification systems operating in other regions of the state.

H. Operators of one-call notification systems shall notify the commission of its members and the name and telephone number of the contact person for each member and make available to the commission appropriate records in investigations of alleged violations of Chapter 62, Article 14 NMSA 1978.

I. One-call notification systems and owners and operators of pipeline facilities shall promote public awareness of the availability and operation of one-call notification systems and work with state and local governmental agencies charged with issuing excavation permits to provide information concerning and promoting awareness by excavators of one-call notification systems.

J. The commission may prescribe reasonable maximum rates for the provision of one-call services in New Mexico, provided that if the reasonableness of such rates is contested in the manner provided by commission rule, the burden of proof to show the unreasonableness of such rates shall be upon the person contesting their reasonableness.

#### 62-14-8. Penalties.

In addition to any other liability imposed by law, an excavator, after a formal hearing and upon a finding, who has failed to comply with Subsection C of Section 62-14-3 NMSA 1978 is subject to an administrative penalty of up to five thousand dollars (\$5,000) for a first offense as assessed by the commission. Thereafter, the commission may assess an administrative penalty of up to a maximum of twenty-five thousand dollars (\$25,000) for subsequent violations of Subsection C of Section 62-14-3 NMSA 1978. In addition to any other penalty imposed by law, an operator of underground pipeline facilities or underground utilities, excavator or operator of a one-call notification system, after formal hearing and upon a finding, who has willfully failed to comply with Chapter 62, Article 14 NMSA 1978 shall be subject to an administrative penalty of up to five thousand dollars (\$5,000) for a first offense as assessed by the commission. Thereafter, upon finding that a violation of Chapter 62, Article 14 NMSA 1978 has occurred, the commission may, upon consideration of the nature, circumstances, gravity of the violation, history of prior violations, effect on public health, safety or welfare and good faith on the part of the person in attempting to remedy the cause of the violation, assess an administrative penalty up to a maximum of twenty-five thousand dollars (\$25,000) per violation consistent with federal law. No offense occurring more than five years prior to the current offense charged shall be considered for any purpose. All actions to recover the penalties provided for in this section shall be brought by the commission. All penalties recovered in any such action shall be paid into the state general fund.

#### 62-14-9. Enforcement.

If any person excavates or intends to excavate in violation of Chapter 62, Article 14 NMSA 1978, the commission or any interested or affected owner or operator of an underground facility may file, in the district court of the county in which the excavation is occurring or intended, an action seeking to enjoin the excavation.

##### 62-14-9.1. Alternative dispute resolution.

The commission shall promulgate rules for voluntary alternative dispute resolution procedures available to owners or operators, excavators and other interested parties regarding disputes that cannot be resolved through consultation and negotiation arising from damage to underground facilities, including any cost or damage incurred by the owner or operator or the excavator as a result of any delay in an excavation project while an underground facility is restored, repaired or replaced. The alternative dispute resolution procedure shall not affect civil penalties levied pursuant to Section 62-14-8 NMSA 1978 or change the basis for civil liability for damages.

#### 2-14-10. Rule-making.

The commission shall promulgate rules and regulations to implement the provisions of Chapter 62, Article 14 NMSA 1978.

Hi Kenneth,

I can inform you that in discussing with my folks last year about this issue, they were unaware of any cable they may have dug up. I failed to get a statement from them that says what I just informed you of. My biggest issue was if Century link had run the cable through the cattle guard instead of outside of it but we had no evidence of that occurring.

If the determination is that we are responsible, please use CMRD0215. Thanks steve

Good Morning,

I hope you can wipe the cobwebs off on this one.

I am working on a claim that was previously being handled by Claims Specialist Robert Perz, claim # 2014030005-001.

Century Link is claiming that we damaged a service line while installing a cattle-guard near (b)(6) Questa, NM on 08/23/2013. I read through previous emails that Mr. Perz had printed. It appears we are awaiting the following information: witness statements from the road crew and supervisor, any available reports of investigation (if completed), photos, or, any other relevant information pertaining to this incident. I already have a copy of the Special Use Permit. If OGC determines the FS is at fault I will need a WBS element, Job and Short Hand Code to be established in FMFI.

Good afternoon Steve and Angelo,

I wanted to let you know that the TORT claim from Century Link for the cut cable line has been transferred to me. Robert has briefed me as to where we are at this date and time. We are still pending statements from the road crew that worked on this project. Please forward those to my attention as soon as possible.

I will be sending Century Link a second letter by Friday.

Please let me know if you have any questions.

Thank you,  
*Cheri Abeita*

I need this information listed below. Century Link is sending me all the requested info I need from them. Did anyone call the NM dig hotline before the work was started?

Need: statements from crew, any photographs, any FS documentation on the installation, was the dig hotline called prior to the excavation and any other info pertinent to this claim the RD might have.

Already have a copy of the Special Use Permit and the FS 6500-209.

Thank you

Ok. I could use some statements from the road crew that worked on this project. As of today Century Link has not responded to my letter of 11/15/13 requesting more information. I will send them another letter in the next few days.

Mr. Perz,

I apologize for not getting this to you sooner. Since the road crew supervisor retired I have been trying to pick up the pieces and get a better understanding of what occurred in the area the claim identifies where the damage occurred. There was no official investigation done but what I have gathered was that our road crew was in that location and removed the cattle guard that was in place at the beginning of Cabresto Canyon Road. Most likely that is when the cable was cut. No one has actually stated that a cable was cut during removal of the cattle guard. No photos were taken during the removal of the cattle guard.

I attached the current special use permit which has the owner "QWEST" as the permittee. The Forest has not had an opportunity to reissue a new permit to reflect the change in ownership. The FS 6500 209 is attached and I filled it out with the best information that I had. Let me know if I can provide any more information. Thanks Steve

I forwarded the initial request to Forest Recreation/Lands/Engineering Staff Officer Steve Okamoto, and have ensured he is aware of the claim and the documentation/information you are requesting. I know we're short staffed in a couple of key positions (Lands Special Uses, and Road Crew Supervisor), and that may be holding up obtaining copies of some of the documentation.

I'm sending him a cc of this response and will also remind him again verbally.

Thanks!

Ok. I could use some statements from the road crew that worked on this project. As of today Century Link has not responded to my letter of 11/15/13 requesting more information. I will send them another letter in the next few days.

CenturyLink and Qwest Complete Merger

Combination Offers Consumer, Business and Wholesale Customers a Complete Portfolio of Communications Services

MONROE, La. – CenturyLink, Inc. (NYSE: CTL) and Qwest Communications today completed their merger, creating the nation's third largest telecommunications company in the United States. The combined company's increased scale and financial strength will enable it to deliver a broader range of communications services to consumers and small businesses throughout the company's 37-state service area and to business, wholesale and government customers nationwide via its 190,000 route-mile fiber network.

"The combination of our two companies allows us to offer customers of all sizes an even more robust portfolio of communications solutions that will continue to be backed by honest and personal service," said Glen F. Post, III, chief executive officer and president of CenturyLink.

The transaction was structured as a tax-free stock-for-stock exchange. Under the terms of the merger agreement, Qwest stockholders will receive 0.1664 shares of CenturyLink common stock for each share of Qwest common stock they owned at closing, plus cash paid in lieu of fractional shares. The company expects to continue its current annual dividend of \$2.90 per share.

CenturyLink expects the combination to be immediately accretive to free cash flow per share, excluding integration costs, and it is expected to generate annual operating and capital synergies of approximately \$625 million when fully recognized over the next three to five years. On a pro forma basis, the combined company had revenues of \$18.6 billion, adjusted EBITDA of \$8.1 billion and adjusted free cash flow of approximately \$3.1 billion for the twelve months ended Dec. 31, 2010.

As previously announced, the combined company will use the name CenturyLink, although the Qwest brand will continue to be used in former Qwest markets for the next several months.

The company's board of directors includes current CenturyLink board members and four members of Qwest's board. Those joining the CenturyLink board are Edward A. Mueller, Charles L. Biggs, Michael J. Roberts and James A. Unruh.

The corporate headquarters of the company will remain in Monroe, La. The company will maintain the headquarters for its Business Markets Group in the Denver metro area, where Qwest's headquarters were located. In addition, Denver will be the location of one of the company's six regional headquarters. The other five regional headquarters will be located in Phoenix; Minneapolis; Seattle; Wake Forest, N.C.; and Apopka, Fla.

For more information about the merger, including state-by-state information and key facts, please visit www.centurylinkqwestmerger.com.

Qwest shareholders who need additional information or have questions about exchanging shares should visit www.computershare.com/CenturyLink/QwestFAQs.com.

Forward Looking Statements

Except for the historical and factual information contained herein, the matters set forth in this communication, including statements regarding the expected benefits of the acquisition such as efficiencies, cost savings, enhanced revenues, growth potential, market profile and financial strength, and the competitive ability and position of the combined company, and other statements identified by words such as "estimates," "expects," "projects," "plans," and similar expressions are forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are subject to a number of risks, uncertainties and assumptions, many of which are beyond our control. Actual events and results may differ materially from those anticipated, estimated or projected if one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect. Factors that could affect actual results include but are not limited to: the possibility that the anticipated benefits from the acquisition cannot be fully realized or may take longer to realize than expected; the possibility that costs or difficulties related to the integration of Qwest's operations into CenturyLink will be greater than expected; the ability of the combined company to retain and hire key personnel; the timing, success and overall effects of competition from a

wide variety of competitive providers; the risks inherent in rapid technological change; the effects of ongoing changes in the regulation of the communications industry; the ability of the combined company to effectively adjust to changes in the communications industry and to successfully introduce new product or service offerings on a timely and cost-effective basis; any adverse developments in commercial disputes or legal proceedings; the ability of the combined company to utilize net operating losses in amounts projected; changes in our future cash requirements; and other risk factors and cautionary statements as detailed from time to time in each of CenturyLink's and Qwest's reports filed with the Securities and Exchange Commission. You should be aware that new factors may emerge from time to time and it is not possible for us to identify all such factors nor can we predict the impact of each such factor on the acquisition or the combined company. You should not place undue reliance on these forward-looking statements, which speak only as of the date of this communication. Unless legally required, we undertake no obligation to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise.

Good Afternoon Mr. Okamoto, Sorry to bother you,

This old Century Link claim has surfaced again....

Could you please provide the following information for the Office of General Counsel (OGC) .

Century Link replied to their denial and OGC needs the following info and statements in writing to uphold the denial.

1. Please send me a written statement that no one either put in a cattleguard, or if they did, that they did not cut any cables,
cause if they did they would have seen it,
2. Also provide me with a legal description of where they did put in a cattleguard, in case they did do it, and whether or not it was FS land.

Subject: Tort – Claims Management Resources o/b/o Century Link; Property Damage, \$1,121.55; August 23, 2013; Southwestern Region, Carson NF, Taos County, Questa, New Mexico

To: Kenneth D. Paur, Deputy Regional Attorney
USDA, Office of the General Counsel

Enclosed is a tort claim filed relative to property damage involving an underground Century Link service wire and a Carson National Forest road repair crew. The claim in the amount of \$1,121.55 was submitted by Ms. Holly Finley a representative from Claims Management Resources (CMR) Claims Department, an authorized agent for Century Link. The Albuquerque Service Center (ASC) received the duly filed claim on November 05, 2013.

BASIS OF CLAIM: The claimant alleges that on August 23, 2013 (time of day unknown), their underground service wire was damaged by a Carson NF road repair crew that installed a cattle guard at (b)(6) Questa, New Mexico 87556. FS employee Steve Okamoto, Region 3, Carson NF, Forest Engineer, reported he has no knowledge of the incident.

Ms. Holly Finley submitted an itemized invoice for repair of a service wire located at (b)(6) (b)(6) Questa, NM in the amount of \$1,121.55. In addition, Ms. Finley provided documentation showing her authorization to represent Century Link.

Two letters were mailed to Ms. Holly Finley requesting further information in support of the claim, to include a legal description of the area where the property damage occurred and further supporting documentation showing responsibility and negligence on behalf of the Forest Service for damages claimed. As of this date, Ms. Finley has not provided the requested documentation.

We do not anticipate any additional claims relative to this incident as the claimant is self-insured.

STATEMENT OF FACTS: According to the enclosed SF-95, *Claim For Damage, Injury, or Death* (SF-95), on August 23, 2013 an underground service wire was damaged while a Carson NF road repair crew installed a cattle guard at (b)(6) Questa, New Mexico 87556. The claim was submitted by Ms. Holly Finley of Claims Management Resources (CMR) Claims Department, an authorized agent for Century Link.

According to the FS-6500-209, *Notification of Incident, Potential Claim Against The Government*, FS employee Steve Okamoto, Forest Engineer, Carson NF, has no knowledge or information concerning this incident.

No formal investigation reports were completed.

FOREST SERVICE RECOMMENDATION: Based on the foregoing, we believe this claim does not fall under the provisions of the Federal Tort Claims Act. The evidence fails to show negligence or any wrongful act or omission by the United States or its employees. Moreover, Ms. Finley failed to provide us with a legal description of the area where the property damage occurred and further documentation in support of the claim.

Therefore, we recommend denial of payment to Century Link for the damaged underground service wire in accordance with FSH 6509.11h-92-1, section 31.23, Insufficient Support, page 6, which states:

“If a tort claim is properly presented to the agency, but is lacking sufficient supporting documentation, request the missing documentation in writing. Advise the claimant that the Office of the General Counsel must not approve payment for claimed damages or injuries that are insufficiently documented. If necessary, follow up with a second written request for the information. If the requested documentation is not submitted within 4 months of the presentation of the claim, forward the claim and administrative report to the Region or Station Claims Officer recommending denial of the claimed items which are not documented.”

Please call Ken Mashke at (505) 563-7605 if you have questions relative to this claim.

Signed By: sokamoto@fs.fed.us

Hello Kenneth,

Sorry this keeps coming up with Century Link. So the story is that a cattle guard was removed by the Carson NF road crew, not installed. The crew did not see any cables as they excavated to remove the cattle guard. What we don't know is if the cable from Century Link was installed through the cattle guard and we did not know it. If that was the case, the cable should not have placed there.

The work done to remove the cattle guard was on Carson National Forest lands.

Approximate legal is S21 T29N R13E. Let me know if you need anything else. Steve

(b)(6)

(b)(6) Dear

We have received your request for information on filing a claim against the government for damages relating to the 2014 Diego Fire.

Claims asserting negligence on the part of the government fall under the Federal Tort Claims Act (FTCA), a law authorizing the government to compensate private citizens for personal injuries and property damage. The Act authorizes federal agencies to pay private citizens for these types of damages, if, the damages were caused by the negligence of federal employees while carrying out their government duties.

Your claim will be processed under the Federal Tort Claims Act (FTCA). Two copies of the *Claim for Damage, Injury, or Death Form (SF-95)* are enclosed for your use. Please complete and submit one copy of the form. The instructions for completing the SF-95 are located on the reverse of the form. In addition, documentation to support the claim is required. The documentation submitted must be in accordance with the provisions of 28 Code of Federal Regulations, Part 14.

As an agency, the Forest Service (FS) does not have the authority to settle tort claims and is required to refer them to the U.S. Department of Agriculture, Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. Please send the completed SF-95 and the supporting documentation to the address indicated on the letterhead, ATTN: Loredia Brooks.

Departmental policy requires that all claims arising from a single occurrence be held in abeyance until the full extent of the claims is known before adjudicating. The FS anticipates receipt of more claims prior to the expiration of the two-year statute of limitations under FTCA.

Once we have received and reviewed all the claims associated with the Diego Fire, they will be transmitted to the OGC for determination. When the OGC attorney assigned to the claims ultimately determines what, if any, liability the FS has in these claims, he or she will issue either denial letters or offers of settlement. If the recommended settlements exceed \$100,000.00, the Department of Justice must approve the settlement before payment is made.

We hope this information is helpful to you in filing your claim. Should you have questions regarding the claims process, contact Loredia Brooks at (505) 563-7192 or via email at lb Brooks01@fs.fed.us.

Sincerely,

A. LISA LUX

(b)(6) [redacted]

Plaintiffs,

v.

STATEMENT OF [redacted]

(b)(6)

STATE OF NEW MEXICO)
)ss.
COUNTY OF BERNALILLO)

(b)(6) COMES NOW [redacted] and, after first being duly sworn upon her oath, deposes and states:

- (b)(6)
1. My name is [redacted] and I am over the age of eighteen.
 2. On July 22, 2012, I was injured as a result of an automobile accident that occurred on an unmarked dirt road near Truchas, New Mexico.
 3. The road became narrower as we were driving on was bumpy and so narrow that the truck barely had room to drive without sliding off the edge. We were traveling approximately five (5) miles an hour up a moderate incline.
 4. I was riding in truck bed of a truck driven by [redacted] at the time of the accident. I was sitting on the drivers side and could see the edge of the road on the passengers side. I saw the wheel fall off the edge. (b)(6)
 5. I felt a shift as the wheel fell off the road and dirt crumbled. The truck rolled off the road and I fell out of the truck bed. I landed face down and began rolling down the cliff. The truck fell on top of me, landing on my back, and kept rolling down the embankment. I continued falling down the cliff and the truckbed eventually landed on top of me.

6. After the truck came to a stop, I crawled to (b)(6) who had also landed under the truck bed and noticed she was bleeding. I noticed that my back was hurt and I was afraid to move because I was afraid I had a spinal injury.

7. The driver left the accident and went back to the campsite to call an ambulance.

8. I had to climb back up the cliff with help from (b)(6) I had a hard time (b)(6)

(b)(6) walking and moving my arms. (b)(6) gave me a sweatshirt to put on. I could not lift my arms above my head to put it on.

9. After climbing up the embankment, I rested for approximately ten minutes and then began to walk back to where we were camping. The campsite was approximately three miles away from where the accident took place. It took us almost an hour to walk back to the campsite. While we were walking, a tow truck came up the road and gave us a ride to the campsite.

10. An ambulance was waiting at the campsite. The EMT's assessed me and determined that I did not have a spinal injury but needed transport to the hospital. I was transported to Presbyterian Hospital in Espanola, New Mexico.

11. At the hospital, I was diagnosed with broken ribs, a punctured lung and swelling in my neck, along with bruises on my face.

12. I was in the hospital for approximately three (3) days. While in the hospital my oxygen levels were monitored carefully due to the punctured lung.

13. After being released from the hospital I continued follow up treatment with my primary care physician and a chiropractor.

14. I was out of work for two weeks because I was not able to lift boxes, as required by my job.

15. I was scheduled to leave for a vacation to Miami, Florida a few days after the accident and was unable to leave because I was in the hospital.
16. My ribs fused together as they healed. My primary care physician has stated that I will have chronic pain and need to continue chiropractic treatment.
17. I currently suffer from chronic pain in my back and neck and cannot sit for more than half an hour at a time. I cannot lift anything over twenty (20) pounds. I continue to have sharp pains if I take a deep breath. I can no longer jog or run. I have a hard time sleeping because of the pain.
18. My job requires me to use a microscope. I am no longer able to bend down to use the microscope for long periods of time and must take frequent breaks.
19. My doctor has stated that I cannot walk more than one hundred (100) meters without stopping. I now have a handicap parking permit because I cannot walk long distances to class and work while carrying a backpack.

- (b)(6) [redacted]
1. My name is [redacted] and I am over the age of eighteen.
 2. On July 22, 2012, I was injured as a result of an automobile accident that occurred on an unmarked dirt road near Truchas, New Mexico.
 3. I was riding in truck bed of a truck driven by [redacted] at the time of the accident. I was (b)(6) [redacted] sitting on the passenger side. I was looking over the edge of the road down the cliff.
 4. I heard a loud noise but couldn't see what was happening. I thought we were going to die. I don't remember the actual accident itself.
 5. After the accident, I stood up to check and make sure everyone else was safe. I saw that (b)(6) [redacted] was severely injured. I was afraid she had a spinal injury and was afraid to touch her or move her.
 6. The driver of the truck left to return to our campsite and call the ambulance.
 7. I began trying to help (b)(6) [redacted] up the incline. The incline was muddy and slippery. It

(b)(6) was very difficult to carry [redacted] up the hill. I noticed that my head and shoulder were very sore.

8. As we walked back to camp, the sun set and it became very dark. We had a hard time seeing the edge of the road and were afraid of falling back down the cliff. The walk back to the campsite was approximately three miles. We walked for almost an hour. We had

(b)(6) to walk very slowly because [redacted] was in so much pain that she could not move quickly.

9. When we were almost back to the campsite, we saw a tow truck. The driver offered us a ride back to camp.

10. When we arrived at camp an ambulance was waiting. I was assessed by the E.M.T.'s.

They did not feel that I needed emergency transport. They transported [redacted] to the (b)(6) hospital.

11. After the ambulance left, the other campers and I packed up our camping gear. We used the headlights from the car to be able to see in the dark. When we were ready to leave, we found that the battery in the car was drained and we had to push-start the car. I noticed that my shoulder hurt worse.

12. I drove the driver to his house and then went to the emergency room at Presbyterian Hospital in Espanola, NM. In ER, I was diagnosed with a damaged rotator cuff, bruising and a concussion. I was told not to lift anything heavy for a few months.

13. A few weeks after the accident I went to the emergency room in Albuquerque because my shoulder was still hurting. I followed up with my primary care physician, who referred me to a physical therapist. I received four physical therapy sessions. I was told that I would probably always have pain in my shoulder if I overexert it.

14. I still have pain in my shoulder that affects my sleeping.

15. I travel on business often and have to pay for special seating accommodation when flying
in order to be comfortable.

A TOWING COMPANY WAS NOT CALLED OUT DUE TO THE ROAD CONDITIONS AND LIGHTING. DRIVER #1 STATED HE WANTED TO LEAVE IT THERE UNTIL DAYLIGHT AND HE WOULD GET SOME HELP GETTING VEHICLE #1 OUT OF WHERE IT WAS AT. ON JULY 22, 2012 I RECEIVED A PHONE CALL FROM DRIVER #1 OF VEHICLE #1. DRIVER #1 ADVISED ME THAT HE WAS ABLE TO GET THE TRUCK OUT AND IT WAS AT HIS MOTHERS HOUSE. I ADVISED HIM TO STAY THERE SO I CAN GO TAKE PICTURES OF DAMAGES TO VEHICLE #1. VEHICLE #1 SUSTAINED HEAVY BODY DAMAGE TO THE VEHICLES REAR (BODY DAMAGE), RIGHT REAR (SCUFF MARKS), RIGHT FRONT (BODY DAMAGE), FRONT (BODY DAMAGE), LEFT FRONT (BODY DAMAGE), DRIVER DOOR (BODY DAMAGE), SHATTERED WINDSHIELD, AND TOP OF VEHICLE (BODY DAMAGE). THIS IS THE END OF MY CRASH INVESTIGATION. PICTURES OF VEHICLE #1 WERE TAKEN. A TOWING COMPANY WAS NOT CALLED OUT FOR THIS CRASH. A DIAGRAM WAS NOT DONE DUE TO THE ROAD CONDITIONS, LIGHTING, AND NO PERMANENT MARKERS.

(b)(6);(b)(7)(C)

REPRESENTATION AGREEMENT

IT IS HEREBY AGREED by and between [REDACTED] (hereinafter referred to as [REDACTED] (b)(6)) "Client") and **THE LAW OFFICES OF NANCY L. SIMMONS, P.C.** (hereinafter referred to as "Attorney") that said Attorney shall represent Client in prosecuting all claims for damages and further:

Federal Action Fees and Costs

1. It is mutually understood that this is a difficult and contested case which may involve claims against the United States and/or private parties. In no event shall any portion of this Agreement providing for a contingent fee for Attorney be relied upon by the court, Client or any defendant as any evidence that Attorney consider the contingent fee arrangement to be adequate compensation for its services or to provide a basis to deny Attorney the award of appropriate Attorney's fees. Client understands and expressly agrees that Attorney has made no promises regarding the validity or final outcome of Client's claims in this matter.
2. For the purposes of all claims against any Defendants other than the United States, Attorney shall be entitled to receive as her fees 33 1/3% of the gross value of any relief recovered on Client's behalf in connection with this matter. Any settlement offer by Defendants of a fixed sum which includes a division between damages and Attorney's fees shall be treated by the Client and Attorney as an offer of a single sum of money and, if accepted, shall be treated as the recovery of a single sum of money to be apportioned between the Client and

FEE AGREEMENT

Page 1 of 10

Attorney. Any stated division of such an offer into Attorney's fees by the offeror shall be completely disregarded by the Client and the Attorney.

3. For the purposes of all claims against the United States, Attorney shall be entitled to receive as her fees 25% of the gross value of any relief recovered on Client's behalf in connection with this matter. All other provisions in Paragraph 2, *supra*, apply equally and without limitation to Paragraph 3.
4. For purposes of this Fee Agreement the terms "gross value of any relief recovered on Client's behalf" (see paragraphs 2 and 3) and "value of the rejected settlement offer" (see paragraph 14) mean the sum of all money paid, recovered, awarded or offered, as appropriate, to Client plus the value of any equitable relief provided or offered, as appropriate, to Client. If the parties to this Fee Agreement cannot agree on the value of such equitable relief at the time it is provided or offered, they will submit this question to a mutually agreed upon person for a binding, non-reviewable determination of this value, with the parties to divide the costs thereof.
5. In the event that no relief is recovered by settlement or judgment in connection with this claim, Attorney shall receive nothing for her services. Nonetheless, Client shall remain liable for any and all unpaid costs and expenses advanced by Attorney.
6. In the event that an appeal or more than one trial is required in regard to these claims, additional fees to be negotiated shall be charged in addition to those specified herein.

7. In addition to the above-described Attorney's fees, all court costs, subpoena costs, service of process costs, photos, private investigators, depositions, exhibits, expert witness expenses, court reporter costs, witness fees, medical and other expert report fees, fees for records, photocopying cost, long distance telephone costs, postage, trial expenses for Attorney, and all other out of pocket expenses directly incurred in investigating or litigating this claim shall be paid by Client upon written notice from Attorney. In the event that Client is unable to pay these expenses prior to receipt of settlement or verdict in this matter, or in the event that such expenses have not otherwise been paid by the time of receipt of settlement or verdict in this matter, all such expenses may be deducted (separate from and in addition to Attorney's fees) from the proceeds of any recovery.
8. Under no circumstances will Attorney pay for or be liable for Client's medical bills, living expenses or other incidental expenses incurred in connection with this claim.
9. In addition to the above-described Attorney's fees and expenses, Attorney shall be paid gross receipts tax upon its fees and expenses. This tax shall be paid in an amount to be determined by the relevant law at the time of payment.
10. The method for disbursement for any monies received in connection with this claim shall be as follows: First, costs (including gross receipts tax) incurred in the federal litigation; second, Attorney's fees (including gross receipts tax) computed as set forth above; third, any claimed outstanding bills of the Clients, such as doctor's bills, ambulance bills or other similar items for which Client is obligated and which Attorney has been authorized to pay or are required to pay

as a matter of law or lien, shall be paid out of the remaining balance; and fourth, the balance shall be paid to the Client.

11. In the event that a verdict or settlement is received in the form of a structured settlement with payments made over a period of time rather than in one lump-sum, any contingent fee shall be calculated on the basis of the present value of the overall structure rather than the future value. Attorney shall be entitled to receive the full amount of their fee plus expenses and tax out of the first payment of the structured settlement. If the first payment is not adequate to cover the full amount of Attorney's fees, expenses and tax, Attorney shall be entitled to continue to take the full amount of subsequent payments until all Attorney's fees, expenses and taxes are paid. Thereafter, all future payments under the structure shall be the property of Client.
12. In the event that Attorneys recover only a portion of their Attorney's fees, Client agrees that Attorneys shall decide among themselves a fair and equitable manner of distributing the total amount of Attorneys' fees recovered, either through a *pro rata* formula or otherwise.
13. In the event that there is a counterclaim or offset or other credit asserted against Client in connection with this claim, the language in this contract regarding the determination of the percentage contingent fee shall be deemed to apply to the amount actually awarded to Clients rather than to the net amount recovered by Client after any amount is credited or offset against the award.
14. Client agrees not to engage in any settlement discussions or negotiations with the opposing party or its agents without consulting with Attorney. All decisions as

to whether or not a settlement offer should be accepted or rejected, including decisions about whether or not to make counter-offers and in what amount, shall be Client's. Attorney shall consult with Client and provide appropriate information and advice to allow Client to make such decisions, and shall abide by Client's decisions. However, if Attorney recommend to Client in writing that a particular settlement offer or Offer of Judgment under Rule 68 should be accepted, and if Client decides to reject the particular settlement offer and later receives a judgment or accepts a settlement which is less favorable than the one Attorney recommended accepting, then Client remains responsible for the administrative fees and costs and the contingent fee amount provided for in paragraphs 2 and 3, above, shall be calculated based upon the value of the rejected settlement offer rather than the value of the relief actually recovered.

15. Under special circumstances, Attorney may associate with additional counsel at her discretion. Any Attorney so employed may be designated to appear on Client's behalf or undertake some portion of Client's representation in this matter. In the event this occurs, Client shall be advised of the reason for such association, and is entitled to reject such additional counsel. Client shall have no additional fee obligation to any such associated attorney beyond the total fee provided herein for Attorneys' services.
16. Client expressly understands that a financial award on behalf of a minor or a disabled person may have special implications, including the necessity of hiring attorney specialists to safeguard the person and the person's eligibility for government benefits, including Medicaid. Client expressly understands that

Attorney is not a specialist in maintaining eligibility for government benefits nor in the tax implications arising from a financial award on behalf of Plaintiff, and will therefore recommend and rely on independent legal advice from attorney specialists, who will be retained and compensated by Client, at Client's option, upon advice and consultation with Attorney. Attorney's fees for a minor or disabled person may be paid from the minor or disabled person's settlement proceeds, but will be calculated on an hourly basis only, independent of the provisions of this representation agreement.

17. Client agrees to keep Attorney advised of Client's whereabouts at all times, to cooperate in the preparation and trial of the case, to appear on reasonable notice for depositions, conferences and court appearances, and to comply with requests by Attorney to assist with the preparation and presentation of this case. Failure to so cooperate may result in court imposed costs, fines or sanctions (including possible dismissal of Client's claim). Any such costs, fines or sanctions shall be the responsibility of Client unless caused by the negligent or intentional conduct of Attorney.
18. Client may terminate this Agreement without particular cause by giving Attorney written notice of termination. Attorney may terminate this Agreement and withdraw at any time, upon giving reasonable notice in writing to Clients, for any reason allowed by the Code of Professional Responsibility, if Client fails to cooperate in Attorney's handling of this matter, or in the event it is no longer feasible or practical to represent Clients. In the event of termination by either party, Attorney shall be entitled to be compensated for all services rendered prior

to receipt of written notice of termination. Such compensation shall be either a) 33 1/3% of any settlement or verdict or b) payment on the basis of Attorney's hourly rate times the number of hours actually worked, whichever is lesser, regardless of whether or not other counsel is retained to represent Client in connection with this matter. In the event of termination, Attorney will be reimbursed by Client for all unpaid expenses within 30 days. Attorney's fees shall be paid as soon as possible by Client but, in any event, prior to any distribution of any proceeds to any person, including subsequent counsel.

19. Attorney is hereby given an attorney's charging lien by Client which attaches to any money or property awarded to Client or actually paid, received or collected by compromise or otherwise in satisfaction or settlement of any claims in connection with this incident to insure payment of any obligations created by this Agreement.
20. Any and all questions, disputes, controversies or claims arising under or related to this Agreement and/or its interpretation or implementation, shall be settled by mandatory, binding arbitration through the New Mexico State Bar fee dispute program or, for issues unrelated to fees, through mandatory, binding arbitration, in accordance with the New Mexico Uniform Arbitration Act, §§44-7-1, et. seq., NMSA 1978 Comp., as amended.
21. Attorney promises to do her utmost on behalf of Client and to utilize all ethical and legal procedures to advance Client's interests in this matter. Attorney cannot and does not guarantee or promise to Client any specific outcome of this claim.

22. Nothing in this Representation Agreement creates any liability for the payment of Attorney's fees and cost by the Guardian ad Litem, if any.

ATTENDANCE AGREEMENT

Welcome to [redacted]

Please be informed that the following may result in immediate discontinuation of services:

Attendance

- Missing Two (2) appointments without calling
- Canceling Two (2) appointments with less than 24 hours notice for each cancellation
- Excessive tardiness

We value you as a patient. Your therapist will help you identify your goals and determine a frequency of follow-up appointments to help you meet your goals. We are making efforts to accommodate the community by shortening the waiting list for appointments. Every appointment that you miss could have been an opportunity for someone else to receive treatment.

If you are more than 15 minutes late for your appointment your therapist may not be able to treat you. Please call to see if we are able to accommodate you or to reschedule if you find that you are going to be late.

Family/Caregiver

For their safety, children need to be supervised by an adult and remain in the waiting area. Ask your Therapist if friends and family members who wish to attend your consult or treatment can be accommodated.

Weather

In cases of inclement weather when Public Schools are delayed or closed, our clinics will be open for business at 11:00 am. All morning appointments prior to 11:00 am will be cancelled. Of course, these cancellations will not be counted towards the cancellation / no show agreement listed above. If for some reason, school is NOT in session, please call your clinic for specific information.

We appreciate your cooperation

(twist)

Begin on hands and knees with buttocks on floor and downward moving elbow to opposite side backward raising at same time repeat with other side.

Form 3 sets of 10 Repetitions

at 1 Minute between sets.

YOGA - 81 Crouch

ADVANCED:
Rise on toes for
added stretch

Stand with feet slightly apart in parallel.
Rise on balls of feet and lower into crouch.
Place fingers on floor for balance and support.
Hold for 30 seconds.

© VHS 2001 (YOGA)

SPINE - 36 FLEXIBILITY: Waterfall

Stand in Horse Stance.
Let head hang forward,
arms dangle relaxed and
heavy. Slowly curl down
knees bent, arms and head
relaxed. Slowly uncurl,
stacking each vertebra,
keeping knees bent,
head and arms heavy.
Maintain weight evenly
distributed over feet
throughout movement.

Repeat 3 times.

(b)(6)

Routine For:
Created By:

SHOULDER - 106 Scapular Retraction (Prone)

Lie with arms at sides, towel roll under forehead, pillow under abdomen. Pinch shoulder blades together and raise arms a few inches from floor. Keep the belly and neck gently hollowed for stability. Turn the palms toward each other and pulse the hand in toward the side of the body. Long breath in (4-5 pulses), long breath out.

Repeat 1-3 breaths per set. Do 2-3 sets per session.
Do 1 sessions per day.

(b)(6)

Routine For:
Created By:

PILATES - 29 The Hundred; Intermediate

Start with legs raised and knees bent. Do not need to lift the head. Pump hands slightly up and down with the shoulderblades back. Breathe in for count of 5. Breathe out for count of 5. Repeat for 30-60 seconds. Repeat 3 times.

**LOWER TRUNK - 15A Lower Abdominals
Knee Down / Up**

Start with both legs up. Hold 30-60 seconds
Do 3 sets, times per day.

TRUNK STABILITY - 11 Bilateral Isometric Hip Flexion

Add double knee push with straight arms vs crossed arms.
Hold 30-60 seconds.
Repeat 3 times

BACK - 53 Segmental Flexion / Extension

Clasp hands behind head and slowly bend down, segment by segment, through lower back. To return, curl the stomach backward to stack the low back, continue the scoop to stack the rest of the vertebra (do not straighten the low back too soon, keep scooped)

Repeat 10 times

ABS - 1 Sit-Up: Bent Knee

Start sitting upright. Scoop the belly backward and roll down segmentally, stopping if you lose your technique. Keep stomach scooped to curl up segmentally.
Complete 10 repetitions.

RECEIVED
JAN 25 2016
CLAIMS MANAGEMENT

Subject: Claim for Personal Injury, \$100,000.00; Santa Fe National Forest, New Mexico

Dear Mr. Hart,

I have reviewed the claim you submitted on behalf of your client, [REDACTED] in the amount of \$100,000.00 for personal injury. You allege your client was riding his bicycle on a Forest Service road in the El Porvenir Campground area when his bicycle wheel allegedly fell into a space on the cattle guard causing him to flip over the front of the bicycle. As a result, he allegedly suffered injuries.

(b)(6)

Unfortunately, I must deny this claim. There is no evidence that indicates the negligence of a Forest Service employee resulted in the personal injury your client claims. All outdoor recreational activities on National Forest System lands have inherent risks. Your claim failed to state how the Forest Service is responsible for your client's injuries. Additionally, your claim does not provide documentation to support personal injuries. The Forest Service has requested but has not received documentation detailing the extent of your client's injuries.

The Federal Tort Claims Act (28 U.S.C. § 2871 et seq.) only provides a remedy to those who suffer personal injury or property damage as a result of a negligent or wrongful act of an employee of the United States. As you have not presented any evidence of negligence or wrongdoing by a government employee, regretfully, I cannot allow your claim.

This is the final administrative action and claim relating to the above incident. If you disagree with my decision, you must begin an action in the appropriate Federal District Court not later than six months from the date of this letter (the date shown above). See 28 .S.C. §2401(b).

Sincerely,

Patricia Leigh Disert

Subject: Tort Claim – F. Michael Hart on behalf of [REDACTED] Personal Injury;
\$100,000.00; Southwest Region, Santa Fe National Forest, Pecos-Las Vegas
Ranger District

(b)(6)

To: Kenneth D. Paur, Deputy Regional Attorney
USDA, Office of the General Counsel

Enclosed is a tort claim in the total amount of \$100,000.00. The claim was submitted by
attorney F. Michael Hart on behalf of his client, [REDACTED] for consideration under the
Federal Tort Claims Act (FTCA).

The claimant is seeking compensation for personal injuries in connection with a bicycle accident
that occurred the afternoon of July 18, 2014, at the El Porvenir Campground area on the Pecos-
Las Vegas Ranger District, Santa Fe National Forest. The alleged incident occurred when [REDACTED]
[REDACTED] was riding his bicycle on Forest Road 261 in the El Porvenir Campground area, when
he came upon a cattle guard and attempted to ride across it. [REDACTED] allegedly sustained
unknown injuries to his head, face, neck, and cervical strain, and bruises, after flipping over his
bicycle when the wheel fell into a space on the cattle guard. The claim and documentation are
included as attachments to the Administrative Report.

This claim was investigated under the auspices of the FTCA (28 U.S.C. 1346, 2401, and 2671-
2680). Based on our examination, the claimant has failed to prove that there was a negligent or
wrongful act or omission by the agency and the alleged negligence was the proximate cause of
his personal injuries. In addition, he has failed to sufficiently substantiate his claim for damages.
Therefore, we recommend you deny this claim.

The Forest Service has not received any other claims relative to this incident, nor do we expect to
receive any other claims. To our knowledge, this claim has not been assigned to any particular
attorney in your office.

Please contact Charlene Rider at (505) 563-7127 or via email at charlenerider@fs.fed.us should
you have any questions.

Sincerely,

Amy Brandhuber

II. STATEMENT OF FACTS

BACKGROUND

On September 5, 2014, the Forest Service (FS) Albuquerque Service Center (ASC) Claims Branch received a cover letter and SF-95, *Claim for Damage, Injury, or Death*, in the amount of \$100,000.00, from F. Michael Hart (Hart), Attorney at Law, on behalf of his client, [REDACTED] (Exhibit A).

(b)(6) According to the SF-95, [REDACTED] was riding his bicycle on a FS road in the El Porvenir Campground area on the Pecos-Las Vegas Ranger District, Santa Fe National Forest, when his bicycle wheel allegedly fell into a space on the cattle guard causing him to flip over the front of the bicycle. As a result, he allegedly suffered injuries to his head, face, neck, and cervical strain, and bruises. The claim was signed, but not dated and did not list the date, day, and time of the alleged incident. In addition, Hart did not submit any supporting documentation.

On September 9, 2014, the ASC Claims Branch received another cover letter and SF-95; however, the copy received on this date, was signed and dated; however, it did not list the date of the alleged incident (Exhibit A.1).

(b)(6) On September 17, 2014, ASC Claims Specialist Loredia Brooks sent Hart a letter notifying him that our office did not have documentation signed by [REDACTED] designating the firm as legal representative to represent him in this matter (Exhibit B).

(b)(6) On September 22, 2014, the ASC Claims Branch received a letter, dated September 18, 2014, acknowledging receipt of our letter and asking that we accept the letter as confirmation that Hart represents [REDACTED] (Exhibit B.1).

(b)(6) On October 28, 2014, the claim was reassigned to ASC Claims Specialist Charlene Rider (Rider). On October 29, 2014, Rider sent Hart a letter asking for a signed statement from his client or a copy of retainer agreement to show he is authorized to act on [REDACTED] behalf. In addition, a copy of the SF-95 was sent back to Hart, requesting that blocks 3-7 be filled out and requested a detailed description and exact location of the alleged incident. Furthermore, the letter requested that they submit documentation to support the claim for personal injuries, as well as, witness statements, police reports, and photographs (Exhibit B.2).

(b)(6) On November 13, 2014, the ASC Claims Branch received a response, dated November 10, 2014. In the response, blocks 3-7 of the SF-95 were completed and Hart stated that they have already provided a detailed description and the exact location of the alleged incident. Hart also indicated that they would request medical records and bills for [REDACTED] treatment. Hart stated that they do not have any witness statements and a police report was not filed. They provided photographs of the cattle guard and [REDACTED] injuries. In addition, Hart noted that [REDACTED] believed the roadway is approved for bicycle travel; however, did not provide evidence to support that allegation (Exhibit B.3).

On February 13, 2015, Rider received a phone call from Hart's office requesting status of the claim. Rider explained that we were still awaiting a signed statement or authorization from their client showing that they are authorized to act on his behalf. In addition, she let them know that we were still awaiting copies of the

medical records. They indicated that the medical records were requested and that they would provide copies as soon as possible.

On March 3, 2015, the ASC Claims Branch received a copy of the Contingent Fee Agreement signed by (b)(6). The agreement was dated February 26, 2015. In addition, the cover letter indicated that they have requested copies of Montano's medical records and bills and they would forward them to our office in the near future (**Exhibit B.4**).

On May 12, 2015, Rider sent one last letter to Hart inquiring about the supporting documentation, with a reply due date of June 11, 2015. The letter was signed for by Andrea Boyle. As of the date of this report, we have not received any supporting documentation to substantiate the claim for personal injuries (**Exhibit B.5**).

DESCRIPTION OF EVENTS

According to the SF-95, *Claim for Damage, Injury, or Death*, on Friday, July 18, 2014, sometime in the afternoon, (b)(6) alleges that he was riding his bicycle on a forest road in the El Porvenir Campground area on the Pecos-Las Vegas Ranger District, Santa Fe National Forest. As he crossed a cattle guard, his bicycle wheel allegedly fell into a space on the cattle guard causing him to flip over the front of his bicycle. As a result, he alleges he suffered injuries to his head, face, neck, and cervical strain, and bruises.

The claimant listed (b)(6) as a witness; however, as of the date of this report, a witness statement has not been provided.

Hart has provided a copy of the Contingent Fee Agreement, signed by (b)(6) on February 24, 2015, as proof of his authority to act on (b)(6) behalf.

As of the date of this report, the claimant, nor his attorney, has submitted any documentation to support the claim for personal injuries; however, our office has received copies of photographs of the cattle guard and the injuries to his face.

The El Porvenir Campground is located in the Pecos-Las Vegas Ranger District, Santa Fe National Forest, approximately 15 miles from Las Vegas, NM on Highway 65 and Forest Road 261. There is an \$8.00 per vehicle fee for camping and picnicking, and the grounds consists of 13 camping units with picnic tables, fire rings/grills, 2 vault toilets, and bear proof trash bins. There are no utility hookups, dump stations or showers. The El Porvenir Trailhead is located prior to the campground area, in close proximity, and a fee is not required to park and use the trailhead (**Exhibit C**).

When Rider initially inquired with (b)(6) Unit Claims Liaison, about this incident, (b)(6) stated that the District Ranger, (b)(6) and the (b)(6) had no knowledge of the incident (**Exhibit D.1**). However, it was later determined that FS employee (b)(6) Forestry Technician, was at the El Porvenir campground the day after the alleged incident took place. According to a statement provided by (b)(6) states that he checked in with the campground hosts (last name (b)(6)) to see how things were going within the campground. The campground hosts informed him that he should talk with a gentleman at one of the camp sites. (b)(6) stated that the hosts

(b)(6) told him the older gentleman was riding a bicycle and had a tumble. In a statement submitted by (b)(6) he states that he spoke with (b)(6) and (b)(6) told him that he was riding a bicycle the evening before with his grandkids. They rode their bicycles down the El Porvenir road heading out of the campground area. On their return to the campground, (b)(6) stated that as he crossed the cattle guard just a few hundred feet from the campground entrance fee area, his bicycle's front tire went between the cattle guard and he went right over his bicycle handles and onto the ground. He further told (b)(6) that after he fell off the bicycle he took care of himself a bit then later decided to go to the hospital. After he left the hospital he returned to the camp site. It is unknown whether he returned the same night or the next morning. (b)(6)

(b)(6) stated that (b)(6) was a little slow to get up from a chair and had a bruise on his cheek. He also stated (b)(6) that (b)(6) was complaining of a sore neck. (b)(6) showed (b)(6) where the cattle guard was and explained that the cattle guard should not have been like it was and said that someone should fix it. (b)(6)

(b)(6) stated that the gap between each cattle guard section was too wide. Wide enough for a bicycle tire to fit between, and it should not be that way. It should be fixed soon. (b)(6) stated that there are three sections of the cattle guard. The three sections make up the entire length of the cattle guard that stretches perpendicular across the road (Exhibit E). (b)(6)

(b)(6) does not think the campground hosts did a statement regarding the incident. He did not have contact information on the campground hosts; however, he stated that (b)(6) might have their information (Exhibit D.3).

(b)(6) According to (b)(6) Lands/Recs & Wilderness, there is a cattle guard on the boundary of the campground which has a gate used to shut the campground during winter months. He stated that the cattle guard is located on Forest Road 261, which has a maintenance level of 1¹ and the road is not designated as a bicycle trail. In addition, he provided the names and contact information for the campground hosts (Exhibit D.4).

ANALYSIS OF WHO WAS AT FAULT

(b)(6) On October 8, 2015, (b)(6), Civil Engineer conducted an inspection of the cattle guard (Exhibit F). According to his report, he did not notice any defects in the cattle guard. The cattle guard is at the entrance to the campground on a dirt road. At one time the road was paved, and there are patches of asphalt on the road. However, the asphalt has since disintegrated, so the road is no longer paved. The top grids on the cattle guard appear to have been built according to the New Mexico Department of Transportation standard drawings. The structural steel shapes, I-beam, C-beam, and tubular section are the same as in the standard drawings and the dimensions are close to the standards. However, the cattle guard has 3 I-beams and the standard plans call for 4 I-beams.

(b)(6) stated that he couldn't tell if the precast concrete foundation for the grids followed the standard New Mexico DOT plans, but the foundation is more than adequate to support the grids. In the New Mexico DOT standard drawings, the separate foundation sections have "key" sections that allow the foundation sections to be correctly fitted and bolted together. There is a small gap between the foundation sections, approximately half of the gap between the grid sections. The standard plans call for 2 different foundation

¹ Level 1: These are roads that have been placed in storage between intermittent uses. Roads receiving level 1 maintenance may be of any type, class, or construction standard, and may be managed at any other maintenance level during the time they are open for traffic. However, while being maintained at level 1, they are closed to vehicular traffic but may be available and suitable for non-motorized uses (FSH 7709.59.62.32.1).

section types: end sections and intermediate sections. The cattle guard appears to have been built from 3 intermediate sections rather than 2 end sections and 1 intermediate section.

The cattle guard is a 3-section cattle guard, each section 7 feet long in the direction of the width of the road. The cattle guard with the concrete foundation is 8' 4 1/2" in the direction of travel along the road. The grids are 7 feet along the width of the road and 6'11" in the direction of travel.

Figure 1 - Gap between beams

There are two gaps between the grids. The right hand gap as you enter the campground starts at 2 inches and widens to 2 1/4 inches at the campground end. The left hand gap is a constant 2 1/4 inches from end to end. The cattle guard is not perpendicular to the road, but at a slight angle. The ends of the gaps at the campground end are slightly to the left of the ends of the gaps at the other end.

Figure 2 - Cattle guard detail. Notice gap.

There are no "cattle guard ahead" warning signs at the cattle guard; however, there are four OM-3 markers² in place.

Figure 3 - Facing Campground

(b)(6) stated that the cattle guard has not been maintained in 10 to 15 years, possibly since it was installed. He further stated that there are no records showing when it was installed. However, he stated that the 1990 date on the object markers might be a good indication of the installation date.

The FS has no historical records or maintenance records regarding the cattle guard in question. There are no records to indicate that there have been any other incidents occurring as a result of the cattle guard in question.

(b)(6) We believe (b)(6) could have avoided the accident, if he had been familiar with the area and his surroundings prior to going on a bicycle ride. It has been determined that the road is not designated as a bicycle trail. Furthermore, any prudent rider would know that riding across a cattle guard could pose a dangerous condition. As with all recreational activities there is an inherent risk of injury.

ANALYSIS OF DAMAGES CLAIMED

(b)(6) According to the SF-95, (b)(6) is claiming \$100,000.00 for personal injuries to his head, face, neck, and cervical strain, and bruises. However, at this time, the exact extent of his alleged injuries is unknown. Furthermore, as of the date of this report, the claimant has not provided any medical records, or invoices to support his claim for injuries. In addition, we have not received any documentation to show that the FS was negligent in any way.

² OM-3 Object Markers (OM3) is used to warn road users of obstructions adjacent to or within the roadway.

REASON FOR ARGUING FOR OR AGAINST SETTLEMENT

Since this claim was filed under the Federal Tort Claims Act (FTCA) 28 U.S.C. 1346(b), 2401(b), and 2671-2680, the actions of the FS employees must be examined for any negligence or wrongful acts on their part in order to establish if there is liability on behalf of the FS. Under the FTCA, the United States is liable:

"for money damages for loss of the claimant's property, personal injury, or death is caused by the **negligent or wrongful act or omission** of any employee of the Government while the employee was acting within the scope of his/her office of employment."

All outdoor recreational activities on National Forest System lands, including activities at recreation sites, have inherent risks. Individuals engaging in outdoor recreational activities assume these inherent risks.

(b)(6) In [redacted] claim, he failed to state how the FS was responsible for his injuries. Our office requested supporting documentation to substantiate the claim from attorney Hart several times, and as of the date of this letter, they have failed to provide evidence to prove FS negligence and that the negligence was the proximate cause of the injury. In addition, they have failed to support the claim for personal injuries. Therefore, based on the lack of evidence and the failure to show any negligence or any wrongful acts or omission by the United States or its employees, this claim should be denied.

WHETHER THERE ARE ANY OTHER CLAIMS AGAINST THE GOVERNMENT OR THE GOVERNMENT HAS ANY CLAIMS AGAINST THE CLAIMANT

There are no other claims against the FS associated with this claim, nor does the FS anticipate any other claims. The FS has no claims against the claimants.

WHETHER THE CLAIMANT HAS FILED AGAINST ANY OTHER ENTITY

To our knowledge, the claimant has not filed any other claims with any other entities.

INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filed by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

- (a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.
- (b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.
- (c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.
- (d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

19. Do you carry public liability and property damage insurance? ☐ Yes If yes, give name and address of insurance carrier (Number, Street, City, State, and Zip Code). ☐ No

INSTRUCTIONS

Claims presented under the Federal Tort Claims Act should be submitted directly to the "appropriate Federal agency" whose employee(s) was involved in the incident. If the incident involves more than one claimant, each claimant should submit a separate claim form.

Complete all items - Insert the word NONE where applicable.

A CLAIM SHALL BE DEEMED TO HAVE BEEN PRESENTED WHEN A FEDERAL AGENCY RECEIVES FROM A CLAIMANT, HIS DULY AUTHORIZED AGENT, OR LEGAL REPRESENTATIVE, AN EXECUTED STANDARD FORM 95 OR OTHER WRITTEN NOTIFICATION OF AN INCIDENT, ACCOMPANIED BY A CLAIM FOR MONEY

Failure to completely execute this form or to supply the requested material within two years from the date the claim accrued may render your claim invalid. A claim is deemed presented when it is received by the appropriate agency, not when it is mailed.

If instruction is needed in completing this form, the agency listed in item #1 on the reverse side may be contacted. Complete regulations pertaining to claims asserted under the Federal Tort Claims Act can be found in Title 28, Code of Federal Regulations, Part 14. Many agencies have published supplementing regulations. If more than one agency is involved, please state each agency.

The claim may be filled by a duly authorized agent or other legal representative, provided evidence satisfactory to the Government is submitted with the claim establishing express authority to act for the claimant. A claim presented by an agent or legal representative must be presented in the name of the claimant. If the claim is signed by the agent or legal representative, it must show the title or legal capacity of the person signing and be accompanied by evidence of his/her authority to present a claim on behalf of the claimant as agent, executor, administrator, parent, guardian or other representative.

If claimant intends to file for both personal injury and property damage, the amount for each must be shown in item number 12 of this form.

DAMAGES IN A SUM CERTAIN FOR INJURY TO OR LOSS OF PROPERTY, PERSONAL INJURY, OR DEATH ALLEGED TO HAVE OCCURRED BY REASON OF THE INCIDENT. THE CLAIM MUST BE PRESENTED TO THE APPROPRIATE FEDERAL AGENCY WITHIN TWO YEARS AFTER THE CLAIM ACCRUES.

The amount claimed should be substantiated by competent evidence as follows:

(a) In support of the claim for personal injury or death, the claimant should submit a written report by the attending physician, showing the nature and extent of the injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization, or incapacitation, attaching itemized bills for medical, hospital, or burial expenses actually incurred.

(b) In support of claims for damage to property, which has been or can be economically repaired, the claimant should submit at least two itemized signed statements or estimates by reliable, disinterested concerns, or, if payment has been made, the itemized signed receipts evidencing payment.

(c) In support of claims for damage to property which is not economically repairable, or if the property is lost or destroyed, the claimant should submit statements as to the original cost of the property, the date of purchase, and the value of the property, both before and after the accident. Such statements should be by disinterested competent persons, preferably reputable dealers or officials familiar with the type of property damaged, or by two or more competitive bidders, and should be certified as being just and correct.

(d) Failure to specify a sum certain will render your claim invalid and may result in forfeiture of your rights.

PRIVACY ACT NOTICE

This Notice is provided in accordance with the Privacy Act, 5 U.S.C. 552a(e)(3), and concerns the information requested in the letter to which this Notice is attached.

Date of Incident: July 18, 2014

Dear Mr. Hart:

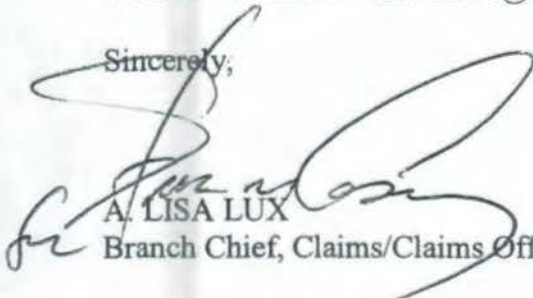

This letter acknowledges receipt of the claim submitted on behalf of your client for personal injuries sustained while visiting the El Porvenir campground located on the Pecos-Las Vegas Ranger District in the Santa Fe National Forest.

Claims asserting negligence on the part of the government fall under the Federal Tort Claims Act (FTCA), a law authorizing the government to compensate private citizens for personal injuries and property damage. The Act authorizes federal agencies to pay private citizens for these types of damages, if, the damages were caused by the negligence of federal employees while carrying out their government duties.

During our initial review of the claim, we were unable to locate documentation, signed by your client, designating your firm as legal representative. Please send this documentation to the attention of Loredia Brooks, at the address indicated on the letterhead.

Should you have further questions regarding this claim, contact Loredia Brooks at (505) 563-7192 or via email at lbrooks01@fs.fed.us.

Sincerely,

A. LISA LUX

Dear Ms. Rider:

I am in receipt of Lisa Lux's October 29, 2014 correspondence (copy enclosed for your quick reference). She asked that I forward our response to your attention. Please accept this letter as an update/supplement. I hope to address each of your numbered paragraphs in order:

1. I have completed blocks 3-7 of the SF-95 form (see attached).
2. I believe section 8 of the SF-95 form provides a detailed description of the incident; and section 9 provides the location. I have enclosed a photograph of the cattle guard in questions.
3. Medical records and bills for treatment will be requested and will be provided to your office upon receipt.
4. We do not have any witness statements.
5. There is no police report.
6. Photographs of the cattle guard and injuries are enclosed.
7. It is the claimant's understanding the roadway is approved for bicycle travel.

Thank you for your attention to this matter. I would appreciate your processing this letter with the form SF-95 enclosed.

CONTINGENT FEE AGREEMENT

This Agreement is made on 2.26.14, between (referred to as "the CLIENT") and Martinez, Hart & Thompson, P.C., 1801 Rio Grande NW, Albuquerque, New Mexico 87104, (505) 343-1776, (referred to as "ATTORNEY"). The CLIENT agrees that ATTORNEY will handle a claim for the CLIENT for claims arising from a bicycle accident occurring on July 18, 2014.

(b)(6)

The terms of the Agreement are:

1. **Scope of representation.** The CLIENT retains ATTORNEY to pursue all legal claims for the CLIENT'S damages now known or which may arise in the future, because of the above incident.
2. **Attorney's duties.** ATTORNEY will take the appropriate legal steps necessary to pursue the CLIENT'S claims, including investigation, preparation, and trial.
3. **Power to settle.** The CLIENT has the authority and right to decide whether to settle the CLIENT'S claims. Therefore, ATTORNEY will not to settle the CLIENT'S claims without the CLIENT'S consent, and CLIENT will not settle without consulting ATTORNEY.
4. **Contingent fee.** ATTORNEY is to handle the CLIENT'S claims on a contingency fee basis, which means that the legal fees will be a portion of the total recovery. This means that if there is no recovery for the CLIENT, then ATTORNEY will not charge any fee for legal services. However, the CLIENT will be responsible for all costs incurred, whether or not a recovery is obtained. (See paragraphs 7 and 8, below.)
5. **Contingent fee provisions.** As ATTORNEY'S contingent fee for legal services, the CLIENT agrees to pay ATTORNEY, out of any monies that may be recovered, the sum of twenty-five percent (25%) of the gross amount received by way of suit, compromise, settlement, or otherwise, plus New Mexico gross receipt tax.

CLIENT hereby authorizes ATTORNEY to retain the legal fees, tax, and costs out of any payment or payments that may be recovered.

The contingent fee covers the services of any and all lawyers associated with ATTORNEYS in pursuing the CLIENT'S claims.

6. **Appeals or re-trial.** This agreement does not cover the ATTORNEY-CLIENT relationship after trial, if an appeal or re-trial is necessary. If the case goes to trial, any appeals or retrials will be handled by a separate agreement, after determination of the basis for re-trial or appeal. The typical contingent fee paid to ATTORNEY for re-trial or appeal is forty percent (40%) of the gross amount recovered, plus tax and costs as set forth below.
7. **Costs.** Attorneys are prohibited by the Code of Professional Responsibility from acquiring a financial interest in the case. Therefore, it is specifically understood that the CLIENT will

RECEIVED

MAR 03 2015

MANAGEMENT

attempt in good faith reimburse ATTORNEY the amounts spent in the preparation and investigation of the case. Costs will be posted and presented on a monthly basis so CLIENT is aware of the balance. If any amount of the incurred costs remains unpaid at the time of settlement or judgment, those amounts will be withheld from any recovery and paid at that time, *in addition to* the contingent fee above.

A budget for the costs involved in handling the case will be discussed between the attorney and the CLIENT from time to time.

8. **Examples of costs.** Examples of typical costs which may be incurred in handling a personal injury case include but are not limited to the following:

- charges for medical records,
- postage,
- faxes,
- court filing fees,
- service of process and subpoenas,
- deposition and court reporter costs,
- witness fees, including expert witness fees,
- service charges of experts, including doctors, in preparation of evidence, and
- travel costs.

These cost examples are illustrations only and vary from case to case.

9. **Lien for legal fees and costs.** The CLIENT grants ATTORNEY a lien for ATTORNEY'S legal fees and for all costs advanced by ATTORNEY, as against the CLIENT'S claim and the proceeds from that claim.
10. **Case closing.** Upon completion of the claim or case ATTORNEY shall prepare a settlement statement showing an accounting of all proceeds for fees, taxes and expenses incurred, and the proceeds to the CLIENT shall be disbursed accordingly.

CERTIFIED MAIL -
RETURN RECEIPT REQUESTED

(b)(6) Re: Your Client: [redacted]

Dear Mr. Hart:

On October 29, 2014, our office sent you a letter stating that we will need the following documentation to support the claim for personal injuries your client [redacted] received while riding his bicycle in El Porvenir Campground. As of the date of this letter, we have not received any supporting documentation for your claimed amount. (b)(6)

As stated in our previous letter, as an agency, the Forest Service does not have authority to settle tort claims and is required to refer them to the USDA Office of the General Counsel (OGC) for determination. It is our responsibility to process claims for transmittal to the OGC. However, before we can do so in this case, we request that you submit the following documentation and/or information:

1. In support of the personal injury claim, please provide the following:
 - A written report by your client's attending physician setting forth the nature and extent of the injury, nature and extent of treatment, any degree of temporary or permanent disability, the prognosis, period of hospitalization, and any diminished earning capacity.
 - Itemized bills for medical, dental, and hospital expenses incurred, or itemized receipts of payment for such expenses.
 - If the prognosis reveals the necessity for future treatment, a statement of expected expenses for such treatment.
 - If the claim is made for loss of time from employment, a written statement from your client's employer showing actual time lost from employment, whether he is a full or part-time employee, and wages or salary actually lost.

- If the claim is made for loss of income and your client is self-employed, documentary evidence showing the amounts of earnings actually lost.
 - Amount of insurance paid or payable.
2. Any other evidence or information which may have a bearing on either the responsibility of the United States or the damages claimed.

Send the requested information to the attention of Charlene Rider at address listed above no later than June 11, 2015.

Once your additional information/documentation is received, your claim will be processed and transmitted to the OGC for review and determination. Be advised that the OGC cannot approve payment for claimed damages that are insufficiently documented.

If you have any questions, please contact Charlene Rider at (505) 563-7127 or via email charlenerider@fs.fed.us.

Sincerely,

Charlene, I've talked to our Safety Officer and the District Ranger, whose district the incident took place on, and we don't have any information related to the claim. Sorry for not being much help.

No I do not. Never heard of this individual or the incident in general. Since he is not a FS employee, this incident was not logged into SHIPS.

(b)(6)

We may want to investigate the cattle guard in question to be sure there was nothing structural that may have contributed to the incident (i.e. anything that may make the FS liable). From the email below, I can't determine if the

person was riding a bicycle or a motorcycle. I can see a motorcycle going across the cattle guard (if it were in good condition), but not a bicycle. I will be happy to investigate along with your folks. Let me know.

Good morning,

I have been assigned the above-mentioned claim against the government, filed by attorney F. Michael Hart on behalf of his client (b)(6). According to the claimant, on July 18, 2014, he was riding his bike on a FS road in El Porvenir Campground on the Santa Fe NF. As he crossed a cattle guard, his bike wheel fell into a space on the cattle guard and he flipped over the front of the bike. He allegedly sustained head, face, and neck injuries. In addition, he allegedly sustained a cervical strain and bruises. I have requested additional information regarding the incident (exact location) and supporting documentation regarding his injuries.

If you have any information regarding this incident, please forward it to my attention to the address listed below or email me at charlenerider@fs.fed.us. Is there a point of contact for the El Porvenir Campground? I will need a good point of contact in the event I need to gather some information regarding that area.

Please let me know if you have any questions.

Can you please give me a point of contact for someone who does inspections on the cattle guards? I need to know the following information:

- Who maintains the cattle guard at the El Porvenir Campground?
- Is the cattle guard free of structural defects?
- When was the last inspection done?
- Are there warning signs posted for the cattle guard?

In addition, I need to know whether there have been any other incidents reported regarding the cattle guard in question.

Thanks,
Charlene
